Abstract

Full Text

Corrections

In the article by Yu. D. Shmyglevsky, “A Variational Problem in the Gas Dynamics of Axisymmetric Supersonic Flows,” published in *DAN*, vol. 113, no. 3, 1957, the equation on p. 522, line 7 from the bottom, should read

$$\frac{dr}{d\psi} = -\frac{\omega'(a)\varphi(\psi)}{\sqrt{xr}} \sin(\vartheta - \alpha).$$

In the article by F. S. Klebanov, “On the Motion of Air through Mine Workings in the Presence of Worked-Out Spaces,” published in *DAN*, vol. 113, no. 4, 1957, formula (7) on p. 768 should read

$$2 \int_0^{\beta x} \frac{dx}{\sqrt[n]{r(x)}} = \int_0^x \frac{dx}{\sqrt[n]{r(x)}}. \quad (7)$$

Formula (8) should read

$$Q(x) = Q_0 + \frac{Q_0^2 m}{lr_0 a} \left(\frac{R}{a} \ln \frac{2}{1 + e^{-\alpha x}} + R_2 l \right) (1 - e^{-kx}). \quad (8)$$

Note: Figure translations are in progress. See original paper for figures.
