In the article by B. I. Bruk and G. I. Nikolaev, "On the Possibility of Using Tritium for a Radiographic Study of the Distribution of Hydrogen in Titanium and Zirconium," published in *DAN*, vol. 116, no. 1, 1957, on p. 78, in lines 16-17 from the bottom, instead of "tritiated water with a specific activity of 15 Cu/ml" one should read: "tritiated water with a specific activity of 15 mCu/ml."
