## CORRECTIONS

In the article by **L. G. Mikhailov**, “Investigation of One Type of Two-Dimensional Integral Equations,” published in DAN, vol. 119, no. 1, 1958:

On p. 29, line 7, where it is printed “the condition is satisfied,” it should read “the condition is met.”

On p. 29, line from the bottom, where it is printed: “**Theorem 6.** If  $K(z)$  is continuous at the point  $z = 0$ ,” it should read “**Theorem 6.** If  $K(z)$  is bounded at the point  $z = 0$ .”

In my article published in DAN, vol. 120, no. 2, 1958 (A. D. Lyashko, “On the Convergence of Galerkin-Type Methods” ), the equality  $\|\psi\| = 1$  should be postulated, and the norm for the space  $Y$  should be introduced as follows:  $\|y\| = \|x\|, y = Ax, x \in X$ .
