## Corrections

In my article (N. A. Kosareva, “On the disturbance of carbohydrate metabolism in carp fishes during invasions by *Ligula* and *Digramma*” ), published in DAN, vol. 139, no. 2, 1961, the caption to Fig. 1, instead of 0.1; 0.2; 0.3; 0.4; 0.05, should read: 0.4; 0.3; 0.2; 0.1; 0.05.

*N. A. Kosareva*

---

In the article by B. N. Stepanenko and O. G. Serdyuk, “Study of the kinetics of the acid hydrolysis of certain phenyl- and chlorophenyl glycosides,” published in DAN, vol. 139, no. 5, 1961, on p. 1133, in Table 3, column 3, fourth line from the bottom, instead of the printed  $(4.51 \pm 0.070) \cdot 10^{-3}$ , it should read  $(4.51 \pm 0.070) \cdot 10^{-2}$ .

---

In my article (M. M. Glukhov, “On a structure-theoretic theorem of the type of Grushko’ s theorem” ), published in DAN, vol. 138, no. 5, 1961, in the proof of the theorem on the minimal number of generating elements of a free product of substructures, the fact is used without justification that for every element  $u$  of the substructures there exist elements  $v_1$  and  $v_2$  such that  $v_1$  covers  $u$ , and  $u$  covers  $v_2$ . Therefore, the theorem may be regarded as proved only for the case in which the free factors of the structure do indeed possess the indicated property.

*M. M. Glukhov*
