CORRECTION

In my article (S. V. Simeonov, "On a process of successive approximations and its application to the solution of functional equations with nonlinear operators of monotone type"), published in *DAN*, vol. 138, no. 5, 1961, the following correction must be made: on p. 1034, line 16, where it is printed

$$\alpha = \frac{2}{\pm K - 2},$$

it should read

$$\alpha = \frac{1}{\pm K - 1}.$$
