CORRECTIONS

In my article (**E. V. Zolotareva**, "A necessary and sufficient condition for the Fredholm property of the Dirichlet problem for a certain class of elliptic systems"), published in *DAN*, vol. 145, no. 4, 1962, Theorem 2 was formulated incorrectly. This theorem is valid only for a special class of domains with analytic boundaries.

E. V. Zolotareva

In our article (**G. A. Kurkchi, A. V. Iogansen**, “On the gas-chromatographic determination of the solubility of gases and vapors in liquids”), published in *DAN*, vol. 145, no. 5, 1962, on p. 1085 formula (1) should read:

$$K = \frac{t'_g V_0 \rho}{W}.$$
