Abstract

Full Text

GENETICS

O. M. Gavrilova. Fertilization process in *Mirabilis jalapa* as dependent on pollen amount 1445

ECOLOGY

I. A. Neifeldt. The indian cuckoo (*Cuculus M. micropterus* Gould)—a nest parasite of *Lanius cristatus confusus* Stegm. 1447

BIOPHYSICS

I. A. Chalisov, L. B. Berlin. Restoration processes in the mucous membrane of the duodenum following to radiation injury 1451

BIOCHEMISTRY

N. D. Gabrielian, M. A. Novikova, G. L. Zhdanov. The capacity of uridindiphosphateglucose to take part in saccharose of the biosynthesis 1454

PLANT PHYSIOLOGY

G. I. Makhonina, P. I. Iushkov, M. J. Volkova, N. V. Timofeev-Resovskii. The distribution of Sr⁹⁰ and Ru¹⁰⁶ in the basal organs of the pine tree 1457

ZOOLOGY

E. A. Bogdanova. Division process in *Trichodina truttiae* Muller (Infusoria, Peritricha) 1459

PHYSIOLOGY

T. D. Dzhavrishvili. The electric activity of isolated neurons of the somatosensorial cortex 1463

EMBRYOLOGY

G. M. Ignatieva. A comparison of the dynamics of the invagination process of chordomesoderma material in embryos of *Acipenser chypa*, A. Gldenstaedtii and *Amblystoma* 1467

PARASITOLOGY

Iu. S. Balashov. Destruction of erythrocytes of vertebrates in the digestive tube of blood-sucking arthropods 1471

I. G. Skutar. A study of the development cycle of the cestoid *Raillietina* (Skrjabinia) fedjushini Skutar, 1963 —a parasite of domestic poultry . . . 1475

A. V. Uspenskaia. Hyaluronidase at different stages of the life cycle of *Ichthyophthirium multifiliis* 1477

CORRECTIONS

In the article by **E. V. Kukharskaya, Yu. I. Skorik, N. G. Boiko**, “Organic derivatives of kaolin,” published in *DAN*, vol. 148, no. 2, in the caption under Fig. 1 the line should read: *IV* –phenylmethyl derivative; standard –the initial kaolin.

In my note (**B. S. Pavlov**, “On the spectral theory of non-self-adjoint differential operators”), published in *DAN*, vol. 146, no. 6, 1962, an omission was made in a formula. On page 1267, line 15 from the bottom, it is printed:

$$\int_0^{\infty} |q(x)|x^{n+1} dx < \infty,$$

whereas it should be

$$C_n = \int_0^{\infty} |q(x)|x^{n+1} dx < \infty.$$

This inaccuracy was pointed out by **M. Gasymov** (*RZhMat.*, 1963, 4B 381).

B. Pavlov

In the article by **E. A. Volkov**, “On methods of refinements by differences of higher orders and h^2 -extrapolation,” published in *DAN*, vol. 150, no. 3, 1963, on p. 456, line 22, one should read:

Lemma 1. If $f \in C_{2m,\lambda}(\bar{R})^*$, $\nu_j \varphi_j \in C_{2m+2,\lambda}(\Gamma_j)$, $\bar{\nu}_j \psi_j \in C_{2m+1,\lambda}(\Gamma_j)$,

T-07990. Signed for printing 17/VIII-63. Print run 5265 copies. Order 2356. Paper format $70 \times 108 \frac{1}{16}$ inches. Printed sheets 21.92 + 5 inserts. Paper sheets 8. Publisher's sheets 23.8.

2nd printing house of the Publishing House of the Academy of Sciences of the USSR. Moscow, Shubinsky Lane, 10.
