CORRECTIONS

In my article (**E. V. Zolotareva**, “A Necessary and Sufficient Condition for the Fredholm Property of the Dirichlet Problem for a Certain Class of Elliptic Systems”), published in *DAN*, vol. 145, no. 4, 1962, Theorem 2 was formulated incorrectly. This theorem is valid only for a special class of domains with analytic boundaries.

E. V. Zolotareva

In our article (**G. A. Kurchi, A. V. Iogansen**, “On the Gas-Chromatographic Determination of the Solubility of Gases and Vapors in Liquids”), published in *DAN*, vol. 145, no. 5, 1962, on p. 1085 formula (1) should read:

$$K = \frac{t'_g V_0 \rho}{W}.$$
