G. I. Gorgiladze. A study of the mechanism of pair-wise work of the vestibular apparatus EMBRYOLOGY	488
V. N. Shalumovich. Certain histochemical peculiarities of oogenesis in the turtle	492

CORRECTIONS

In the article by **N. E. Tovmasyan**, "The Dirichlet Problem for an Elliptic System of Two Second-Order Differential Equations," published in *DAN*, vol. 153, no. 1, 1963, on p. 59, instead of equation (5) there should be

$$\frac{\partial}{\partial z} \left[\left(\frac{1' - z \partial \bar{u}}{4} \frac{\partial u}{\partial z} + \frac{\partial u}{\partial \bar{z}} \right) \beta \right] = 0.$$

In my article (**A. Yu. Levin**, "On Linear Differential Equations of the Second Order"), published in *DAN*, vol. 153, no. 6, 1963, both signs in inequalities (3) should be replaced by their opposites. The inequalities should read:

$$x_1(t) \ll C_1 \exp \left(\int_{t_0}^t \sqrt{q(s)} ds \right), \quad x_2(t) \ll C_2 \exp \left(- \int_{t_0}^t \sqrt{q(s)} ds \right).$$

A. Yu. Levin

T-10683. Signed for printing 29/VIII 1964. Print run 4990 copies. Order no. 930.

Paper format 70\$×\$108/16. Printed sheets 21.7 + 4 inserts. Paper sheets 7³/₄. Publishing-accounting sheets 22.0.

2nd printing house of the publishing house "Nauka," Moscow, Shubinsky Lane, 10.
