CORRECTION

In my article (**A. N. Tikhonov**, "On stable methods of summing Fourier series"), published in *DAN*, vol. 156, no. 2, 1964, in one of the terms of the formulas on p. 270, lines 9 and 12 from the bottom, instead of

$$|\bar{f}|_{L_2} [\alpha^{3/2}(1 + O(e^{-\eta/\sqrt{\alpha}}))]^{1/2}$$

there should be

$$|\bar{f}|_{L_2} \frac{1}{\sqrt{\alpha}} O(e^{-\eta/\sqrt{\alpha}}).$$
