Preamble

DIFFERENTIAL EQUATIONS, JULY 1965, VOLUME I, NO. 7

This section presents a bibliography of recent Soviet research in the field of differential equations and related mathematical methods, published in early 1965.

Gordeziani, D. G. "On the numerical solution of a quasilinear parabolic equation." *Soobshch. AN Gruz. SSR* [Communications of the Academy of Sciences of the Georgian SSR], 1965, No. 1, 37, pp. 3-10. (Summary in Georgian).

Gokhberg, I. Ts., and Feldman, I. A. "On the approximate solution of certain classes of linear equations." *DAN SSSR* [Doklady Akademii Nauk SSSR], 1965, No. 4, pp. 750-753.

Gredzhuk, I. F. "On a method for estimating the solution of the Cauchy problem for an n -th order linear differential equation." *DAN USSR* [Doklady Akademii Nauk Ukrainskoy SSR], 1965, No. 1, pp. 10-14.

Gribanov, Yu. I. "On the projection method for solving linear equations in Banach spaces." *Izv. vyssh. ucheb. zavedeniy. Matematika* [News of Higher Educational Institutions. Mathematics], 1965, No. 1, pp. 48-55.

Grudo, E. I. "On the analytical theory of systems of linear differential equations with an irregular singular point." *Differents. uravneniya* [Differential Equations], 1965, Vol. I, No. 3, pp. 318-326.

Grudo, E. I. "On a case of the Volterra integral equation." *Differents. uravneniya*, 1965, Vol. I, No. 2, pp. 214-218.

Daugavet, I. K. "On the method of moments for ordinary differential equations." *Sibir. matem. zh.* [Siberian Mathematical Journal], 1965, No. 1, pp. 70-85.

- Demidovich, B. P. “On a generalization of the Lyapunov stability criterion for regular systems.” *Matem. sb.* [Mathematical Collection], 1965, No. 3, pp. 344–353.
- Dzhavadov, M. G. “Asymptotics of the solution to a boundary value problem for a second-order elliptic equation in domains where one dimension is sufficiently small compared to others.” *DAN SSSR*, 1965, No. 3, pp. 507–510.
- Dzhavadov, M. G. “On the m -fold completeness of half of the eigenfunctions and associated functions of a $2n$ -th order ordinary differential operator.” *DAN SSSR*, 1965, No. 4, pp. 754–757.
- Dmitriev, V. I. “Diffraction of a plane electromagnetic field by cylindrical bodies located in layered media.” In *Vychislitel' nye metody i programmirovaniye* [Computational Methods and Programming], III. Moscow: Moscow University Press, 1965, pp. 307–316.
- Dobryakov, L. D., and Kantor, I. L. “On the solution of a system of inconsistent linear equations in the Chebyshev sense.” *Sibir. matem. zh.*, 1965, No. 1, pp. 238–240.
- Dubnov, V. L. “On the existence and uniqueness ‘in the large’ of the solution to the Hamilton–Jacobi equation.” *Vestn. Mosk. un-ta. Seriya I. Matem., mekhan.* [Bulletin of Moscow University. Series I. Mathematics, Mechanics], 1965, No. 2, pp. 3–9.
- Dyakonov, E. G. “On some iterative methods for solving systems of difference equations arising from the grid method for elliptic partial differential equations.” In *Vychislitel' nye metody i programmirovaniye*, III, Moscow University Press, 1965, pp. 191–222. (26 refs.)
- Dyakonov, E. G. “Second-order accurate difference schemes with a splitting operator for multidimensional parabolic equations with variable coefficients.” In *Vychislitel' nye metody i programmirovaniye*, III, Moscow University Press, 1965, pp. 163–190. (33 refs.)
- Erugin, A. N. “Analytical structure and basic properties of solutions to equations with algebraic right-hand sides in the case of a focus and generalizations.” *Differents. uravneniya*, 1965, Vol. 1, No. 3, pp. 303–312.
- Erugin, A. N. “Analytical structure of solutions to certain differential equations with a right-hand side that is non-periodic with respect to the argument.” *DAN BSSR* [Doklady Akademii Nauk BSSR], 1965, 9, No. 1, pp. 7–10.
- Zhautykov, O. A. “Countable systems of differential equations and their applications.” *Differents. uravneniya*, 1965, Vol. I, No. 2, pp. 162–170. (14 refs.)
- Zadiraka, K. V. “On a non-local integral manifold of an irregularly perturbed differential system.” *Ukr. matem. zh.* [Ukrainian Mathematical Journal], 1965, 17, No. 1.

- Ivanov, V. K. "The Cauchy problem for the Laplace equation in an infinite strip." *Differents. uravneniya*, 1965, Vol. I, No. 1.
- Ivanov, V. K. "On the existence of the fundamental function of a linear differential operator with constant coefficients under periodicity conditions." *Izv. vyssh. ucheb. zavedeniy. Matematika*, 1965, No. 1, pp. 62-67.
- Ivanov, E. A., and Ilyukevich, S. F. "Diffraction of a plane electromagnetic wave by two pairs of parallel coaxial cylinders." *Differents. uravneniya*, 1965, Vol. I, No. 1, pp. 117-130.
- Ivanov, E. A., and Ilyukevich, S. F. "On the diffraction of a plane electromagnetic wave by a grating of coaxial cylinders." *Differents. uravneniya*, 1965.
