## Correction

In my article (A. Igl'kov, “On Axisymmetric Flows with a Free Boundary” ), published in *DAN*, vol. 179, No. 4, 1968, the definition of the norm on p. 773, line 19, should read

$$\|\omega\|_\alpha = \|\omega\|_0 + \sup_{\tau_1 \neq \tau_2} \frac{|\omega(\tau_1) - \omega(\tau_2)|}{|\tau_1 - \tau_2|^\alpha}.$$

A. Igl'kov
