Jeff Sayers

Conformed Script: 10/10/18

EXT. WONDERLAND - BOOMER'S BELLY-FILLERY - DAY

SEVERAL CONSTRUCTION WONDER CHIMPS are adjusting the BOOMER'S BELL-FILLERY SIGN. June stands nearby with directs. The MASCOT and BUNKY stand behind her.

1 JUNE 1  
Little to the left. Even more left  
Lefter, left... Perfect! Now it's  
just right!

Construction Chimps adjust sign to the right.

1A JUNE (CONT'D) 1A  
Ah. Poor choice of words. Back to  
the left annnd done! C'mon on down!

1B WONDER CHIMPS (CONSTRUCTION) 1B  
Weeeee!

The Chimps all jump off. Most land in Boomer's arms. But one is impaled on Steve's quill. (It likes it.) Boomer looks at Steve, then at the Chimps in his arms.

2 BOOMER 2  
I caught more! I win!

Steve pulls out his quill with the impaled Chimp still on it, handing it to Boomer like a balloon.

2A STEVE 2A  
Might as well make it a shut out.  
You can keep the quill.

2B Boomer <gasps with joy> as he and Impaled Chimp high five. 2B

3 BUNKY 3  
(re: SIGN)  
You know, I had my doubts, but it  
was crooked. That looks much better.  
You really are on top of every  
detail in Wonderland, June.

4 JUNE 4  
Thanks, Bunky! It's my job to know  
everything in the park so I can  
maximize the wonder around here.

As the group admires the sign, MUFFIN TOP walks up with a TRAY OF SCONES offering it to everyone.

4A WONDER CHIMP (MUFFIN TOP) 4A  
No job's complete without a scone  
to eat.

9 STEVE 9  
Oh, I was about to do be sure the  
sign was hung to code, but safety  
can wait for scones.  
(w/ mouthful)  
Mmm. Yes. Safety always waits wait  
for sc--

<WHOOSH> CRASH LANDERS comes out of nowhere and <SLAMS> into  
the sign. The Belly-Fillery rocks. The sign does not.

10 WONDER CHIMP (CRASH LANDERS) 10  
Crash tested, Crash approved!

Crash's limbs and head shoot off like rocket/fireworks,  
spiraling off in all directions, leaving his torso on the  
roof.

11 STEVE 11  
Works for me.

June watches Muffin Top bring some scones to the Wonder  
Chimps, but Crash's torso rolls off the roof almost hitting  
Muffin Top's tray of scones. It barely misses... then Crash's  
body parts rocket back in to reattach to his torso (think  
Ironman suit) causing the tray of scones to fly everywhere.  
MOPPY BUCKETS immediately scoots in and sweeps them up.

12 WONDER CHIMP (MOPPY BUCKETS) 12  
Clean as a Wonder Whistle!  
<whistle>

June admires the Chimps working as <MUSIC> rings out through  
the park. The CHIMPAN-BAND begins to strut down the street.

5 JUNE 5  
It's the top of the hour already?  
You Wonder Chimps have been working  
really hard for a while now. You  
deserve a break.

Crash, Muffin, Moppy, Construction Chimps all look confused.

14 WONDER CHIMPS (CRASH, MOPPY, MUFFIN) 14  
Break?

The Band music stops and they look too.

WONDER CHIMP (CHIMPAN-BAND)  
Break?

15 JUNE 15  
Yeah. Take a break. Here, I'll take  
care of this mess.

25 JUNE 25  
...and it's still there. Moppy  
Buckets never waits this long to  
clean up a mess.

26 BUNKY 26  
Now that you mention it. There  
don't seem to be any Wonder Chimps  
around.

June and Bunky scan, there isn't a Wonder Chimp in sight.

EXT. WONDERLAND - MOON LAND - DAY

CLOSE ON PEANUT who looks like he's sleeping. PULL BACK to  
reveal he's hanging upside down like a bat from a LAMP POST.

27 JUNE 27  
Peanut! I've been looking all over  
for you.

28 PEANUT 28  
Weird. Did you try here?

29 JUNE 29  
I am now. Do you know where all the  
Wonder Chimps are? I haven't seen  
them since I sent them on break.

Peanut falls from the lamp and hits the ground. He pops up,  
eyes wide...

30 PEANUT 30  
Did you say... BREAK? June, you  
have no idea what you've done!  
You've made a HUGE mistake.

33 BUNKY 33  
What?! June make a mistake in  
Wonderland? No. Way.

35 PEANUT 35  
Way. Putting the Wonder Chimps on  
break is like taking them offline.  
I give each of them a specific task  
when I create them and without that  
task-- <GASPS>

36 JUNE 36  
What? What happens without that  
task?!

37 PEANUT 37  
I need to find them!... I'm coming  
my babies!

He rushes off. June and Bunky look confused.

38 BUNKY 38  
The Wonder Chimps can go offline?

39 JUNE 39  
I thought I knew everything about  
the Wonder Chimps. That can't be  
true... can it?  
(thinking better of it)  
Ya know what, can't worry about  
that right now. I gotta keep  
everything under control until  
Peanut brings back the Wonder  
Chimps. This is gonna be fine!

CUT TO:

EXT. WONDERLAND - ENTRANCE TOWN- DAY

Chaos. June, Bunky, Gus, Coop, Steve, Boomer and Greta stand  
by, gazing at long lines of grumpy, hungry WONDER SEEKERS.

40 JUNE 40  
Okay, gang, we know how things work  
around here so we gotta pick up the  
slack.

EXT. WONDERLAND - GRAND WONDER - DAY

Steve stands with a bullhorn. June notices a group of  
perturbed Wonder Seekers around him and rushes up.

40A STEVE 40A  
...Rule 16: prepare to listen to  
rule 17.

42 JUNE 42  
Steve, you're supposed to be  
loading the Wonder Seekers on the  
ride cars.

43 STEVE 43  
In the absence of our ride loading  
chimps, I thought I'd take the  
opportunity to give each rider a  
thorough safety briefing.  
(holding up bullhorn)  
(MORE)

Bunky's performance screeches to a horrible sounding halt.  
Gus <BURPS> up a half eaten GUITAR.

51 GUS 51  
(off Bunky's look)  
What? You're the one who picked out  
all these tasty wooden instruments.

EXT. WONDERLAND - BELLY FILLERY

51A We end the CUTS as June takes in the park with Bunky and ~~the~~  
mascots. It's even worse than before. Wonder Seekers <loudly  
grumble> and shake their fists, items litter the ground.

52 JUNE 52  
If we don't get this under  
control... we're going to have to  
shut down the park!

The mascots and Bunky all trade concerned looks. Then...

53 BOOMER 53  
I think we should shut it down now!  
The park is haunted...

Boomer points to a UPSIDE DOWN BOX OF POPCORN teetering  
around bumping into things.

54 GUS 54  
<yells!> GHOST POPCORN!

Gus jumps up into Boomer's arms. June raises a brow and lifts  
the box finding MORNING JOE (tiny Wonder Chimp).

55 JUNE 55  
Morning Joe?

56 WONDER CHIMP (MORNING JOE) 56  
Mornin', June.

Joe scampers behind a garbage can. June chases after him.

57 JUNE 57  
No! Wait!

But when she peeks behind the trash can he's gone.

58 JUNE (CONT'D) 58  
How'd he just... disappear?

She examines the can, noticing a DOOR on the back. It reads:

59 JUNE (CONT'D) 59  
"Breakroom"?

60 GUS 60  
Ooh! Is that where you break stuff?  
I wanna break ALL the stuff.

61 BUNKY 61  
No Gus! Breakrooms are WAY better  
than that! They have vending  
machines and water coolers and  
always smell like microwaved fish!  
(off June's look)  
What? I play chess with Mr. Russet  
in the teachers' breakroom to get  
out of catch ball.

62 BOOMER 62  
If you're telling me there's a  
vending machine in this trash can,  
I want in!

Boomer opens the door revealing a STAIRCASE leading down.  
June looks confused.

63 STEVE 63  
This structure hasn't been approved  
for subterranean tunneling.

64 BUNKY 64  
Where does it lead, June?

65 JUNE 65  
I... I don't know.

68 GRETA 68  
Let's find out where it goes!

Greta-- who's standing next to Steve-- takes him by the hand  
and charges down the stairs. The rest follow besides Boomer,  
who is clearly too big to fit. He examines the door.

69 BOOMER 69  
Uh. Guys...

The gangs arms come back out of the door and they start to  
<pull/squeeze> Boomer in...

INT./EXT. BREAKROOM - DOCK - CONTINUOUS

A LONE TRASHCAN stands on a DOCK. The door on the trashcan  
pops open and the group all <tumbles> out in a pile.

70 BOOMER 70  
Where's the vending machine?

He stand and they all look around to see...

70A BOOMER (CONT'D) 70A  
Wooooaaah.

The dock is on a PINK RIVER. A LARGE BANANA BOAT (reused coaster car from the park) floats at the end of the dock.

72 WONDER CHIMP (MORNING JOE) 72  
Mornin', June...

They see Joe floating away down the river in a COFFEE CUP. He disappears into a COLORFUL FOG.

73 GRETA 73  
C'mon! Let's find out where that Cup of Joe is going!

Everyone begins to pile into the banana boat, but June hesitates, staring out in concern. Boomer notices.

74 BOOMER 74  
You alright, June?

75 JUNE 75  
How could I not know something like this is in Wonderland? I thought I created everything here.

76 BOOMER 76  
Well, you created Wonderland, but It's kinda taken on a life of its own. <licks the water> And it's pretty splen-delicious.

June gazes off at the magical/mysterious river ahead.

Boomer reaches out a hand to help June board the boat. She hesitates, looks at her friends on board, smiles, and joins them. The boat floats off into the fog...

INT./EXT. BREAKROOM - DOWN RIVER

Still in the fog, they pass Wonder Chimps lounging on stray RUBBER DUCKIE RIDE FLOATS like it's a lazy river.

77 GUS 77  
Wow! They're just straight up chillin'.

78                                   WONDER CHIMPS                                   78  
                                  (raising heads, looking at Gus)  
                                  Break. Break. Break.

79                                   COOPERTINA                                   79  
                                  Those Chimps certainly know how to...  
  
They emerge from the fog to see..

80                                   WONDER CHIMPS                                   80  
                                  BREAK! BREAK! BREAK!

Wonder Chimps partying all over the place: bouncing on Duckie Floats; racing in FLUME RIDE BOATS.

The SHORES are lined with PROPS FROM ALL OVER THE PARK. There's CUSTODIAL JUNGLE with MOPS as trees. Moppy Buckets and several CUSTODIAL CHIMPS are using their MOP BUCKETS to build elaborate SAND CASTLES. Wonder Chimps roll one another into a stack of trashcans.

81                                   BUNKY & MASCOTS                                   81  
                                  <awe walla>

BANANA CHIMPS shoot OUT OF CANNON toward a PYRAMID of BANANA CHIMPS. The pyramid topples in a huge <squeak>.

82                                   JUNE   82  
                                  This is amazing. They have stuff  
                                  from all over the park down here.  
                                  But how did it get here?

They pass a wide row of coaster tracks with several different types of RIDE CARS (Kiddie Pillar, Creep Car, Grand Wonder, Space Blaster, etc.) lined up at a "startling line". They are all full of Chimps. A STARTER CHIMP farts CONFETTI and they all race down the coaster track drop.

83                                   BOOMER   83  
                                  Stop worrying about the *how* and  
                                  just be filled with *wonder*...

A SCHOOL OF FLYING FISH CAROUSEL FISH leap out of the water beside the banana boat. Crash Landers speeds by on a Flying Fish like he's on a jet ski SPRAYING them with water.

84                                   WONDER CHIMP (CRASH LANDERS)                                   84  
                                  No one breaks harder than Crash  
                                  Landers!

Crash Landers' HEAD rockets off as a FIREWORK exploding above...

88C JUNE 88C  
We gotta stick together until we  
figure this out. OK, guys? (beat)  
Guys?

June looks around to see...

BOOMER - laying on the ground, getting a <slappy> massage  
from TWO ALIEN DINO CHIMP who are using their TENTACLES.

88D BOOMER 88D  
Ohh yeah. Boomer's on break.

WONDER CHIMPS - with extra limbs attached to them run by like  
streakers.

88E WONDER CHIMPS 88E  
Break! Break! Break! Break! Break!

Coop and Gus follow with Chimp body parts attached to them.

88F GUS 88F  
We're breaking so hard right now!

88G COOPERTINA 88G  
Woohoo!

88H A Wonder Chimp head rolls after them <weeeee>. 88H

BUNKY - jumps into the jello mold with the Chimpan-band.

88I BUNKY 88I  
Woohooo! Yeah!

FLOATS MCGOATS - bounces around on a GIANT BALLOON.

GRETA - has Crash in her mouth spinning around (think shot  
put) launching him into a target covered in Wonder Chimps and  
hits the bullseye.

88J GRETA 88J  
<snort> Booyah!

June looks around, eyes wide with wonder.

88K STEVE 88K  
June. Focus. The park is a mess. We  
need to get the Wonder Chimps back  
up--

A <DJ AIRHORN> O.S. causes June to look towards...

Peanut -- in HUGE SUNGLASSES, a GOLD CHAIN with a LARGE DIAMOND "P", a DUMB HAT, and STUNT ABS -- is carried out on BUMBLE BEE RIDE CAR like it's a throne.

His processional parades by June and Steve.

98 JUNE 98  
Peanut! Are you...?

Peanut halts the Wonder Chimps carrying him.

101 PEANUT 101  
Yes June...

Peanut lifts his sunglasses revealing he's wearing SPRINGY EYEBALL GLASSES beneath them. As the eyeball <boing> out:

101A PEANUT (CONT'D) 101A  
I'm on break too!

Peanut holds up DJ Chimp doing the <AIRHORN>.

101B STEVE 101B  
June, we have to stop this madness!  
June?

Steve looks around seeing...

June is in the Bumble Bee Car partying with Peanut.

101C JUNE 101C  
(a la "Spring Break")  
Woohoo!

101D STEVE 101D  
What?

She has DJ Chimp now. Every time Steve speaks, June does the <airhorn>.

101E STEVE (CONT'D) 101E  
JUNE! June. <airhorn> WHAT ARE YOU--  
<airhorn> WE NEED TO <AIRHORN> EH--  
<AIRHORN> BU-- <AIRHORN> THA--

The last time Steve is cut off by a <SQUEAK> from the giant balloon as Floats opens the LIP of the balloon, spraying the air in Steve's face.

101F Gus and Coopertina runs by. Gus wears a Wonder Chimp head ~~off~~  
his own. Both are yelling <party screams>.

Steve loses it yelling very quickly:

101G STEVE (CONT'D) 101G  
 WE-NEED-TO-GET-THE-WONDER-CHIMPS-  
 BACK-TO-THE-PARK!!!

<NEEDLE SCRACH!> The party stops. Everyone turns to June.  
 Beat. Then:

101H JUNE 101H  
 <gasp> You're right! Let's take  
 this party to Wonderland! WATER  
 PARADE!

<Airhorn>. The Chimps lift Steve and carrying him...

101I STEVE 101I  
 I would protest... if I weren't  
 enjoying this so much. I've  
 officially been infected with fun!  
 <party yell>

...as June and the mascots hop back on the boat, partying  
 back up the river. They are followed by more boats full of  
 partying Wonder Chimps. As well as the Chimpan-band float,  
 but only the head (filled with the band members) is above  
 water. There's also a DJ float for the DJ and Mood Lightning.  
 Floats floats on his giant balloon.

EXT. WONDERLAND - ENTRANCE TOWN - CONTINUOUS

The parade, led by June and the mascots, exits the BREAKROOM  
 GARBAGE CAN. The Wonder Chimps look like they want to  
 continue to party and <cheer> until they see...

SHOTS OF THE PARK IN DISARRAY:

- THE CRYING CHILD
- TRASH EVERYWHERE
- BALLOONS FLY AWAY

101J The Chimps all react immediately, snapping out of their party  
 trance! (And <dropping Steve>.) They happily rush back to  
 complete their intended tasks:

WONDER CHIMPS (ALL)  
 Back to work! Back to work!

WONDER CHIMP - hands the crying child ice cream

101K WONDER CHIMP 101K  
 We all scream for ice cream!
