EXT. WONDERLAND - BELLY FILLERY - DAY

A LONG LINE extends from the Belly Fillery. JUNE rides up on the CHIMPAN-BAND FLOAT as it careens down the street, playing <FAST MUSIC>. PEDDLES frantically pumps his legs to keep up. *

1 JUNE 1
Look out, people! Chimpan-band
playing in triple-time today to
keep up with the crowds!
(jumping off float)
Thanks for the lift, Peddles! *

She waves to Peddles who looks back to wave, causing him to swerve and collide with FLOATS MCGOATS. BALLOONS fly everywhere. June <winces> as Dev runs up to her. *

2 DEV 2
June! Can I get a quote from you
and the mascots for my Koaster
Kids' Park Chatter? Wonderland's
trending - big time. *

3 JUNE 3
Isn't it great?! We've never been
so busy. Why don't you join Greta
and me for Pie Time-- *

GRETA races by on her JETPACK. *

4 GRETA 4
No time for pie, June! Had to add
more stunt shows to the sched- *

Greta turns to keep on her way and plows <SMACK> into STEVE. He picks himself up as she <ZOOMS> away. *

5 STEVE 5
These crowds are responsible for a
major spike in hog-based collisions! *

6 JUNE 6
Steve, wanna join us for Pie Time? *

7 STEVE 7
Yes. *

June smiles... when they hear Greta <CRASH> O.S. *

8 STEVE (CONT'D) 8
But I cannot. Too much chaos today! *

Steve slaps BEE-DOO on his head and runs off as Bee-Doo <BEE-DOOS>. June looks disappointed. *

9	JUNE	9	*
	Huh. I'm sure Boomer can take a break and join us. He ALWAYS has time for Pie Time.		*
			*
			*
Suddenly BOOMER appears from the Fillery and hangs a SIGN: "OUT OF PIES". The disappointed line quickly disperses.			
10	JUNE (CONT'D)	10	
	Out of pies?!		*
11	BOOMER	11	
	And time! Can't make 'em fast enough! Cleaned out my backup stash. And my backup-backup stash. And all of their 'staches.		*
			*
			*
			*
He gestures to THREE BRO CHIMPS, who remove their MUSTACHES and hand them to confused KIDS in line. Boomer perks up.			
12	BOOMER (CONT'D)	12	
	Ooh! Just remembered another stash!		*
Boomer opens a SEWER LID and disappears inside.			
13	JUNE	13	
	Man the mascots never have time to hang out anymore! I love that Wonderland's so popular, but I what's the point when I can't hang with my buds!		*
			*
			*
			*
			*
Dev <CLEARS HIS THROAT> and motions to June.			
14	JUNE (CONT'D)	14	*
	Oh, you're my bud too Dev.		*
15	DEV	15	
	No, June. Adorable. But that's not what I meant. Step into my office.		*
			*
16	JUNE	16	
	Your wha-- OK.		
Dev leads her to a BENCH.			
17	DEV	17	
	If you wanna keep up with demand AND have time with your "buds", you gotta evolve. I mean, you can't solve every problem with Wonder Chimps.		*
			*
Just then Boomer peeks up out of the sewer with a HUGE STACK OF PIES...			
			*
			*

18 BOOMER 18 *

I got more pie! It's Pie-- *

...right as the ChimpanBand swerves back through the street, *

<SMASHING> all the pies as a bunch of Chimps FALL OFF. The *

fallen Chimps chase after the speeding vehicle, hanging on, *

dragging behind, bouncing/<squeaking>.

June looks at pie-covered Boomer, poking out of the sewer... *

19 BOOMER (CONT'D) 19 *

...Time... *

He slowly lowers back down. *

20 JUNE 20

OK you might have a point. But what

can I do?

21 DEV 21 *

(shoving phone in June's face) *

I'm so glad you asked. *

22 JUNE 22

"Theme Park Depot?"

23 DEV 23

Yeah!

(singing jingle)

If you have a theme park and need

stuff... we got it! Ding!

They just started carrying the

newest trend in modern park

technology, aka ROBOT WORKERS. Aka: *

The Future... *

ON PHONE - a FLYING ORB WITH RETRACTABLE ARMS (a BOT) waves.

24 JUNE 24

I dunno...

25 GUS (O.S.) 25

TIMBER!

The bench they're sitting on suddenly COLLAPSES. GUS and COOP

emerge from below holding CHEWED PIECES OF WOOD.

26 COOP 26 *

Sorry! So busy, we didn't have time *

to order more wood to repair the *

Chimpan-Viking ride.

27 JUNE 27

But now you gotta fix this bench too!

28 GUS 28

Eh! That's a Thursnesday problem.
(whispers too loudly too Coop)
That's not a real day. We're never
gonna fix that bench.

They <giggle>/tail five before scampering off with the wood. *

```

29                                JUNE                                29
    Ugh. At this rate, I'll never hang          *
    out with any of them. Guess                  *
    Wonderland could use a little help--         *

```

30 DEV 30 *

Glad you said so, June. Because I
already placed an order...

EXT. WOODS - PORTAL - MOMENTS LATER

A confused POSTAL WORKER with a LARGE BOX stands with his back to the portal (while <whistling the Theme Park Depot jingle>). Dev pops out of the portal (unseen by the Worker).

```

31                                DEV                                31
    Thanks! Keep the change!                                     *
```

Dev grabs the package from the <startled> Worker, flips [him](#) a *
NICKEL and disappears back through the portal before the *
Worker turns. The Worker finds [himself](#) staring at a SQUIRREL. *
Beat. The squirrel takes [s](#) the nickel and scampers off. *

EXT. ENTRANCE TOWN - MOMENTS LATER

Dev slams down the box in front of June and opens it. *

```

32                                DEV                                32
                                We gots bots!

```

A BIG WHITE ORB (MOTHER BOT) rises out of the box, hovering. *

33 DEV (CONT'D) 33
Meet: Mother Bot. She makes and
powers all the bots. *

Mother Bot begins to glow and a hole dilates open. SMALLER BOTS (orbs with arms - like on Dev's screen) are released.

34 JUNE 34
Heh! They come out of her Mother
Butt.

The Bots fly away in all directions through the park.

```

35                                DEV                                35
                                These babies come pre-programmed so
                                all's we gotta do now is kick back
                                and let them do their thing.
                                Welcome to... The Future!
                                *
```

June stares at Mother Bot glowing like the Eye of Sauron. *

EXT. WONDERLAND - HAPPY HAPPY ACRES - MOMENTS LATER

June and Dev walk past the Kiddie Pillar - a Bot edges a RIDE LOADING CHIMP aside so it can load riders into the cars, using mechanical arms to load many at a time.

36 DEV 36
Check it out. Kiddie Pillar's
loading faster than ever.

Other Bots work the game tents (as the GAME CHIMPS stand idly by), quickly re-stacking bottles, etc. One Bot catches a rogue dart in the air after a Wonder Seeker mis-aims.

37 DEV (CONT'D) 37
Games running easy as you pleasey.

A Wonder Seeker spills her POPCORN. MOPPY BUCKETS eagerly races over to clean it up, but a BOT swoops in first and <VACUUMS> the mess away before Moppy even gets there. Moppy hangs his head in disappointment.

[illegible]

39 JUNE 39

But the Bots are doing everything. I just wanted to ease the workload, not put everyone out of a job! The mascots aren't gonna like this.

```

40                                BOOMER (PRE-LAP)                                40
                                I don't like this...

```

EXT. WONDERLAND - ENTRANCE TOWN - DAY

REVEAL Boomer smiling big, standing at the park entrance.

```

41                                BOOMER                                41
                                I LOVE this!

```

42 JUNE 42
But Boomer, I thought you liked
being the park's Greeter Bear.

43 BOOMER 43
There's only one me, and so many
guests to greet. These new guys can
personally greet everyone! *

At that moment, a FAMILY approaches. Instantly, FIVE BOTS
zoom over, one for each person. They speak in unison:

44 BOTS 44
Welcome to... *Wonderland.* *

45 DEV 45
See? Boomer gets it. Up high!

Boomer smiles and put up his hand... way out of reach for
Dev. As Dev repeatedly leaps to try to give Boomer five. *

46 JUNE 46 *
Well, looks like Boomer can hang. *

STEVE races up in his cart, BEE-DOO (SIREN CHIMP) <BLARING>. *

47 JUNE (CONT'D) 47
But, Steve's definitely not happy
about the Bots. Look at his face. *

Steve has an awkward look on his face.

48 STEVE 48
Actually June, this is my leisure
smile. You've just never seen me
this relaxed.

49 JUNE 49
Relaxed? You? *Steve?* You?

50 STEVE 50
I'm a new porcu-man! Old Steve would
be pulling his quills out about that
unattended Wonder Gulp... *

Steve points to a WONDER GULP on the edge of a table. Just as
it starts to tip off the side a Bot flies in and catches it.

51 BOT 51
Threat detected.

52 STEVE 52
These flying Bots have completely
revolutionized park safety. (giddy)
Plus they're sticklers for rules! *

53 JUNE 53
So... you're happy they're here?

54 STEVE 54
June, if I were any happier my face
would look like this...

Steve makes an even more awkward face. It's uncomfortable.

55 JUNE 55
Please never do that again.

56 DEV 56
Looks like another satisfied
customer.

57 JUNE 57 *
I guess so. You guys wanna go-- *

The sound of <APPLAUSE> is heard in the distance.

58 JUNE (CONT'D) 58
Hold that thought. That's Greta's
stunt show! She does not like
sharing the spotlight... *

EXT. GRETA'S STUNT BARN - MOMENTS LATER

June, Dev, Boomer and Steve show up just as the Stunt Show is *
starting. The barn's UPPER WINDOW opens, revealing a Bot.

The Bot HOPS out, RICOCHETING around from surface to surface
(think Harlem Globetrotters but with no Globetrotters) -
finally sinking perfectly through a LARGE HOOP.

The crowd <CHEERS LOUDLY>!

59 JUNE 59
That Bot's stealing Greta's
thunder! Ooh, she's gonna be--

60 GRETA 60
<WHOOOOOOOOOO!> Alright! YEAH!

REVEAL Greta in the audience, cheering louder than anyone.

61 JUNE 61
Greta? You're... not mad?

62 GRETA 62
Mad? You have any idea how long it's
been since I've watched a stunt show? *
With you guys! *
(signals O.S.)
<ROWDY SCREAM> Is that a banana
cannon?! Over here! ME! ME!

A BOT on the sidelines loads a BANANA CHIMP into a BANANA CANNON and <FIRES>. Greta holds up her hooves to catch... but is BLASTED O.S. with a <YELP!>

63	GUS & COOP (O.S.)	63	
	<SNICKERS>		
	June looks, <i>excited to see</i> Gus and Coop in the audience too.		*
64	JUNE	64	
	Hey! <i>You guys are here too!</i>		*
65	COOP	65	
	Soon as the Bots took over our ride repairs, suddenly Gus and I found ourselves with some spare time.		
66	GUS	66	
	And spare time means...		
67	JUNE	67	*
	<i>Hanging with me?!</i>		*
68	COOP	68	*
	<i>Uh yeah... but also...</i>		*
69	COOP & GUS	69	
	PRANK TIME!		
70	COOP	70	
	(holding up SCREWDRIVER)		
	Starting with super-charging that banana cannon.		
	Someone else nearby gets <BLASTED> away by the cannon.		
71	GUS	71	
	<LAUGHS> Thanks for the Bots June!		
72	JUNE	72	*
	<i>Look at this! We're all here together! We're just missing--</i>		*
	<i>REVEAL - PEANUT next to them, arm around a Bot.</i>		*
73	PEANUT (PRE-LAP O.S.)	73	*
	Oh! Uh, hello. Wasn't expecting to see you here. This is awkward. Guess it would be MORE awkward if I didn't introduce you to my new, very-best-in-the-world friend.		*
74	BOT	74	
	Have a nice day.		

9.

75 PEANUT 75
See? He wants me to have a nice day.
And he's so shiny, when I look at
him I just see my own reflection!

Peanut waves at his reflection in the Bot's finish.

76	PEANUT (CONT'D)	76
	Hello gorgeous!	
	(to others)	
	It's a very healthy relationship.	

77 JUNE 77
Dev! I gotta say, I had my doubts,
but these bots are great!

78 DEV 78
I don't want to say it, but I told-

JUNE

Don't gloat, Dev. Anyway, know what
the best part is? With the Bots
covering for us, for the first time
in forever, we can all go on a ride
together!

The mascots <CHEER>...!

EXT. SWOOSH BUCKLER - LATER

<...CHEERS CONTINUES> as they ride the Swoosh Buckler.

```
80             DEV                                     80
              <HAPPY YELL> I told you so!
```

81 JUNE 81
Let's keep this ride party going to
the Chimpan-Viking Village Pillage!

INT. CHIMPAN-VIKING VILLAGE PILLAGE - LATER

The gang boards the VIKING SHIP.

```
82                                JUNE                                82
Two group rides in a row! Now that
we got the time, let's enjoy this
nice leisurely-- <OOF>
```

The ship LURCHES forward, moving very fast.

JUNE (CONT'D)

83 Whoa! Right down to it. OK.

83

84 COOP 84
This ship is haulin' stern.

They look back to see Bots pushing the boat along.

85 STEVE 85
Ooh, fun fact! If you look close at
those rocks, you'll see a hidden
Wonder Chimp carving. Here it comes-
(as they pass quickly by)
--goes... Ah blimey.

The CHIMPAN-VIKINGS in the ride stop their FISH-SLAPPING to
watch the ship whiz by, confused.

86 GRETA 86 *
Whatever! The faster the ride, the *
faster we get to the next one-- *

The ship <SLAMS> to a stop already at the end of the ride.

87 BOOMER 87 *
Or the faster we get to...

INT. BELLY FILLERY - LATER

TIGHT ON JUNE AND BOOMER EXCITED *

88 JUNE & BOOMER 88 *
PIE TIME! *

The gang steps to the counter. A Bot hovers at the register. *

89 GUS 89
All this not working sure has made
me hungry! One pie please. Extra sap-

The Bot shoots out a PIE to Gus.

90 GUS (CONT'D) 90
Hey what about the sap?

91 BOT 91
(pushing Gus out of way)
Have a nice day.

92 BOOMER 92
Ooh! So this is what it's like on
this side of the counter! Hello Mr.
Bot. I'll take a... maybe a...
hmm... can you tell me the specials-

The Bot shoots out another PIE to Boomer.

93 BOT 93
Have a nice day.

94 BOOMER 94
Wow, it took my order before I even
ordered! I wonder what I ordered!
(<chews>, face drops)
I'd like to change my order.

The Bot just shoots pies out to everyone in line.

95 DEV 95
Check those golden crusts! *
Perfectly round! Bots FTW! *

96 COOP 96
(chewing hers)
FTW?! More like WTF: Where's The *
Flavor?! Boomer always makes mine *
with wood chips!

97 STEVE 97
And he knows I prefer mine on the
crispier side.

98 JUNE 98
And he always serves mine ala mode.

99 PEANUT 99
And he throws mine right in my face. *
(beat) Just the way I like it. *

100 JUNE 100
Wait, where's Greta?

They look - Greta's been detained at the door by another Bot
pointing to a SIGN that reads:

101 BOT 101
"NO SHIRT, NO SHOES, NO PIE."

102 GRETA 102
You can't expect me to cover up all
this! That would be the crime!

103 STEVE 103 *
Mere misunderstanding about the
rules. Allow me.
(to Bot; speaking loudly)
THE RULE DOESN'T APPLY TO US
MASCOTS. NONE OF US WEAR CLOTHES.

The Bot turns, taking in all the (unclothed) mascots.

104 BOT 104
Additional nudity detected.

<YOINK!> The Bot springs numerous mechanical arms and grabs everyone in the group at once! It throws them...

EXT. BELLY FILLERY - CONTINUOUS

...to the sidewalk. As they pick themselves up:

105 DEV 105
OK OK a couple minor hiccups to say
boo to. But let's not forget all
the good the Bots are doing.

A WONDER SEEKER approaches a nearby greeter Bot.

106 WONDER SEEKER 106
Can you tell me how to get to the
Flying Fish-- <AHHHHHhhhhh>

The Bot HURLS the guest toward the Flying Fish Carousel.

107 WONDER SEEKER (O.S.) (CONT'D) 107
Rude.

June scowls and looks around:

- FLOATS MCGOATS hands a kid a BALLOON ANIMAL. A bot pops it.
The kid <cries>.

108 BOT 108
Unauthorized balloon shape detected.

- FORTUNE TELLING MACHINE - SHMENDRIK is about to give a fortune when a BOT wraps the machine in CAUTION TAPE.

109 BOT (CONT'D) 109
Sorcery detected.

- Another Wonder Seeker rushes out of FUN BATHROOM (as if pushed), looking back angrily.

110 WONDER SEEKER #2 110
I can wipe myself!

111 JUNE 111
That's it! These Bots were supposed
to give us more time to hang out at
the park, not ruin it! *

112 MASCOTS (MINUS PEANUT) 112
<agreement walla> *

113 JUNE 113 *
Dev, how do we shut them down? *

114 DEV 114
Uh, duh. You shut down the Mother *
Bot. But you don't wanna... *

June and the mascots look towards the Mother Bot which glows ominously back at them. They head for it, but Dev stays back.

115 DEV (CONT'D) 115
Wait! Let's not get crazy, June. *
June - these are NON-REFUNDABLE!

Ignoring him, June and co. reach the Mother Bot but--

A swarm of Bots <ZOOMS> right in their way, guarding Mother. Their lights now GLOW RED.

116 BOTS 116
Threat detected. Protect Mother.

All the Bots around Entrance Town stop what they're doing and turn to June and the mascots. They all GLOW RED.

117 BOOMER 117
(whispering)
They're all looking at me. Do I
have something on my face?

The Bots swarm in, grabbing hold of the group!

118 BOTS 118
Threat detected. Remove threat.

Dev (still apart from others) watches wide-eyed. He takes off in the other direction as the Bots "herd" the others to the gate, PUSHING THEM TOWARDS THE PORTAL!

June <squirms> away from the Bot holding her, but it just sprouts more arms to <grab> her.

119 JUNE 119
They're trying to <STRUGGLE> boot *
us out of the park! *

Another Bot holds up Steve by the quills. Steve PLUCKS out those quills, freeing himself!-- But the Bot grabs his foot.

120 STEVE 120
<EFFORT> Those obstinate orbs will
never let us back inside again!

Greta DROP KICKS her Bot - but it just BOUNCES off a wall
right back at her, holding her tight!

121	GRETA	121
	<SNORT> Remind me why we ever thought Bots were a good idea?	

Peanut's Bot grabs Peanut with two arms, trapping him in a hug.

```

122                                PEANUT                                122
                                <GASP> Are you... taking our very-
                                best-in-the-world friendship to the
                                next level?
                                (hugging bot back)
                                I do!

```

BACK ON DEV - hiding behind a KIOSK, watching this unfold
with the PEDDLER WONDER CHIMP.

123	DEV	123
	<GULP> WA-WA-What have I done?!	
	"Bots are the future" I said. "I	
	told you so" I said. "You can't	
	solve every problem with..."	

He looks down at the Peddler Chimp. Dev lights up.

```

124                DEV (CONT'D)                                124
                Wonder Chimps! That's it!

```

A FLY lands on the Peddler's eye.

125 DEV (CONT'D) 125
Well, maybe not you.

AT THE PORTAL ENTRANCE - the Bots have our gang surrounded pushing them towards the portal. Boomer uses his size to shield the gang.

126 BOOMER 126
If you want my friends you're gonna
have to...

The Bots swarm him. Boomer starts <giggling> and falls over.

127 BOOMER (CONT'D) 127
...do this! Exactly this! <cracking
up>

The Bots close in more when...

An <AIRHORN> rings out! The ground <RUMBLES> as...

AN ARMY OF WONDER CHIMPS to the rescue! As they crest over the horizon, we see the cavalry is lead by... Dev, riding atop the CHIMPTOPUS!

```
128                                DEV                                128
    Turns out, you CAN solve every
    problem with Wonder Chimps!
```

129 JUNE 129
 (confidence renewed)
 LET'S KICK SOME BOTS!

The Wonder Chimps CHARGE! An epic Wonder Chimps vs. Bots battle ensues!

- STILTS karate <KICKS> Bots with his long legs.
- BUTTLER <FARTS> CONFETTI everywhere, disorienting the Bots.
- FLOATS drops WATER BALLOONS on Bots from above.
- DROPPY BEATS <AIRHORNS> a Bot from behind, causing its screen to CRACK.
- PEDDLER CHIMP releases a SWARM OF FLIES from his eye and takes a Bot down. Dev runs by giving him a finger point:

```

130             DEV                                     130
            My bad! Underestimated you, buddy!
```

- A group of BRO CHIMPS <SPIKE> a Bot around to one another like a volleyball.
- CHIMPTOPUS climbs a building and grabs Bots out of the air with his tentacles, a la King Kong.
- Moppy spins his mop like a bo staff, locked in combat with Peanut's Bot - <WHACK!> <THWACK!> <PLUNK!>

131	PEANUT	131
	It's OK Moppy. Just because daddy	
	has a new friend doesn't mean I	
	love you any less.	

June joins Dev dashing through the battlefield, dodging Chimps and Bots towards the looming Mother Bot, which is now unguarded. As they lunge and battle:

132	JUNE	132
	Alright Dev! The Mother Bot is all alone!	

133	DEV	133
	Let's take that Mother down!	

But as they approach... Mother Bot releases a ANOTHER SWARM.

134 JUNE 134
Oh no! We forgot about...

135 DEV & JUNE 135
THE MOTHER BUTT!!!

As the Bot swarm charges at them, June grabs nearby CRASH LANDERS and tosses him over the Bot swarm.

Crash plows right into the "Mother Butt" opening. His torso and head, getting stuck inside.
