

FAST NEIN: THE FAST & THE FÜHRER

Written by

Jordan VanDina

FADE IN:

TITLE CARD: Germany. 1895.

INT. CHILD'S BEDROOM - NIGHT

A SMALL BOY plays with a replica toy Volkswagen. He makes engine noises with his mouth and races the car around his room.

Arguing can be heard loudly in the hallway.

MAN (O.S.)

I can't deal with this anymore. I work every Goddamn day to put schnitzel on this table...

WOMAN (O.S.)

Who is she? Tell me her name.

The boy takes the car and runs it up his bed and makes it slowly crash into a toy helicopter that is in his other hand.

ALOUIS, 40's, barges into the boy's room holding a suitcase.

ALOUIS

Adolf... Son... stop playing with your toys.

THE BOY is revealed to be ADOLF HITLER, age 6.

ADOLF

Yes, father?

ALOUIS

I'm leaving. I'm not coming back either.

ADOLF HITLER

What?

ALOUIS

Look, I met a Jewish lady at Oktoberfest and she may not be the best looking gal around and she nags a bit but she treats me right.

ADOLF HITLER

What about our family?

ALOUIS

Family is bullshit, Adolf. Remember that. Family does not matter... The only thing that matters...

Alouis picks up Adolf's toy car.

ALOUIS (CONT'D)

A man's car. It's the only way to escape. If you have your car, you have power. You have freedom.

Alouis grabs his suitcase and walks out. Adolf studies his father leaving. A rage builds in his eyes.

FAST NEIN: THE FAST & THE FÜHRER

EXT. RACETRACK - PRESENT DAY

Cars speed around a track. The Engines rumble with intense, intimidating, power.

DOM TORETTO, Vin Diesel, is behind the wheel. We are close on his face. He studies the track. The curves; the pavement; he is one with his automobile.

Dom checks his rear view mirror, driving the car behind him is BILLY, a 9 year old child.

DOM

Let's dance, you chubby bitch.

We pull out to reveal Dom is racing at a bumper car track in an amusement park. He quickly swerves and cuts Billy off.

Dom is not doing well, he has a 5 O'Clock shadow and looks like he may have gained 15-20 pounds pretty recently.

Billy looks nervous, he doesn't want any trouble, his forehead starts to sweat.

DOM (CONT'D)

Not so tough now are you?

BILLY

Stop. I don't know what I did but I'm sorry.

The child speeds up. So does Dom.

BILLY (CONT'D)
 Help. Somebody please save me.

Dom stops his go-kart and watches Billy continue around the track which is separated in the middle by a body of water.

DOM
 Only God can save you now, Billy.

Dom waits for the perfect second then presses a button on his go-kart steering wheel that activates a NOS tank.

Dom's go-kart shoots off at full speed straight towards the water, it clears the bank totally and goes airborne...

BILLY
 NOOOO!!!!!!

Dom's go-kart gets over the water and crashes directly into Billy's.

A crowd that was watching gasps in horror. Billy's kart is flipped. Dom stands over him.

DOM
 Never fuck with my family.

EXT. FUN ZONE GO-KART & GAMES - LATER

Dom's MANAGER, sits behind a desk and scolds Dom.

MANAGER
 Dom, we gotta let you go. This is the third incident this week.

DOM
 What I do?

MANAGER
 Well, aside from installing a Nitrous Oxide system in a company go-kart, you intentionally harassed a customer, cursed at a child and crashed a Dodge Charger on hole 3 of our mini-golf course. And, I wasn't going to say anything but do you have a gun on your ankle?

Dom puts his pant leg down to cover his gun and cracks a smile. This is classic Vin Diesel!

DOM
Guess you don't give a shit about
family.

MANAGER
Why do you keep accusing me of
that?

Dom throws a bunch of black and white surveillance photos on
the table. The photos show little Billy bumping another car.

DOM
That little shit was bumping my
nephew Jack.

MANAGER
It's bumper cars, Dom. They are
meant to be bumped... Sorry, I
really am, but I have to fire you.

DOM
That's okay... Sometimes to live in
the heat, you gotta die in the
fire.

The manager is very confused by what Dom just said.

MANAGER
Okay?

INT. DOM'S HOUSE - NIGHT

Dom walks in his house. His nephew, JACK O'CONNOR, runs up
and hugs him.

DOM
What's up, little Jack? I got you a
toy.

Dom hands Jack a used spark plug covered in oil. It's sharp
and probably fairly dangerous for a child to handle.

JACK
Thanks, uncle Dom!

DOM
Run along. Later on I'll tell you
about how I jumped a car out of a
plane and didn't have a scratch on
me.

Jack runs off. MIA, Dom's sister, walks in from the kitchen.

MIA
Dom, can we talk?

DOM
I let my engine talk for me.

MIA
Yeah well maybe you can use your
mouth for this one...

Dom looks offended by that statement.

MIA (CONT'D)
Did you cut the brakes on Principal
Allen's Buick today?

Dom cracks a Corona. Dom loves Corona, it makes him feel at home. Dom loves home.

DOM
That prick principal said Jack
isn't excelling at math.

MIA
He isn't. He is really struggling.
He needs a tutor.

DOM
Eh, who cares. Street criminals
don't need math anyway.

MIA
I don't want him to be a street
criminal, Dom... Look, I know
you've been trying to step in as a
father since...

DOM
Since what, Mia? Since Brian
disappeared? A kid needs a father,
Mia. Not just a mama, Mia.

Dom throws his beer bottle against the wall. He opens another one instantly.

MIA
You're not a father, Dom. You're
just the drunk uncle...

Dom stares at the broken bottle against the wall. Mia's words really resonate, Dom pulses with rage and smashes his bottle on the ground. He grabs another one.

INT. LIVING ROOM - LATER

Dom is in a pile of Coronas and his own filth watching television.

ANGLE ON TV:

Donald Trump is at a rally raising his arm a lot like Hitler as he addresses the crowd.

DONALD TRUMP

And so I'm gonna build a wall, keep those pesky Mexicans out, and also my dick is bigger than everyone in here. Combined. Thank you. It's Great. My dick is great. Huge. It's a fantastic rod. One of the best ever. My Penis has been very, very successful.

ANGLE ON LIVING ROOM:

Dom changes the channel to the SPEED NETWORK as he nods off.

ANGLE ON TV:

The show is called "*Cars Throughout History*" and is profiling Hitler's automobiles.

HOST

Hitler had a number of expensive cars in his arsenal during World War 2. Including a BMW R75 and a fleet of expensive Mercedes. But the pride of his life was his suped up Volkswagen Kübelwagen... Here is a clip of Hitler racing it down a German side street.

EXT. GERMANY - 1941

ADOLF HITLER, speeds around in his Volkswagen laughing. He runs down people on the sidewalk, cuts the wheel and totally Tokyo drifts into a crowd of people.

HITLER

You should look both ways before you cross! Am I **REICH**?

As Hitler speeds through town he passes a number of posters that have a man on them. The poster reads "THE PERFECT ARYAN SOLDIER."

The image on all the posters are of a blonde haired, blue eyed, gentle-faced man. Infact... It looks like a lot like Brian O'Conner, Paul Walker, from the other FAST movies.

ANGLE ON LIVING ROOM:

Dom rubs his eyes awake and looks a little closer at the screen.

DOM
What the Hell?

Dom gets closer to the television. Studying the posters in WW2 Germany.

DOM (CONT'D)
Is that Brian?... BRIAN?!

Dom picks up his beer bottle and smashes it into the TV. Mia runs out.

MIA
That's it, Dom. You're out of here.
I'm sorry.

EXT. DOM'S HOUSE - NIGHT

Dom walks down the street. He looks jacked in the moonlight. Sort of like he got a pump in right before this take. Maybe did some pushups in the dressing room. Either way for 48 years old Vin Diesel is in incredible shape.

A blacked-out Suburban pulls up behind Dom. The SUV parks and someone is heard getting out. Dom keeps walking.

MYSTERIOUS VOICE
We need to talk...

DOM
I let my engine talk for me...

MYSTERIOUS VOICE
You do huh? Well this is an A-B conversation, so C your way to my D.

DOM
Excuse me?

The mystery man revs his engine. Dom doesn't have a car so he looks around the street, the only thing around him is a SMART CAR.

Dom gets slightly nauseous at the idea of driving a Smart Car but then shatters the window and jumps in. THE RACE IS ON!

INT. SMART CAR - CONTINUOUS

Dom looks around for the NOS button, this piece of shit hippie car doesn't even a Nitrous Oxide tank, what the fuck?

DOM
It ain't that smart.

Dom laughs to himself. That was genuinely funny.

Dom sees the Suburban shoot past him. This Smart Car doesn't stand a chance, Unless...

EXT. 711 - NIGHT

Dom flies the Smart Car that he just stole into a 711 parking lot.

INT. 711 - CONTINUOUS

Dom is at the counter with 100 bottles of whip cream.

711 CLERK
Having an ice cream party?

DOM
Something like that.

Dom gives the 711 employee a coy smirk.

EXT. SMART CAR - NIGHT

Dom sets up the 100 cans of whip cream in the tail pipe of the Smart Car, these cans are stacked with Nitrous Oxide.

INT. SMART CAR - CONTINUOUS

As Dom sparks the engine the cans ignite and the nitrous propels Dom a thousand miles an hour into the street, he instantly catches up with the Suburban.

EXT. STREETS - CONTINUOUS

Dom and the Suburban are toe to toe, whip cream shoots from the smart car.

DOM
Warning, roads may be slippery...
and sweet!

Dom laughs so fucking hard at his own joke that he loses control of the wheel.

The Smart Car skids out on the whip cream and shoots into an embankment, slamming into a tree.

The mystery man grabs Dom's body and carries it into the Suburban.

INT. DIPLOMATIC SECURITY SERVICE OFFICE - NIGHT

Dom is propped up in a chair. He starts to wake up.

DOM
Where the Hell am I?

Dom sits at a table across from the mystery man, AKA, HOBBS, Dwayne "The Rock" Johnson, the greatest international crime-stopper the world has ever known. His arms slathered in baby oil shimmer even in the dimly lit offices of the DSS.

Seriously, I don't want to go on and on about how much baby oil is on Hobbs' arms but Jesus Christ, you could wring those biceps out like a towel and fill a baby pool with all the moisture dripping off.

HOBBS
See you still got your temper. You are one angry sumbitch... Good to see you.

Hobbs and Dom hug. Man, getting to see The Rock and Vin Diesel together, two TITANS of the muscular actor world. Incredible. You literally see the ground shake when they hug; crew members on set will legit get scared when it happens.

DOM
What am I doing here, Hobbs? Did you track that psychopath I gave you the name of last month?

Hobbs checks his computer and a picture of a child pops up.

HOBBS
Matty Higgins, 7 years old, scared of fireworks and the dark. Addicted to gummy worms. Biggest offense, putting silly putty in Sally Mayfield's hair.

DOM
I want him dead.

HOBBS
Dom, you can't kill a child for
stealing your nephew's lunch money
one time.

Dom puts his hand on his gun.

DOM
I've killed for less.

HOBBS
We found him, Dom...

Hobbs brings up a picture of Brian O'Conner, Paul Walker, on
the flat screen monitor.

DOM
Don't mess with me.

HOBBS
Brian O'Conner is alive.

DOM
Where is he?

HOBBS
It's not where, Dom. It's *when*.

INT. DSS TOP SECRET SPECIAL ROOM - CONTINUOUS

The computer screens show Germany in the 1940s. Hitler is in
power. Posters of Brian O'Conner are all around the city.

HOBBS
About 24 months ago we came across
a time travel technology. My first
inclination was to time travel back
to our first fight so I could kick
your pansy ass again...

Hobbs and Dom both run towards each other and hold their
fists to each other faces. They have so much fucking
testosterone running through their veins, it's sick. But at
the end of the day, they're family...

DOM
You couldn't kick my ass if my ass
was the size of a building and you
had 300 feet.

HOBBS

Keep dreaming. Naturally we wanted to use this time travel technology to go back and avert disasters throughout history.

DOM

I follow.

HOBBS

We recruited O'Conner to go back in time and kill Hitler. Blonde hair. Blue eyes. He was the perfect Aryan decoy. But something went wrong. He went too deep undercover. We lost contact.

Dom looks disgusted.

DOM

Why don't I just go back in time and grab him. Where's the time machine now?

Hobbs is clearly distressed.

HOBBS

The sumbitch who sent that sumbitch back in time disappeared. Went on some rant about effecting the space-time continuum. Some true nerd shit. If I saw him now I'd dunk his head in the Goddamn toilet no questions asked.

DOM

All I need is a name...

HOBBS

All I need is a perfect 10 model and a fully raw bleedin' steak but we can't have everything we want now can we?

DOM

Very good Hobbs. I'll be laughing about that one on the 140 MPH ride home.

HOBBS

The time traveler is a doctor. Doctor Emmett Brown... Doc Brown for short. He's a little eccentric, but he's our guy. Any questions?

DOM
Yeah... What am I driving?

EXT. DOC BROWN'S HOUSE - NIGHT

Dom pulls up to a mansion in a slick American muscle car. V-12 engine, probably gets 4 miles to the gallon, it's so damn badass.

As Dom is about to park, a DeLorean peels out of the garage and into the street.

DOM
Oh... You want a race? A race I can do.

Dom steps on the gas and tails the DeLorean. The DeLorean isn't going fast at all.

DOM (CONT'D)
You're gonna have to go a whole lot faster than 88 if you want to beat me, old man.

As Dom is about to bump the back of the DeLorean it disappears in a bolt of light.

DOM (CONT'D)
What the...?

EXT. SIDE STREET - NIGHT

Dom studies the street where the DeLorean disappeared. He gets on his phone and calls Hobbs.

DOM
The car just vanished into thin air.

HOBBS
Yep, that sounds like the sumbitch we are looking for.

DOM
What do I do now?

HOBBS
Wait by his house, he'll come back. He always does...

Dom waits a beat.

DOM
Hobbs...

HOBBS
Yes?

DOM
Are you pumping right now?

HOBBS
Yeah, working a little tricep
before bed.

Dom smiles. He knows Hobbs.

DOM
Don't squeeze so hard on the
negative reps...

HOBBS
You can tell all that just by
listening over the phone?

DOM
You're Goddamn right I can.

INT. DOC BROWN'S GARAGE - LATER

DOC BROWN, from Back to the Future, pulls into his garage
slowly.

Doc Brown gets out of the car with a carton of popcorn and
all sorts of SWAG from Super Bowl IV. A shirt, a hat; clearly
he went back in time to watch an old Super Bowl.

A GUN COCK is heard. Doc Brown puts his hands up.

DOC BROWN
Great Scott!

DOM
The names Dom...

DOC BROWN
Dominic Toretto. I knew you'd be
coming for me in time...

DOM
Speaking of time. I gotta go back.
Heard you were my man.

DOC BROWN

No. I refuse to meddle with history any longer. I've done enough damage. I'm sorry, but your friend is gone.

Dom puts his gun away.

DOM

He's not my friend... He's my family.

Doc Brown slowly turns around.

DOC BROWN

Do you realize if you go back to get your friend and you even ruffle a tree the wrong way that it could cause dire consequences.

DOM

That's a risk I'm willing to take.

DOC BROWN

It could lead to Hitler winning World War 2 and bringing unfathomable chaos onto the world.

DOM

If it gets Brian back, none of that matters... You gotta understand something doc... Family is like the ocean, it goes far and deep but if it's lost then so are we...

Every bro in the audience was just like I'm so glad my girlfriend didn't wanna see this shit because I am actually tearing up right now. I'm a pretty privileged dude so I haven't really cried since I was a kid so this is a true surprise for me. Didn't even know I had this sort of emotion in me to be honest.

Doc Brown's eyes start to well up with tears.

DOC BROWN

Alright. I'll help you. I'll take you back.

DOM

Good. But first we need to add the Toretto touch to this beast.

INT. TEJ'S CAR SHOP - DAY

TEJ who is played by Ludacris so let's be honest we might as well just call him Ludacris and Tyrese stand around the shop doing some really fun goofy banter.

LUDACRIS

Your forehead so big, it's like a five-head. Or maybe even a six-head! Don't make me say seven-head!

TYRESE

Yeah well in the original Fast movie Ja Rule had your part so I would calm the Hell down with your cocky attitude!

LUDACRIS

What?

This banter goes on all day. You should see the outtakes, I mean it's hours and hours of Goddamn zingers. Tyrese does a legit Borat impression, I'm not kidding.

Dom walks in holding a case of Coronas.

DOM

You guys got time for family?

Ludacris and Tyrese run up and hug Dom.

DOC BROWN

(to himself)

Jeeze, this guy fuckin loves family, huh?

DOM

This is my friend Doc Brown, he built a time machine that we are going to use to go back to Nazi Germany to save O'Conner and kill Hitler.

LUDACRIS

Word.

TYRESE

True.

Ludacris and Tyrese have heard it all at this point, they aren't even phased by that statement.

DOM

But first, we need to make this car
a little more appealing to the eye.

LUDACRIS

Call me XZIBIT, cause I'm gonna
PIMP THIS RIDE.

These guys have such natural chemistry it's insane. Such a
thrill working with raw talent.

INT. CARPORT - LATER

Ludacris gives a tour of the revamped DeLorean which now has
flame decals on the outside.

LUDACRIS

As you can see this thing is
fucking dope as all Hell. Doc Brown
you are about to get MAD PUSSY!

DOC BROWN

Gross, I'm almost 80.

Ludacris and Tyrese high five.

LUDACRIS

Now I ripped out them old ass seats
and put in full massage chairs,
added a mini-fridge to put some
beers in for when you want to drink
and drive and time travel and most
importantly, I took out that stupid
electric thing in the dash and
added a fucking flat screen! 1080p
Bitch!

DOC BROWN

What?!

LUDACRIS

Scarface on Blu-Ray while you
drive, homie. The special features
are bomb!

DOC BROWN

You ripped out the Flux Capacitor
you moron!

LUDACRIS

No need for name calling, bro. I
just did you a huge favor. Check
out the woofer!

Luda presses a button and BIGGIE starts blasting from the subwoofer.

BIGGIE
 "Salt-N-Peppa, **Heavy**-D up in the
 limousine..."

DOC BROWN
 Heavy. There's that word again...

EXT. STREETS - DAY

Doc Brown, Dom, Tyrese and Ludacris are stuffed in the DeLorean.

DOM
 This thing is fully outfitted with
 NOS so it's gonna go a whole Hell
 of a lot faster than 88. But back
 up cause we are gonna need more
 road.

DOC BROWN
 Roads? Where we're going, we don't
 need roads.

DOM
 Well we better need some roads
 cause this is a franchise about
 driving and we got 2 more films to
 shoot.

DOC BROWN
 Right. Where to first?

DOM
 Let's see what this thing can do...

TIME TRAVEL MONTAGE BEGINS

- The year on the time gauge reads **2 million B.C.**

They land in the jungle. They all look around and it seems pretty normal. Then they start to hear a RUMBLE... RUMBLE... RUMBLE... A T-Rex comes sprinting out towards the car.

The DeLorean races through trees and brush while the T-Rex follows closely behind them.

LUDACRIS
 Let's get the Hell out of here! But
 first, lemme take a selfie!

The gang takes a four way selfie with a T-REX in the prehistoric era.

TYRESE

Eat your heart out Ellen. Screw that Oscar selfie. We going Jurassic in this bitch! Hundred thousand likes minimum.

LUDACRIS

This selfie was 65 million years in the making!

The gang sets the year on the DeLorean and speeds off.

- The year on the time gauge reads **30 A.D.**

The gang sit at the table of the Last Supper. Jesus grabs the first piece of food.

DOM

You grabbed first food... You know what that means. You gotta say Grace.

JESUS

Come on really?

Tyrese looks at all the food on the table and does a mental calculation.

TYRESE

Ugh, can we get separate checks?!

The table loses their shit laughing!

- The year on the time gauge reads **1994.**

The DeLorean is racing OJ's White Bronco down the highway.

TYRESE (CONT'D)

Pull over! You're gonna be fine. We are from the future, they will find you not guilty, Juice!

O.J.

Really?! You gotta be fucking kidding me!

O.J. slows to a halt and surrenders without a fight.

- The year on the time gauge reads **1999.**

The DeLorean pulls up to a movie theater with a giant line outside of it. The marquee reads "*The Sixth Sense*."

TYRESE

Bruce Willis is dead the whole time!!!!

CROWD MEMBER #1

What the fuck?! NOOO!?!

CROWD MEMBER #2

Why did you just do that to us?
Why?!

- The year on the time gauge reads **2000**.

Dom in the DeLorean races alongside Dom in his Charger at Race Wars from the first "*Fast and Furious*" film.

They nod at each other and each trade important driving/life metaphors with one another.

DOM FROM THE FUTURE

If you want to play in the desert,
you gotta work in the sand.

DOM FROM THE PAST

If you speed through life you
either miss what's important or pay
more attention to what really
matters...

The two Doms smile at each other.

END TRAVEL MONTAGE

EXT. TEJ'S CAR SHOP - NIGHT

DOM

Not bad. We just need to make one
more stop... Tell me this thing can
drift...

EXT. STREETS OF TOKYO - NIGHT

The time gauge on the DeLorean reads **2013**. We are right back in the scene from "*Tokyo Drift*" where Han dies.

Let me just say "Tokyo Drift" is pretty damn good, I mean sure it doesn't have the star power and has a 38 year old grown man playing a 17 year old high school student, but I mean pound for pound, dick-pumping, car-driving, adrenaline rush, it's right up there with all the other movies. Don't fight me on this please.

HAN lays on the ground after his car has crashed. JASON STATHAM is walking towards him pointing a gun. The DeLorean pulls up and grabs Han in.

Statham looks really confused.

JASON STATHAM
Eh, fuck it, maybe I'll do another
CRANK movie.

INT. TEJ'S CAR SHOP - NIGHT

Doc Brown, Dom, Han, Ludacris and Tyrese sit around the shop.

DOC BROWN
Not a bad looking team you've got
here.

DOM
We're more than a team, we're...

WOMAN (O.S.)
Family...

Dom looks up enraged like "who the fuck just finished my sentence?"

LETTY, Michelle Rodriguez, walks in with Hobbs. She runs up and hugs Dom.

LETTY
Ride or die remember? Think I'd
miss a chance to time travel?

DOM
I'd like to time travel to the
first time I saw that ass and re-
live that moment over and over.

LETTY
Still got the charm.

Letty and Dom stare into each others eyes for a pretty long time. The rest of the team is fairly uncomfortable.

HOBBS

Alright, yall sumbitches, now that you've taken a tour of space and time, let's go over the ground rules.

As Hobbs is talking he is covering his arms in baby oil. They are shining like the fire of a thousand suns.

HOBBS (CONT'D)

Now, everyone knows to end a nightmare you gotta shoot your demons.

TYRESE

What?

HOBBS

You want to find a skunk you gotta live in the stink.

DOM

Hobbs, what are you talking about man?

HOBBS

I'm talking about time travel. We have 2 missions, capture Brian O'Conner and bring him back...

DOM

And?

HOBBS

And murder Adolf fucking Hitler.

INT. ADOLF HITLER'S BATHROOM - MORNING

Adolf Hitler's face has shaving cream all over it. He has already shaved his beard and the left side of his mustache.

He practices a speech in the mirror.

HITLER

(to himself)

"I am Hitler. Supreme leader and really angry dude"... God that sounds so stupid. Get it together Hitler.

Hitler continues to shave the right side of his mustache.

HITLER (CONT'D)
 "I am Hitler, a total jerk"... No.
 COME ON HITLER. You are Hitler. You
 can make a speech. This is what you
 do!

Just as Hitler is about to shave the center of his mustache
 the door to the bathroom flies open.

Hitler who is totally naked drops the razor and quickly
 covers his micro-penis.

HITLER (CONT'D)
 NEIN!!!!!!

EVA BRAUN, Hitler's wife, barges in. EVA is SMOKING HOT, I'm
 talking the face of Eva Mendez, the body of Eva Longoria and
 the sass & attitude of EVE the rapper.

EVA BRAUN
 What is taking you so long?

HITLER
 EVA, I'll be out in a minute, I am
 doing supreme leader things.
 PLEASE.

EVA BRAUN
 RIGHT NOW ADOLF.

Hitler walks out shamed, the center of his mustache still
 remains. This is the first time he is trying out this look.
 He doesn't really mind it.

HITLER
 You don't have to be so mean all
 the time do you know that?

INT. ADOLF HITLER'S OFFICE QUARTERS - CONTINUOUS

Nazi regale and Swastikas line Hitler's home and office. On
 his desk is also the toy Volkswagen he had as a child.

We see Brian O'Conner for the first time. He looks the same
 physically but sort of out of it, doesn't have the spark that
 he once had.

BRIAN O'CONNER
 Here is today's speech. You go on
 in five minutes.

HITLER
 Thank you.

Brian starts to walk out.

HITLER (CONT'D)

Excuse me...

BRIAN O'CONNER

Yes?

HITLER

Do you think this middle mustache
looks stupid?

BRIAN O'CONNER

Looks great, mein Führer.

HITLER

Thank you.

EXT. HITLER RALLY - DAY

A crowd of thousands of men, women and children wait patiently for this little man to come to the microphone. They cheer and buzz with excitement.

Adolf Hitler approaches the podium. There is an audible record scratch when the crowd sees that mustache. Whispers start and everyone is talking to each other about how stupid it looks.

HITLER

HEY. HEY GUYS. IT'S COOL. It's the
new thing all the celebs are doing.
SHUT UP.

The crowd starts to laugh.

HITLER (CONT'D)

SHUT THE FUCK UP. I am Adolf
Hitler. Supreme leader and supreme
jerk! You will treat me as such...

Hitler's face gets bright red. He is being shamed by his own people.

HITLER (CONT'D)

(to himself)

Oh no I am losing the crowd.
Dammit.

The crowd hushes.

HITLER (CONT'D)

Now. I want to tell you about an important event coming up. One I hold every year for anyone willing to challenge me.

A plane flies by holding a painted sign that says "THE 1941 ANAL MASTER RACE"

HITLER (CONT'D)

I painted that. Pretty good right?

CROWD MEMBER

You spelled Annual wrong. It says anal.

HITLER

WHAT?!

Hitler looks at the sign.

HITLER (CONT'D)

Kill that man!

A sniper shoots the crowd member in the head.

HITLER (CONT'D)

Moving on... As you know the most important thing in a man's life is his car. Which is why I am holding **THE MASTER RACE.**

The crowd goes wild.

HITLER (CONT'D)

For those of you who are new here, I will race around Germany, at the finish line will be the access codes to every nuclear weapon in the country. If someone dares to challenge me and beat me, they are the new supreme leader. NOW... WHO WANTS TO RACE ME?

There is a hush in the crowd. Just the idea of speaking up is a death sentence.

HITLER (CONT'D)

Come on. Anyone? There has yet to be a single challenger in all the years I've been doing this.

People stare forward not making a sound.

HITLER (CONT'D)

Well, guess I'll just drive around myself again while everyone watches me, thanks for...

MAN (O.S.)

I'll race you.

The crowd GASPS. Hitler's face turns to an angry scowl.

HITLER

Who said this? Show yourself.

Dom unveils himself in the crowd.

HITLER (CONT'D)

You want to challenge the Führer? Clearly you don't cherish your life.

DOM

I live my life a quarter mile at a time, Adolf Hitler.

HITLER

Well I'm not certain I know what that means but consider your challenge accepted. 2 days from now we will compete in THE MASTER RACE.

Hitler turns to his head of security, HOSEN, and pulls him close.

HITLER (CONT'D)

That man doesn't leave this rally alive.

HOSEN

Understood, mein Führer.

Dom looks around, he sees a team of Nazis gripping their weapons. They start to run towards him.

Dom backs out of the crowd and starts to sprint away from the rally.

**** THIS NEXT ACTION SEQUENCE IS SPONSORED ENTIRELY BY VOLKSWAGEN™****

Hosen jumps into his brand new, insanely affordable, Volkswagen™.

HOSEN (CONT'D)

This thing is so spacious, honestly surprising considering how sporty it looks on the outside.

Hosen pushes hard on the gas.

HOSEN (CONT'D)

The pick up is crazy. I bet this thing will drive a lot like the newly re-imagined Passat™ which gets nearly 28 MPG on highway.

Dom jumps in another Volkswagen™ and takes off.

DOM

Wow. These really are finely tuned machines. And trust me, I'm a car pro. So I know what a good car is...

Dom starts mowing down Nazis. The bodies of Nazis shatter across the windshield.

DOM (CONT'D)

Incredible durability.

Dom picks up his cell-phone.

DOM (CONT'D)

Give me something here guys, I need you to hack.

INT. FAST TEAM HIDEOUT - DAY

Ludacris is hacking on his computer. It looks very complicated and difficult. How did he learn how to do this?

Wasn't his character a common street hustler? Did he study this in his off hours? Wouldn't the other guys have been like, "Shit, when did you learn coding and stuff?" Ah well, fuck it.

LUDACRIS

I'm hacking into their mainframe.

EXT. GERMAN STREETS - DAY

Dom stays on the phone with Ludacris.

DOM

What mainframe it's 1941?

LUDACRIS
I know exactly what you mean!

DOM
What?

LUDACRIS
GO LEFT!

Dom swerves down a tight alleyway.

DOM
Later, Hosen....

Hosen points his gun out the window and shoots at Dom's back tires.

The car skids out. (A Volkswagen™ normally would never do this even under extreme circumstances like gun fire, but this is a movie after all.)

DOM (CONT'D)
When you're born in the streets,
you have no choice but to go
home...

Dom takes a Corona bottle from his pocket and sticks it on top of the gas pedal so the car can keep driving. He leaves the driver's seat and sneaks out the passenger window.

He Spider-Mans his way out of his own car and sneaks onto the side of Hosen's car.

DOM (CONT'D)
Hasta La Vista you German prick.

Dom points his gun at Hosen's head. Hosen swerves hard but Dom holds on. Dom punches Hosen in the face.

Hosen's blood shoots all over the Volkswagen's™ upgraded Vienna leather™ seats.

HOSEN
This affordable leather came with
the sport package you fucking
monster.

Hosen grabs Dom by the neck. Dom reaches for his gun and...

Dom shoots Hosen at point blank range. The blood and violence is intense but it's coming from an honest place so we can keep the film PG-13.

INT. FAST CREW HIDEOUT - CONTINUOUS

LUDACRIS
OH SHIT!

TYRESE
I did NAZI that coming!

Ludacris and Tyrese really laugh at that one.

LUDACRIS
You crazy man!

TYRESE
You're my best friend.

EXT. STREETS OF GERMANY - DAY

Dom walks into a crowded street covered in Hosen's blood.
Letty pulls up and gets out of her car.

LETTY
Dom. You're okay...

DOM
A man is only as good as his '72
Hemi engine.

LETTY
Yes. I totally agree.

Dom looks at a local bar and sees Brian O'Conner walk into it.

DOM
Brian? BRIAN?!

Dom runs through the crowd looking for Brian. He is stopped by the large crowds, he can't get to Brian.

DOM (CONT'D)
Brian?! Where did you go?

Letty catches up with him.

DOM (CONT'D)
It was him. I saw him, Letty.

LETTY
Maybe you are just concussed from
the years of head-on collisions.

DOM

A man is only as good as his '72
Hemi engine.

LETTY

Well you do seem normal. You say
that all the time. If you do have a
concussion maybe you should just
sleep it off.

DOM

You're right. You're the best.

LETTY

Let's go back to our hideout in our
0% down APR, 4 door, Sirius/XM
capable, Jetta™!"

DOM

Sounds great.

Dom gives one final look around for Brian. He doesn't see
him.

**** END VOLKSWAGEN SPONSORSHIP ****

EXT. NAZI BAR - NIGHT

Hobbs pulls down a propaganda poster of "The Perfect Aryan"
which is a spitting image of Brian. He brings the poster into
a bar.

INT. NAZI BAR - NIGHT

Hobbs holds the poster up.

HOBBS

Alright ladies, I'll be fast, I'm
Looking for this guy.

A group of hardcore Nazis look up and don't like the way
Hobbs is speaking to them.

NAZI BARTENDER

You better get the Hell out of here
American.

HOBBS

You sumbitches want to make me? You
mess with the bullshit you get the
horns covered in corns.

NAZI BARTENDER

Excuse me?

The bartender looks very confused by that statement, he takes out a gun and points it at Hobbs.

NAZI BARTENDER (CONT'D)

You are about to see my Final Solution.

HOBBS

Biggest mistake of your life.

Hobbs pulls out a Tank sized machine gun and starts firing it around the bar. The Nazis start shooting as well.

Bullets bounce off Hobbs by the dozen. Honestly when you have the health discipline and the drive (no pun intended) of Dwayne Johnson, you can't be killed. Bullets only make you stronger.

HOBBS (CONT'D)

After I kill all you Nazis. I'm gonna eat a bratwurst with all of your wives.

The Nazis run towards him.

MAN'S VOICE

Stop.

Brian O'Conner walks out from behind the group.

HOBBS

Brian. We came back to rescue you.

Brian stares at Hobbs for a second. He goes to embrace for a hug...

When Brian is close he pulls out a shotgun and shoots Hobbs in the chest. His body flies back through the window and onto the street. A bus hits his body and throws him through the air onto the pavement.

EXT. NAZI BAR - NIGHT

Hobbs hits the ground hard. He doesn't die though. The Rock cannot die. Seriously it's in his contract.

INT. FAST TEAM HIDEOUT - NIGHT

Dom drinks a Corona while Han maps out the route of The Master Race on his laptop.

HAN

The race goes through the
Brandenburg Gate, up through
Auschwitz...

TYRESE

Auschwitz? AWWW SHIIIIITZ.

Dom gets up. He looks distressed. Letty follows him in the bedroom.

LETTY

You okay?

DOM

I don't like this Hitler guy one
bit. Something's off about him.

LETTY

You can beat him.

DOM

He's gonna play dirty. And when you
drive through the mud, your wheels
start to spin...

Letty looks at Dom like poetry is pouring non-stop from his mouth.

Han's cell phone rings.

HAN

Hello?... Oh shit. It's Hobbs. He
needs us.

INT. HITLER'S BEDROOM - NIGHT

Hitler is in what looks like Spanx as he brushes his teeth.
Eva Braun is in bed.

HITLER

He's going to challenge me?! ME?!
Didn't he read Mein Kempf? I had a
hard life.

EVA BRAUN

Yes Hitler. We know all about YOUR
struggle.

HITLER

I should be a famous painter. I am
a painter at heart.

Hitler points to a painting he did on the wall which is just
2 stick figures holding balloons.

EVA BRAUN

Yes, Hitler. You are a very good
painter.

HITLER

Damn right I am. I am also a great
leader... We will have sex tonight.

Eva rolls her eyes.

EVA BRAUN

Okay, Hitler. We can try again.

Hitler slowly takes down his Spanx. There is absolutely
nothing that resembles a penis there. I mean not even an
inch. It's basically a little hole he can dribble pee from.

He has shaven a little Hitler mustache in his pubic region.

He lays ontop of Eva and neither of them move.

One second... Two seconds...

HITLER

Did you finish?

EVA BRAUN

Yes, I came.

HITLER

Very good.

Eva pushes Hitler off of her.

EVA BRAUN

You want to try something a little
different tonight?

HITLER

Okay...

Eva flips Hitler on his stomach and slowly starts to reach
her fingers towards his butt.

HITLER (CONT'D)

Umm....

EVA BRAUN
Shhhh. Go with it.

HITLER
I don't think I like... NEIN!!!!!!

Eva has many fingers in Hitler's tush.

HITLER (CONT'D)
NEIN MEANS NEIN! NEIN MEANS
NEIN!!!!!!

EXT. HITLER'S HOUSE - NIGHT

The echo of Hitler being fingered in the ass reverberates through all of Germany.

INT. GERMAN HOSPITAL - NIGHT

Hobbs is once again laid up in the hospital. This time in a full body cast. There is a little hole for his mouth. His tattoos have been re-drawn over the white cast, so you still know he's bad ass.

HOBBS
It was O'Conner.

DOM
What are you talking about?

HOBBS
You sumbitch. I'm talking about
Brian O'Conner shooting me at point
blank range.

DOM
That's impossible.

HOBBS
Yeah well, you can't spell
impossible without possible.

DOM
That is true. But I don't believe
it.

HOBBS
Well believe this. If I ever see
Brian O'Conner again, I am going to
murder him.

DOM
You must be mistaken. Brian
wouldn't do that. Maybe they
brainwashed him or something.

A HOT ASS GERMAN NURSE walks into the hospital room.

HOT ASS GERMAN NURSE
Time for your sponge bath Hobbs.

Even though Hobbs is in a full body-cast you still get the feeling that he is going to have intercourse with this hot ass German nurse.

INT. DOM TORETTO'S CAR - NIGHT

Dom drives down the quiet German streets. Driving helps him clear his mind.

Dom pulls up to a stop light and a car pulls up next to him. Dom looks to his left. It's Brian O'Conner.

DOM
I knew it.

Dom smiles and revs his engine. Brian remains stone-faced; he revs his engine as well.

DOM (CONT'D)
Let's see if you still got it.

The Cars LAUNCH at full speed. 80...90...110 MPH. Wow these speeds are sick!! I can't believe how Fast and Furious these dudes can drive.

DOM (CONT'D)
Easy now Brian, you got two kids at home. And a wife.

Brian goes faster and faster. Some would almost says he's going a little 2 fast and a little 2 furious.

Dom and Brian look at each other while they drive, they don't bother looking at the road. They don't need to.

Two amazing racers locking eyes, feeling the road, letting their engines guide them.

They stare at each other for the better part of 15 minutes while they drive at speeds exceeding 110.

This is what this franchise is all about, superior driving and superior friendship.

DOM (CONT'D)
Ready to go home?

Brian pulls out a gun and points it at Dom as they drive.

DOM (CONT'D)
What the???? Brian what are you
doing?

Dom goes to swerve right and ANOTHER Brian O'Conner cuts him
off at the intersection.

DOM (CONT'D)
2 Brians?.... I've heard of Twin
turbos but this is ridiculous.

ANOTHER Brian O'Conner speeds head-on to Dom.

The three Brian's trap Dom in an alley, they all drive at him
full speed. Dom is t-boned from both sides and hit with a
head-on collision.

By all means this accident should kill a human being fifty
times over but...

INT. FAST TEAM HIDEOUT - NIGHT

Dom pulls in, his car only has a slight scratch on it. The
scratch on his head is even smaller.

DOM
We got a problem.

LETTY
Dom, what happened to your head?

DOM
I found Brian.

The team gasps.

DOM (CONT'D)
Actually... I found three of 'em.

TYRESE
You're not making any sense man.
Maybe you have a concussion. You
should get some rest.

Dom cracks a Corona.

DOM
I know what I saw.

Ludacris is at the computer hacking something. Seriously, not one person thinks to question how he knows how to write code better than any of the world's greatest hackers?

LUDACRIS

Clones.

TYRESE

Clones? Were you in a car accident too?

LUDACRIS

I hacked into Hitler's Socialist Media accounts and found his plans. They are cloning Brian as the ultimate Aryan. That's why he is on the posters. Pretty soon ALL of Germany will be filled with Brians.

DOM

That's one big-ass family to take care of... So where's the real Brian?

LUDACRIS

He's being held hostage in Hitler's private quarters.

INT. HITLER'S PRISON BASEMENT - NIGHT

The REAL Brian O'Conner sits behind a cell by himself.

Eva Braun brings him a tuna sandwich.

BRIAN O'CONNER

Thanks.

EVA BRAUN

No problem.

Eva walks away slowly.

BRIAN O'CONNER

You don't have to stay with him you know.

EVA BRAUN

Oh yeah? You gonna take me away from all this?

BRIAN O'CONNER

I could. I'm from the future.

Eva comes back and sits closely to Brian's cell.

EVA BRAUN
What's so good about the future?

BRIAN O'CONNER
Well for starters, there's this movie called "*Meet the Parents*" where Ben Stiller tries to get his in-laws to like him but he keeps screwing up.

Eva laughs at the thought of this. She gets really close to the cell bars and in Brian's face.

EVA BRAUN
Tell me more of this... Ben Stiller.

BRIAN O'CONNER
Oh he's hilarious. He gets angry and like all irritated ALL the time.

EVA BRAUN
Sounds like another funny little man I know, Adolf Hitler.

BRIAN O'CONNER
You're too good for him...

Brian and Eva lock eyes. Something is happening here. Is a love brewing? Could be. Guess we will wait and find out.

Hitler screams from upstairs.

HITLER (O.S.)
EVA, time for you to grab my Schnitzel.

EVA BRAUN
I have to go... He doesn't have a penis so I put fingers in his ass.

BRIAN O'CONNER
Makes sense.

Brian watches Eva leave. He feels something for her. Something he hasn't felt in a long, long time.

INT. FAST TEAM HIDEOUT - MORNING

Dom lectures his crew.

DOM

There is a new order. The Master Race is tomorrow. Today we focus on rescuing Brian.

LETTY

What's the plan?

DOM

I'll distract Hitler for the day. Letty you go to Hitler's quarters and see if you can find O'Conner. Han, map out tomorrow's course and you other clowns, go check on Hobbs and see if he is okay. We need the whole team if we plan on bringing down Hitler's regime.

LUDACRIS

Damn! Who woulda thought, a bunch of car racing street thugs would eventually take down Adolf Hitler!

Tyrese runs in holding his phone to the ceiling.

TYRESE

Anyone know the WIFI password here?

LUDACRIS

It's 1941.

Tyrese types into his phone.

TYRESE

1941 didn't work.

Ludacris shakes his head as if to say "no I meant 1941 is the year you stupid asshole. Therefore there is no WIFI." These two guys are the modern day Abbott and Costello!!

EXT. GERMAN RACE TRACK - DAY

Hitler sits in his car. He speaks to DU HAST, his new head of security and mechanic.

HITLER

These are the Nuremburg Trial races. Today we will see how fast I can push my Volkswagen and what changes need to be made for The Master Race.

DU HAST
 Okay. I will time you.

Hitler stares into the distance, pondering.

HITLER
 You ever just sit and wonder what life would be like if people knew the real you. The sensitive dude who loves to talk about emotion and wants nothing more than to get lost in a great romance novel?

DU HAST
 No.

HITLER
 Me neither. Never once. Let's race.

The skies are grey and filled with clouds. The Gods know something terrible is about to happen.

DU HAST
 Okay, but we shouldn't spend too long out here. It's going to rain and it may even hail, Hitler.

HITLER
 I'm pretty sure I can handle driving around a race track by myself.

DOM
 What about with someone else?

Dom appears next to Hitler. It's kind of weird that they didn't hear him drive up.

Du Hast pulls a gun on Dom.

HITLER
 Nein. Let him race. Let's see what he's got.

A gentle rain starts to come down on the cars. Dom sniffs the air like an animal.

DOM
 I think a storm is brewing. Sometimes you gotta drive in the rain to park in the sunshine...

Dom revs his engine. So does Hitler.

Du Hast shoots a gun in the air and the two cars take off. The rain starts to come down heavier. The two cars are neck and neck roaring through the track.

INT. HITLER'S PRISON BASEMENT - DAY

Eva Braun and Brian O'Conner sit inside Brian's cell, dangerously close to each other. They are laughing hysterically.

BRIAN O'CONNER

And then Robert Deniro is like
"It's the circle of trust, Focker!"

Eva cries laughing.

EVA BRAUN

The future sounds so... carefree.

BRIAN O'CONNER

It is. I wish you could see it.

EVA BRAUN

So do I...

Eva and Brian get very close to kissing. Brian pulls away.

BRIAN O'CONNER

I can't. I'm sorry. I'm married. I
have two kids.

EVA BRAUN

I get it. I totally understand...
Do you think maybe we can just have
like no strings attached sex. I
need this. When I say Hitler
literally has no penis, I'm not
exaggerating or trying to be a
bitch.

Brian serious contemplates this offer.

BRIAN O'CONNER

Ugh... I can't sorry. I love Mia
too much.

EVA BRAUN

You're a good guy. I hope Mia knows
that...

An ALARM starts to blare through the downstairs area. Eva gets up and locks the cell. She runs upstairs.

INT. HITLER'S MAIN ROOM - CONTINUOUS

Eva runs upstairs and sees 70+ Nazis on the floor either dead or on the verge of death.

EVA BRAUN
What the fuck?

LETTY
I'm here for Brian.

EVA BRAUN
Over my dead body.

LETTY
That can be arranged...

Eva and Letty run at each other full speed. They both go airborne and hold their fists out like some real Mortal Kombat shit. It's awesome.

The girls quickly recover and start old school Jiu-Jitsu fighting. They go punch for punch. Kick for kick. Uppercut for uppercut!

PLEASE LET THERE BE A NIP-SLIP. PLEASE LET THERE BE A NIP-SLIP!!!

Holy shit, cars, explosions and two chicks in a cat-fight. CAN YOU FUCKING believe this shit?! Let's take a moment to celebrate just how fucking sick this franchise is. I don't know about you at home but I've been fully hard since I started writing this thing.

EVA BRAUN
You Bitch!

LETTY
Takes one to know one.

Letty high-kicks Eva in the boobs!!!

Eva's shirt rips open. Not bad for a Nazi sympathizer... Not bad at all...

Eva takes out a boomerang shaped like a Swastika and throws it at Letty's head.

Letty takes out the cross necklace Dom gave her and wraps it around Eva's neck. She chokes her hard.

LETTY (CONT'D)
GO WITH CHRIST. GO WITH HIM!

INT. GERMAN HOSPITAL - DAY

Tyrese and Ludacris sit around Hobbs who is still in a full body cast.

LUDACRIS

(to himself)

Cadillac grills, Cadillac mill's,
check out the oil my Cadillac
spills...

HOBBS

American cars. Gotta love it.
What's more American than a
Cadillac, a BBQ and feeling the
bones of your enemies crunch under
your Samoan palms?

TYRESE

Awww, Hell Yeah!

LUDACRIS

We need you out there Hobbs. Some
weird shit going down.

HOBBS

I don't know when I'm going to be
fixed. I just don't have the
motivation.

TYRESE

Oh you need motivation to get
better?

Tyrese and Ludacris nod at each other like "we know what to do."

TYRESE (CONT'D)

Hitler was saying that you probably
only put two scoops of Creatine in
your cereal in the morning.

Hobbs starts to uncomfortably adjust.

HOBBS

Stupid asshole. Guy doesn't know
what he's talking about. He's
talking out of school and I'm the
principal.

LUDACRIS

He also said that he thinks all
your tattoos are Henna because the
real tats make you cry.

Hobbs tries to stand up in his body-cast.

HOBBS

(enraged)

I cried one time and it was because
I already had a bruise where the
tattoo was going. It hurt like a
bastard.

TYRESE

Yeah and also he said he heard for
a fact that you drive a Prius.

That is the final straw. The hospital bed starts to shake.
Hobbs gets off the bed despite his cast and starts to
convulse while standing.

LUDACRIS

Oh shit!

TYRESE

Nurse! Someone help!

Hobbs flexes, a crackle starts to happen, the body-cast
begins to split like the ground during Dwayne's other great
film "*San Andreas*."

Hobbs Incredible Hulks out of the entire body cast. He looks
great. Better than ever.

HOBBS

Now let's go kill some
motherfucking Nazis.

EXT. RACETRACK - DAY

Dom and Hitler are racing at full speed around the track.

DOM

Here's the thing. When someone
messes with my family... I don't
let it SLIDE.

Dom Tokyo drifts his car around the first bend and cuts off
Hitler.

HITLER

Sliding into me during a race? What
kind of morals do you have?

Rock sized hail stones start pouring from the sky, crashing
onto the cars.

DOM

What did you do to Brian? Why is he mean now?

Dom flips his car around and starts to drive fully in reverse. There is no reason for this except it looks cool as shit.

Dom and Hitler are driving neck and neck. Dom takes out a kite and holds it up over Hitler's car.

Dom nods at the sky, like he is one with God and they have a personal connection.

The Sky shoots out a bolt of lightening and it connects fully with the kite attached to Hitler's car.

The car bursts into flames and Hitler jumps out the window just in time.

DOM (CONT'D)

They say lightening doesn't strike twice... Let's hope they're wrong.

Dom races off into the night.

DOM (CONT'D)

See you at the race tomorrow.

Hitler writhes in pain on the ground.

INT. HITLER'S PRISON BASEMENT - DAY

Letty stole the key ring from Eva Braun and has made her way down to the prison cell where Brian is.

BRIAN O'CONNER

Letty. You made it.

Letty starts to unlock the cell.

EVA BRAUN

Almost. She almost made it.

Eva cocks a gun and points it at Letty's head. Letty slowly backs away.

BRIAN O'CONNER

Eva please. This is your chance to set things right. Let me go peacefully. When I get back to the future I will send you the entire Fockers box set.

Eva is emotionally distraught. She doesn't know what to do.

EVA BRAUN
I'm scared, Brian.

BRIAN O'CONNER
You're stronger than this. A man
doesn't define who you are.

EVA BRAUN
I don't know if I can let you go...

BRIAN O'CONNER
Remember I told you about how Ben
Stiller in "Along Came Polly"
figured out that to truly love you
must truly let it all go...

EVA BRAUN
You're right.

Eva unlocks the cell herself and opens the gate for Brian.

EVA BRAUN (CONT'D)
I'm gonna miss you.

Eva plants a kiss on Brian's lips.

EVA BRAUN (CONT'D)
Last chance for sex.

BRIAN O'CONNER
No thank you.

Eva lets Brian and Letty go free.

INT. GERMAN HOSPITAL - DAY

Ludacris, Tyrese and Hobbs are leaving the hospital. The
nurses don't understand how Hobbs is walking around.

HOT ASS GERMAN NURSE
Hobbs, you weren't supposed to be
out of here for another 6 months.

HOBBS
Pain is just weakness leaving the
body, sweetheart.

HOT ASS GERMAN NURSE
Yes but almost every bone in your
body was broken.

HOBBS
 Sure... except for one very
 important bone...

Hobbs winks at the Hot Ass German Nurse. She blushes.

HOT ASS GERMAN NURSE
 Time for one more extra special
 sponge bath?

HOBBS
 Always time for that.

Hobbs pulls Tyrese and Ludacris aside and whispers to them.

HOBBS (CONT'D)
 She's talking about sex. We're
 gonna have it.

LUDACRIS
 Dope!

Hobbs, Luda and Tyrese do a 3-way bro fist bump then Hobbs
 goes off to have sex.

EXT. HITLER'S HOUSE - NIGHT

Hitler walks up to his house all disheveled, wet from the
 rain, and looking defeated.

HITLER
 (ranting to himself)
 I hate lightening. No, I'll do you
 one better I hate Mother Nature. I
 also hate when you wash your hands
 but there's no paper towels so you
 touch the door knob wet but people
 think it's pee on your hand...

Suddenly a metal Swastika hits him the head.

HITLER (CONT'D)
 What the Hell?!

Hitler looks up and Eva Braun is throwing all his stuff onto
 the front lawn.

HITLER (CONT'D)
 Nein! Stop that.

EVA BRAUN
 I want you out of here Adolf. I'm
 sick of this life.

She throws down a number of his paintings, uniforms and large hats.

HITLER
My painting of a baby calf eating
an ice cream cone!

A small trophy hits the ground.

HITLER (CONT'D)
Not my Württemberg little league
trophy, PLEASE! STOP!

The neighbors start to come out of the house. Hitler has to pretend he is still tough to save face in front of the people.

HITLER (CONT'D)
(pretending)
Yes. Very good! Spring cleaning...
Get rid of anything I don't need so
we can save room for... More evil
stuff like bombs and... workout
tools... Tough guy stuff... Thank
you for doing this for me.

Eva is at the window with Hitler's prized toy Volkswagen. He pleads with her.

HITLER (CONT'D)
Please! Not that! You couldn't be
so cruel.

Eva throws the car out the window and Hitler catches it. He runs inside.

INT. HITLER'S HOUSE - CONTINUOUS

Eva starts to walk out of the house.

EVA BRAUN
By the way he's gone.

HITLER
Who?

EVA BRAUN
Brian O'Conner.

HITLER
WHAT?! How did he escape?!

EVA BRAUN
 I let him go. And another thing. I
 had sex with him. Many times. I
 want a divorce, Adolf.

Eva tosses Hitler divorce papers.

HITLER
 (mimicking her voice)
 "I want a divorce Adolf" that's
 exactly what you sound like devil-
 woman. Spot on impression I just
 did. Well too bad. You aren't
 getting a divorce.

EVA BRAUN
 Very mature.

HITLER
 (mimicking)
 "Very mature." That's twice I just
 roasted your ass.

Eva shakes her head in embarrassment.

HITLER (CONT'D)
 Tell me one thing. How was it
 having your fingers in another
 man's ass.

EVA BRAUN
 No fingers. Just sex. Regular
 style.

Hitler starts to dry heave.

EVA BRAUN (CONT'D)
 Bye Hitler. You fingers in the
 booty ass bitch.

Eva walks out. Hitler calls up to his security.

HITLER
 Du Hast! We have important business
 to handle.

INT. FAST TEAM HIDEOUT - NIGHT

Han, Dom and Ludacris stand around Han as he simulates THE
 MASTER RACE route on his laptop.

HAN

Okay, I called in two of the best racers in Tokyo to simulate the race. This will give us a chance to see exactly how the road plays out in racing conditions.

DOM

Fantastic. Who are the drivers?

HAN

Jimmy Hu and Lee Watts.

LUDACRIS

Damn! Jimmy Hu, I've heard of that guy. He's talented.

The live feed of the race starts on Han's laptop. Jimmy Hu immediately takes the lead.

Tyrese walks in as the race starts.

TYRESE

Oh Shit! Who's in first?

LUDACRIS

That's right, Hu's in first.

TYRESE

That's what am I asking.

LUDACRIS

Hu's in first, Watts in second.

TYRESE

I don't know, you've been watching the whole time, not me!

THERE IS A CLASSIC misunderstanding going on here and I for one am loving it!

TYRESE (CONT'D)

WHO'S in first place right now?

LUDACRIS

RIGHT! Hu's in first!

TYRESE

What's the guys name in 1st place?

LUDACRIS

No, Watts is in second place!

TYRESE
You son of a bitch!

Tyrese and Ludacris start slap-boxing. I told you they were the modern day Abbott and Costello, I fucking told you.

Hobbs comes running in all frantic.

HOBBS
The DeLorean. It's gone.

Dom gets down on one knee and sniffs the tire tracks.

DOM
Sometimes to drive to the future,
you need to brake in the past...

BRIAN O'CONNOR
Where do you think he's going?

HOBBS
I have a bad feeling.

INT. DOM'S HOUSE - PRESENT DAY

Hitler walks into Dom's house looking for Mia. He studies the house and the future.

He picks up an iPad and starts playing Angry Birds on it.

HITLER
Boy, are these birds angry or
what?!

A television is left on in the living room. Donald Trump is once again publicly speaking.

ANGLE ON TV:

DONALD TRUMP
Global warming was invented in a
think tank by the Chinese, the
Mexicans and probably some sort of
low IQ'd disgusting Vietnamese
people.

ANGLE ON LIVING ROOM:

Hitler grabs his collar, he feels uncomfortable.

HITLER
Yikes. He really went there.

DONALD TRUMP (O.S.)
 I think helping the poor and hungry
 is basically a disaster. I won't do
 it. That's just me.

ANGLE ON TV:

DONALD TRUMP (CONT'D)
 I am now announcing my Vice
 President to be... My penis, it's
 strong-willed, handsome and
 absolutely won't take no for an
 answer under any circumstance! As a
 child they tried to circumcise me
 and I peed in the doctor's face. I
 said you better take your fat-ass
 hands and get them away from my
 huge stick. That was me at one
 years old. I was a very, very
 successful baby.

ANGLE ON LIVING ROOM:

HITLER
 This guy is a monster. But he knows
 how to make a speech. I need to
 take some notes from that.

Hitler shuts off the television.

MIA
 Excuse me, who are you?

Hitler turns around and smiles.

HITLER
 We are going to go on a little
 trip...

Mia throws a punch at Hitler, her arm is caught by Du Hast.

Little Jack runs up and stabs Hitler with his Spark Plug.
 Hitler grabs Little Jack.

MIA
 Jack no!

HITLER
 Don't worry little boy, you will
 soon see your father again.

INT. FAST TEAM HIDEOUT - NIGHT

Dom and Brian sit by themselves and drink a Corona.

BRIAN O'CONNOR

I knew you'd be here to save me.

DOM

You never turn your back on family, even if you are in a tight space and the only way to get out of that tight space is to turn around, then you should still keep your back facing your family and never turn it. Ever.

BRIAN O'CONNOR

I'm worried about Mia.

DOM

Hitler wouldn't dare. He's crazy, but he's not suicidal.

BRIAN O'CONNOR

I hope you're right. God... She's such a great mama, Mia.

DOM

I know she is.

BRIAN O'CONNOR

How are the kids?

DOM

I been looking after them. Teaching little Jack to drive a Dodge Charger.

BRIAN O'CONNOR

American made? Bullshit! No way any son of mine would drive an American made car.

DOM

Look I gave him the keys on his third birthday and he didn't protest.

BRIAN O'CONNOR

Unreal.

DOM

He actually ended up driving all the way to the Bank of America on Western before he totalled the thing.

BRIAN O'CONNER

Amazing... Can't believe I missed his first drive.

DOM

I got it on tape. Well so did most of the LA news crews. It was a pretty big deal in our town for a few months.

BRIAN O'CONNER

I've missed so much.

Han comes running in.

HAN

Guys, you are gonna want to see this.

EXT. FAST TEAM HIDEOUT - NIGHT

The DeLorean has been returned. The spark plug that Dom gave little Jack is sitting on the dashboard of the car.

DOM

Guess I mis-judged you Hitler. I guess you do have a death wish.

BRIAN O'CONNER

What's the next step?

DOM

Race is tomorrow at 9 am. I'm gonna beat Hitler, end the Nazi occupation, rescue Mia and the kids, and be home in time to finish grilling the perfect Toretto burger.

BRIAN O'CONNER

If you do that, I'll volunteer to say Grace!

Dom and Brian laugh together. They understand each other. When two troubled kids come from the streets, all they really have is the bond between friends.

DOM

One more thing though, I need the right car for this race... I'm going back to the future.

Dom walks over to the DeLorean. The "*Back To The Future*" theme music starts blasting from the car.

Dom looks over at Tyrese.

TYRESE

What?! I thought it was the appropriate music for this.

DOM

You crazy, man!

INT. DELOREAN TIME MACHINE - NIGHT

Dom sets the year for 2016 and presses the gas.

The car flies out of the hideout. Dom presses the NOS button.

The DeLorean shoots through the space-time continuum. It propels into the future.

Dom tries to hit the brake but... THE BRAKES ARE CUT.

DOM

Oh shit. No brakes. Well-played, Hitler.

The DeLorean shoots full speed past all time and cultures. The years, events and decades fly by Dom.

EXT. WOODSTOCK '69 - DAY

Dom plows through a crowd of people at Woodstock while Jimi Hendrix plays.

DOM

Hendrix. Love that guy.

EXT. THE GRASSY KNOLL - DAY

Dom passes the grassy knoll on the day Kennedy was assassinated.

The bullet that was meant for JFK is taken by the DeLorean when Dom speeds past JFK's car. JFK LIVES!

The crowd doesn't know what just happened. Cops descend on Lee Harvey Oswald.

INT. PARAMOUNT STUDIO LOT - NIGHT

Dom passes through a Hollywood set in the 60's where he sees them faking the moon landing.

DOM
Damn. I've seen too much. SOMEBODY
STOP THIS THING!!!!

EXT. WOODSTOCK '99 - DAY

Dom passes through Woodstock '99 plowing through a crowd of people.

DOM
Limp Bizkit. Love those guys!

EXT. THE TWIN TOWERS - DAY

The DeLorean is now airborne. It propels through space on September 11th, 2001 in New York City.

Dom eyes the terrorist planes coming for the towers, there is an intensity in his eyes.

DOM
You terrorists caught Toretto on
the wrong day.

Dom cranks the wheel and SLAMS his DeLorean into the first plane that was aiming for the towers.

The plane spirals out and falls full speed to the ground completely missing the tower.

Dom's DeLorean goes through the top floor of the Twin Towers and shoots out the window to the other tower just as the 2nd plane is approaching.

DOM (CONT'D)
Playing chicken with a jet... You
gotta understand something
terrorists, America is my biggest
extended family. And I love
family...

Dom makes eye contact with the terrorist that's flying the second plane. The DeLorean continues to propel full speed without brakes.

The DeLorean busts OUT the window for a head-on collision with the second 9/11 terrorist plane. Dom crashes into the head of the plane, diverts the attack and is ejected from the DeLorean.

Before Dom flies totally out of the DeLorean he grabs the Flux Capacitor out of the front dash.

Dom Toretto flies through the air. He just stopped 9/11 but he is not willing to die yet.

As he flails through the air he feels the warm embrace of a man bigger than himself, it is ARNOLD SCHWARZENEGGER, as THE TERMINATOR.

THE TERMINATOR
Come with me if you want to live.

EXT. DOM'S HOUSE - PRESENT DAY

The Terminator and Dom come through a time travel portal into Dom's front yard. If you've ever seen the Terminator you would know that when they time travel they arrive naked.

Dom and The Terminator stand in the front yard completely naked. They feel awkward.

DOM
I'm totally comfortable with this.

THE TERMINATOR
Me too. Happens all the time.

Dom looks at the Terminator's crotch.

DOM
Little chilly?

THE TERMINATOR
No. I tuck it back for time travel.

DOM
Got ya... Well thanks.

THE TERMINATOR
No problem.

The Terminator disappears in a time portal.

Dom makes his way over to his garage.

INT. DOM'S GARAGE - NIGHT

Dom pulls a Corona from his fridge and takes the cover off his 1970 Dodge Charger R/T. He is still completely nude.

DOM
My first love... Time to make one
more customization.

Dom takes the Flux Capacitor and installs it onto the dash of the Charger.

INT. HITLER'S GARAGE - NIGHT

Hitler is putting the finishing touches on his Volkswagen for the morning race.

Eva walks out of the house with her suitcases.

HITLER
You know I am the child of a broken
home. I believe very strongly in
the sanctity of marriage.

EVA BRAUN
You are a murderer.

HITLER
I AM A PAINTER.

EVA BRAUN
And you have that little mustache.

HITLER
Oh, all of a sudden size matters?

EVA BRAUN
It has always mattered Adolf. It
has always mattered.

Eva kisses Hitler on the cheek and walks out. A single tear forms in Adolf's eye. He pulls out the toy Volkswagen he was given as a child.

HITLER
"The only thing that matters is a
man's car."

INT. HITLER'S PRISON BASEMENT - NIGHT

Mia sits awake as her two children sleep. Hitler makes his way to the cell. He quickly fixes his hair in the mirror before going down there.

HITLER

Everything comfortable?

MIA

You took me back in time and put me in a small prison cell.

HITLER

No need to be rude... You know... Your husband and my wife ended up... Doing stuff together.

MIA

That isn't true.

HITLER

So if you wanted to maybe try some stuff to get back at them, I wouldn't really be opposed to it.

MIA

No thanks.

HITLER

Right... Don't know what I was thinking. I hate Americans!!! Ughh... Awkward... I'm gonna go.

MIA

Bye.

HITLER

Bye. All that stuff I just said earlier was a joke. All of it. Bye again!

INT. HITLER'S MAIN ROOM - NIGHT

Hitler runs up stairs embarrassed and in a fit of rage, he grabs one of the clone Brian O'Connors.

HITLER

Go downstairs and tell that woman that she should be nicer to me. And find out where those guys' hideout is.

EXT. HITLER'S PRISON BASEMENT - NIGHT

The clone Brian O'Conner walks downstairs towards the cell where Mia is being held.

MIA
Brian?

CLONE BRIAN
Mia? Yes it is me, Clone Brian... I mean... shit... It's me Brian. Just Brian. None of that other stuff I said before Brian.

Mia seems confused.

MIA
Why did you call yourself Clone Brian?

CLONE BRIAN
Freudian slip!

MIA
What do you mean?

CLONE BRIAN
Look Mia, I'm not a clone. But you should be nicer to Hitler and tell me where Dom is hiding.

MIA
I don't think so. If you are the real Brian, what do you always say to me right before we go to bed?

Clone Brian thinks hard.

CLONE BRIAN
Cars are really awesome and I like going fast.

Mia is impressed but still skeptical.

MIA
Okay, you got that right. One more thing... When is little Jack's birthday.

Clone Brian tries to rack his brain, nothing comes up.

MIA (CONT'D)
That's what I thought. You aren't the real Brian.

CLONE BRIAN
How did you know?

MIA
When you love someone, they look at
you a certain way...

EXT. ARMY BASE - NIGHT

Hobbs drives at full speed towards a deserted army base.

He has a built in blender in his HUMMER that cooks up the perfect protein shake.

Hobbs adds an entire tub of protein powder, a full steak, 40 egg whites and a few granola bars.

He puts a little left over protein on a key and does a bump like cocaine.

HOBBS
Daddy is gonna kill some Nazi scum.

INT. OLD DESERTED ARMY HUT - NIGHT

Hobbs sits across from someone...

HOBBS
So that's it. We'll need your help tomorrow if we want to bring these sumbitches down.

A shadowy head nods yes as smoke billows from a cigar.

HOBBS (CONT'D)
I knew I could count on you.

EXT. THE BRANDENBURG GATE - DAY

The day is upon us. All of Germany is gathered around to watch THE MASTER RACE.

Hitler is on a podium. He seems newly invigorated, lively, and fired up after seeing Trump's speech.

HITLER
German people. I am the best. The best to ever do it. I am smart. I am rich. And I have a really HUGE HUGE penis.

The crowd FUCKING LOVES IT. This is the Hitler they voted into office before he lost all his confidence.

HITLER (CONT'D)

Eva Braun is a pig and disgusting inside and out. I am back on the market and looking for a screw-partner while I run this great country and soon, the world!

The ladies in the crowd go wild. They throw their bras and panties on the stage.

HITLER (CONT'D)

So before we race just know that when I win this race not only am I a great daredevil, but also super rich and have a very large penis that should be celebrated. Thank you all.

Hitler's hair is starting to get wispy and unkempt, a lot like Donald Trump.

Hitler gets off the podium to much celebration. He jumps into his Volkswagen.

Hitler and Dom are lined up at the starting line. Each of them rev their engines.

At the crux of this franchise is engine noises, I mean the rumble just gets the fucking people off. That deep, burly, sensational grit you get from a custom built '72. It's that sort of rumble that gets you thinking... What if I left it all behind? My wife. My kids. Fixed up the old Mustang and drove it to La Paz, Mexico... Anyway, just a thought... Back to the movie!

HITLER (CONT'D)

Feels like a good day for you to die doesn't it?

DOM

I heard you like fingers in your ass.

Hitler gets bright red in the face. He leans over to the passenger side of his Volkswagen and slowly, awkwardly rolls up the manual crank window so Dom can't talk to him anymore.

Hitler signals for Du Hast to come over to his window.

DU HAST

Yes, mein Führer?

HITLER

Under no circumstances does he end
this race alive. Do whatever it
takes.

DU HAST

Understood. We already have a plan
in place...

INT. NAZI PALACE - DAY

Hundreds of Brian O'Conner clones start to file out of the
palace.

Totally in unison all the clones reach into their pockets and
take out a set of keys.

Each of them approach their own Mercedes G-Wagon.

500 Brian O'Connors behind the wheels of cars? OH SHIT.

EXT. THE BRANDENBURG GATE - DAY

Dom looks into the crowd and sees MIA with the two kids being
held at gun point by Du Hast.

DU HAST

Bereit. Set. Gehen!!!! (READY. SET.
GO!)

A pistol shoots in the air. Dom and Hitler take off through
the Brandenburg gate.

Hitler flies past Dom. Dom presses his NOS button but nothing
happens.

DOM

What the???

Hitler holds up a NOS tank.

HITLER

GOT YOUR NOS!!!!!!!!!!

INT. FAST TEAM HIDEOUT - DAY

Hobbs stands around giving a speech to the gang.

HOBBS

Under no circumstance do we let that sumbitch get to the finish line and get to those nuclear weapon codes. If we do it's the end of existence as we know it.

LUDACRIS

There's no way that dude can beat Dom.

HOBBS

And to make absolutely certain of that... I've invited some friends to help us.

Hobbs opens the garage. A humongous TANK pulls forward. The top pops up.

SYLVESTER STALLONE, pops out of the top, smoking a cigar.

SYLVESTER STALLONE

Any room for some Expendables?

The rest of the Expendables start pouring out of the tank, Dolph Lundgren, Arnold, Terry Crews, Randy Couture, CT from the Real World/Road Rules Challenge and Mel Gibson...

HOBBS

Mel. Surprised to see you here.

MEL GIBSON

Why?

HOBBS

You want to HELP us defeat the Nazis? And save the Jewish people?... Just seems sort of... Out of character.

MEL GIBSON

I hear ya. I need to fix my public image though.

HOBBS

Got it. You're in.

EXT. GERMANY STREETS - DAY

Dom manages to catch up to Hitler.

DOM

American Muscle, gotta love it.

As Dom passes an alley, a group of Mercedes G-Wagons start to pour out of it. They follow Dom closely.

DOM (CONT'D)
Looks like we got company.

All the Brian O'Conner clones drive the G-Wagons. They pass a street sign that says "Gas. Schnitzel King. And Auschwitz Concentration Camp: next exit."

The dozens of O'Conner clones form a Swastika with their cars and descend towards Dom.

Hitler is gaining the lead.

DOM (CONT'D)
(on walkie)
If you guys get a minute, I might need some backup.

HOBBS
We're on it.

EXT. AUSCHWITZ CONCENTRATION CAMP - DAY

The Expendables tank crashes through the gate of Auschwitz.

An alarm starts to blare around the camp.

A team of Nazis run towards them but every last Nazi piece of shit dies at the hands and bullets of the Expendables.

Terry Crews puts bullets in-between his pecs and flexes. The bullets shoot out at machine gun speeds. Pound for pound this is probably the most muscular movie of all time.

As Stallone and the gang mow down Nazis, Mel Gibson sets up a table filled with automatic weapons.

All the Jewish people who have now been freed are encouraged to go grab a gun.

Mel hands a Jewish man a machine gun.

MEL GIBSON
Sorry about everything.

JEWISH PERSON #1
No problem.

Mel hands another few people guns.

MEL GIBSON

Sorry.

JEWISH PERSON #2

All good.

Mel continues handing out guns to Jews and apologizing till every Jewish man, woman and child is armed at Auschwitz.

EXT. THE ROAD TO AUSCHWITZ - CONTINUOUS

Hitler and Dom speed towards Auschwitz. Dom shifts and presses on the gas with everything he has.

He looks up like Ray Liotta in "Goodfellas" and sees two German army planes above him.

DOM

Bombs away, boys.

The helicopters start to drop bombs over Dom's car. Dom SWERVES past one bomb and another bomb. They can't catch him.

As Dom speeds down the road he avoids a trail of bombs being dropped on him. He smiles at Hitler.

A BOMB hits the front end of Dom's car and starts to flip the car in the air. One flip... Two flips... Three flips...

As Dom is tumbling through the air in his car, he catches eyes with Hitler and mimics putting fingers in an ass.

The gate to Auschwitz is close... Dom's car flies through it. The car rights itself and keeps driving.

Hitler and Dom crash through Auschwitz and race down the dirt path.

Stallone holds his hand up telling everyone to cease fire.

SYLVESTER STALLONE

We let them race.

As the army of Brian O'Conner clones follows behind them Sylvester Stallone nods his head "now."

The Expendables, The Fast Team and all the Jewish people UNLOAD their weapons on the G-Wagons.

Cars Explode, bodies fly, the stench of gun powder fills the entire country. ALL THE NAZIS ARE FUCKING DEAD.

THIS IS THE BEST MOVIE EVER FUCKING MADE. FUCK YES!!!!!!!!!!!!!!

Dom and Hitler are neck and neck, almost towards the end of Auschwitz and nearing the end of the race.

Dom pulls close to Hitler's car and bumps him.

HITLER

Nein!

Dom bumps him again.

HITLER (CONT'D)

Stop! This isn't in the rule book.
Play fair!

Dom continues to bump Hitler's car, pushing him towards a building.

THE FINISH LINE IS IN SIGHT. ALL OF GERMANY IS WATCHING THIS RACE. THE NUCLEAR WARHEADS AND CODES ARE IN THE DISTANCE.

DOM

If you want to drive Fast then you
better GAS IT...

HITLER

What do these metaphors mean?!!

Dom pulls his E-brake and does a final slam into Hitler's car which spirals Hitler into the Auschwitz gas chamber.

Hitler flies into the large gas chamber room.

The real Brian O'Conner runs up behind the chamber and locks Hitler inside.

Dom runs to the gas knob and turns it on high.

As Brian pumps gas into the chamber ending Hitler's life he sees Eva Braun in the crowd, he smiles at her as she gives him a thumbs up.

INT. GAS CHAMBER - CONTINUOUS

Hitler sits in his Volkswagen alone in the gas chamber as gas starts to pump in. He holds up his toy car.

HITLER

I'll keep you safe.

Hitler unbuckles his pants and shoves the toy car up his ass.

HITLER (CONT'D)

And with that, I am ready to die.

The gas continues to leak into the room.

EXT. GAS CHAMBER - CONTINUOUS

Stallone finishes up his cigar.

STALLONE

I think we're done here.

Stallone throws his cigar on top of the gas tank. The entire building bursts into flames.

All of the German people cheer that Hitler's reign has finally ended.

They end up choosing Dolph Lundgren as their new leader. He is a just leader and treats the people right.

Mia and the kids are free and run up to Brian. Eva Braun is also awkwardly standing around.

BRIAN O'CONNER

Mia, I'd like you to meet Eva...
She was the one feeding me tuna sandwiches while I was captured.

MIA

He loves his tuna.

EVA BRAUN

He certainly does.

Mia and Eva stare at each other coldly.

EVA BRAUN (CONT'D)

You've got a great man, treat him right or I might just come to the future and have a Ben Stiller movie marathon with him.

MIA

Umm Okay? Thanks.

Eva walks away. Brian picks up Jack.

BRIAN O'CONNER

Hey buddy! I heard uncle Dom was teaching you to drive?

JACK

Yes sir! Although the piece of shit alternator on the Charger kept busting out on us.

BRIAN O'CONNER
That's my boy!

DOM
What do you say we go back to the
future?!

The family cheers and piles into the time traveling Dodge.

EXT. DOM'S HOUSE - PRESENT DAY

The entire Fast and Furious gang sits around the BBQ and celebrates what they just did.

TYRESE
So I said to that dude, I've heard
about Mein Kempf but I need to get
back to MEIN KEMPFORTABLE COUCH!

DOM
Hey Brian, remember when I told you
that you owe me 10 second car?

BRIAN O'CONNER
Yep.

DOM
Well now I think you owe me a Nein
second car!

Brian laughs!

BRIAN O'CONNER
You got it! So. Where to next?

DOM
Relax Brian...

Dom nods to his Dodge Charger which he converted into a time machine.

DOM (CONT'D)
We got all the TIME in the world!

The gang cheers and digs into their meal. Tyrese grabs the first burger.

DOM (CONT'D)
First one to touch the food says
grace!

TYRESE

Dear Lord, I am thankful that we
defeated the Nazis, stopped 9/11
from happening and most of all...
I'm thankful for big booty bitches!

Everyone laughs and digs into their food! Until next time
folks...

THE END OR IS IT?

POST CREDIT SCENE

EXT. DOM'S HOUSE - NIGHT

The Fast Family is still around the BBQ. Suddenly a cold wind starts to blow, their hair starts to fly around... Something is landing around them...

Descending through the clouds is the HELICARRIER from the *Avengers* films. It lands on the street in front of the Fast crew.

NICK FURY, pops out of the carrier. Dom grabs his gun.

NICK FURY

Take it easy, I do come in peace.

DOM

What do you want.

NICK FURY

I heard about your last mission. We are looking for some drivers to go into the future.

DOM

Who's we?

The AVENGERS appear to come out of the ship.

IRON MAN

Loved your work stopping 9/11 man. Really exemplary stuff.

NICK FURY

We have big problems. In 2025 as Donald Trump is finishing his 2nd term as president he meets up with Ultron and becomes a DemiGod that we must stop before it's too late.

The Fast crew looks at each and nod.

HOBBS

Let's go fucking kill Donald Trump.
