

GROOVIE GOOLIES #13

DRAC

This place is driving me batty!

SABRINA

Mummy, what's your favorite card game?

MUMMY

Crypt Poker!

WOLFIE

You know who's the strongest man in Transylvania?

FRANKIE

No, who?

WOLFIE

Ghouliath.

HAUNTLEROY

I wonder what Hagatha's fixed for dessert? Ow, Aligator Pears!

BELLA

Here we are at the start of the first annual Ghoulish Olympic Track and Field event. There's the first field goal. And here comes the torch bearer, who's arrival signals the start of the game.

HAGATHA

Hmm, looks like it's gonna be standing room only!

BELLA

Now for the first event, the 100 yard learch. The starting gun goes off in the air, and now the starter goes off in the air. Oh that Wolfie always gets so carried away. The next event is the 100 graveyard low hurdles. Just look at Drac go. He's really got wings on his feet, and the rest of his body too. I call that bat sportsmanship. He's about to cross the feindish line. It's like they say, A floating stone won't let you cross. And now for the final event of the day. The Groovie Goolie Inhuman Race. There's the starting gun, and they're off. There's Wolfie digging in. Oh leave it to Wolfie to go for broke. Dr. Jeckyl and Hyde are running neck and neck. My it looks like Bonapart is a couple of feet in front. And now the runners are approaching the finish line. They're about to break the ribbon.

MUMMY

Oh yeah? That's what you think.

BELLA

Hmm, looks like it's been changed to the cross country run. I'll say one thing, they're certainly getting a run for their mummy!

DRAC

Exercise is so uncouth. Give me painting any time.

BONAPART

Right, who needs muscles anyway?

DRAC

Come along, I'll show you my goolery of artistic monsterpieces. Now here's the famous classic, "Moaning Lisa".

PAINTING

Oh, Moan.

BONAPART

I can see how it's groan on people!
can't make head nor tail out of it.

Blecch who painted that horrible thing. I

DRAC

Vincent Van Gool. He calls it " Self Portrait ". Ah, here he comes now.

BONAPART

Gee, He's so much better looking in his pictures.

DRAC

We've even got Goolihand interested in art.

BONAPART

Hi Gooli, what are you doing?

GOOLIHAND

I'm posing for Bella, she's doing my portrait!

BONAPART

A portrait of you?

BELLA

Haven't you ever heard of a finger painting?

DRAC

I'm carving out a career as a sculptor myself. And this is my first project. Just needs one final touch.

BONAPART

Sure was realistic, Drac!

DRAC

I'm glad it was a hit with you too.

BONAPART

It was, in fact, you've inspired me. I want to be an artist too.

DRAC

Oh, how nice.

BONAPART

Yes, and I want to start by painting you, Drac.

DRAC

Really, be my guest.

BONAPART

Ok, I've always thought you'd look better in Purple.

FRANKIE

Speaking of purple, there's a Purple Crested Meadow Vulture. I've got to report this to the bird watchers club. Now what sort of bird was that? I should've known it's a barn swallow. Wowie my, there's a rare one. A Tassle Tufted Eagle. Make that a Bald Eagle. Golly jeeppers, a birds nest with an egg in it. As a full fledged bird watcher, It's my duty to return it. I better keep it warm til the mummy gets back. There's nothing worse than cold eggs! Uh oh, here comes the mother now. Well golly jeeppers, I was only trying to help out by baby-sitting.

WOLFIE

Man, I reaçon that's what you'd call a boobie hatch.

FRANKIE

Golly jeeppers, who said being a father is for the birds?

MUMMY

Wolfie, what does a baby ghost wear?

WOLFIE

Crypt sheets man, crypt sheets.

BELLA

Ask-it-casket, where do vampires sleep in Vienna?

CASKET

In Bluefanged Faults.

FRANKIE

I wonder what kind of bird is inside? Oh, a Miner Bird.

WOLFIE

Man I just had my Wolfwagon scare-conditioned. Now when it sees a ghost, it folds itself up and hides in its own glove-compartment, with me.

FRANKIE

I wonder what kind of bird is inside? Oh, a Stool Pigeon.

MUMMY

Say, I just heard the Abonimable Snowman has a dog, you know. It's a pup-cycle.

FRANKIE

I wonder what kind of bird is inside? Oh, an Admiral Bird.

DRAC

I should have warned you, the skelevator is quick on the jaw!

FRANKIE

I wonder what kind of bird is inside? Oh, it's a Jail Birs! I needed that!

BELLA

Hello, Bella LaGhostly spooking. Got a problem? Tell it to Bella fella. Todays ghost of honor is from Eerie@Transylvania. What seems to be the problem?

GHOST

Well, er, that is.....

BELLA

Don't be shy, spook right up!

GHOST

Well my problem is that I'm supposed to haunt Hong Fus' Chinese Laundry.

BELLA

So.

GHOST

Watch what happens when I try. Booooo. You see what I mean.

BELLA

Hmm, I think I can get you off the hook.

GHOST

How?

BELLA

It's obvious Hong Fu needs glasses. Here try these on.

GHOST

Bella, you're terrific! What kind of glasses did you give him?

BELLA

Boofocals, what else? Mmmm, smells like Hagatha's cooking up something special.

HAGATHA

Hi, Hagatha here with another wretched recipe from the witches kitchen. But first lets see how our Poultergeist Pop-overs are coming along. You'll notice I only use the freshest Poultergeists. Now todays recipe is for the Broomstick Stew, and I must say, it's sweeping the country. First we take any ol' broomstick that's flying around the house. You'hoo, Broomhilda. Next we add one medium size toad-stool. Be sure that you first remove the medium size toad.

FRANKIE

You'd croak too, if you got near that stew!

HAGATHA

Next we add the usual spices: Scale Of Dragon; Wing of Bat; and Tooth of Newt; and most important, a pinch of Tobasco. Now we stir gently, looks like is't just about ready. Try Broomstick Stew in your own home. It'll sweep you off your feet.

WOLFIE

I'd have given her a wave, but it looked like she already had one. What was that? It is the wolfwagon. The full moon has a strange affect on it. And like his bite is worse than its bark. Wow, Wolfwagon Wo baby, get a grip on yourself. He has flipped his tank but completely. I need halp man but like who?

MUMMY

Faster than a speeding goolie.

BONAPART

More powerful than a loco monster.

BELLE

Able to leap Haunted Houses in a single bound.

BATSO O

It's a weirdo.

RATSO

It's a ding-a-ling.

FRANKIE

It's Super Ghoul!

WOLFIE

Hey Ghoul, I hope you're not just a flash in the pan, man!

FRANKIE

Never fear, I'll get your Wolfwagon under control. Gotcha!

WOLFIE

Quick Super Ghoul. It is headed for Horrible Hall.

FRANKIE

Fear not, my blinding speed will stop him. Stop!

HAGATHA

Looks like he could use more practice in basic draining.

WOLFIE

Look, like there he is, go do it Super Ghoul, man. You're able to leap Haunted Houses in a single bound.

FRANKIE

How true!

MUMMY

That Super Ghoul, always brings down the house, you know.

WOLFIE

Never mind pal, the full moon is gone and the Wolfwagon is back to norman, thanks anyway, Super Ghoul. It was a good try.

HAGATHA

Good try my foot. Look what you've done to Horrible Hall!

FRANKIE

Well Golly jeeppers, I was only trying to help Wolfie!

HAGATHA

You fixed his wagon, Now we're gonna fix yours.

THE END
