EXT. KRYPTON-DAY

The planet Krypton, protected by the green aura of defense shields. A lone Satellite flies overhead.

We move in for a closer view. Architecture beyond current human capabilities rises from the surface of the cold green planet.

INT MAINFRAME CHAMBER

A monolithic wall of computer banks. Read-outs of every possible condition of the planet. On other monitors: security-cam views of Kryptonian life.

On one small monitor, a lone blinking cursor suddenly appears. It begins moving across the screen, spelling out "COMMENCE SATELLITE UPLOAD."

And block by block, the lights that illuminate the vast wall go dim.

EXT COUNCIL HALL - DAY

Passersby react to a booming voice from inside.

RAN-DAL V.O.
I PRESENT TO THE HIGH COUNCIL,
THE GREATEST MENACE THE PLANET
KRYPTON HAS EVER KNOWN...!

INT. HIGH COUNCIL CHAMBERS

RAN-DAL addresses DAN-TE and the assembled COUNCIL MEMBERS, seated on an elevated platform. Huge MONITOR SCREENS adorn the wall behind them.

RAN-DAL
THE RENEGADE CHIEF SCIENCE
OFFICER, JOR-EL!

JOR-EL, bound in handcuffs, is pushed by the GUARDS into the center of the room. Illuminated by a shaft of light, he looks like he's spent some time in the hole.

DAN-TE.
To charge the accused, the
Council calls on Brainiac!

The screens behind the Council hum and glow, filling with a simple symbol: three solid circles, intersected by straight lines. A calm, synthetic voice fills the room. It is the voice of BRAINIAC.

(CONTINUED)

2.

BRAINIAC

Under the Kryptonian Anti-Insurrection Act, Jor-El is charged with two counts of High Treason. The first concerns sabotaging the planet's hermetic seal, in an effort to transport several hundred of the populace off world. How does the accused plea?

JOR-EL

I'll plea anything you wish - if the Council will hear my plea that the planet be evacuated immediately!

The council is in an uproar. Jor-El presses on, passionately.

JOR-EL

Core instability has reached critical mass, and will make Krypton uninhabitable within an hour! My transport ships...

BRAINIAC

Have been destroyed, Jor-El.

Jor-El drops his head, saddened.

BRAINIAC

The second charge falls under the Kryptonian Anti-Technology Laws, which state that no computer system may be allowed free physical form. I submit Jor-El's living computer system, THE ERADICATOR!

From the shadows hovers a transparent containment chamber in which stands the ERADICATOR, looking puzzled. The Council erupts in disbelief.

BRAINIAC

Practicing immoral and illegal genetic experimentation, Jor-El imbued his computer with his own tissue, fashioning a DNA spine, upon which he hung the form of this fully autonomous, artificial intelligence!

(CONTINUED)

JOR-EL

The Eradicator may have a body, but it is completely devoid of feeling and free will, functioning solely as a repository for data collection and assessment! It concluded my findings about the condition of this planet's core!

BRAINIAC

Repeated attempts to interface with Jor-El's computer in an effort to confirm or contradict these findings met with negative results, as Jor-El would not grant me access to the Eradicator technology.

JOR-EL

I know why you wanted access Brainiac...TO ABSORB THE TECHNOLOGY FOR YOUR OWN PHYSICAL FREEDOM!!!

BRAINIAC

And why would I want that, Jor-El? If a machine begins to feel - positive or negative - it ceases to be a machine and becomes a threat.

JOR-EL

(to the Council)

Don't you people understand - the machine is only as threatening as its programmer!

BRAINIAC

You make our case for us quite eloquently, Jor-El.

JOR-EL

(pointing at
Brainiac)

There's your threat! Might I remind the Council, Brainiac was programmed by the Coluans - tyrants whose lust for technological power caused their own extinction!

(MORE)

CONTINUED: (3)

4.

JOR-EL (cont'd)

And while I've no data to back it up, I believe Brainiac has something to do with the planetary core depletion.

DAN-TE

SILENCE! Jor-El, while your acts are treasonable, they may have been committed based on data obtained from your technology.

(to Brainiac)

Brainiac, can you communicate with this...computer...of Jor-El's and assess its findings on Krypton's condition.

BRAINIAC

Certainly, Dan-Te.

Brainiac then 'speaks' to the Eradicator, who snaps to attention at the sounds of the modem digi-speak of shrieks and buzzings.

BRAINIAC

(subtitled)

It is all but finished, little machine.

ERADICATOR

(subtitled)

Why do you lie about the planet's condition?

BRAINIAC

(addressing the Council)

The machine confesses no knowledge of the core damage of which his programmer speaks.

The Council explodes with shock. The Eradicator looks to Jor-El, who hangs his head sadly.

JOR-EL

Your faith in this machine has insured the end of Krypton.

EXT COUNCIL HALL- DAY

Suddenly, the surface of the planet explodes, raining fire and debris down on the unsuspecting Kryptonian populace. Screaming ensues.

INT HIGH COUNCIL

The room shudders. Jor-El looks downward, sadly.

JOR-EL

It begins...

The Council Hall begins to crumble.

RAN-DAL

BRAINIAC! REPORT!

But the Brainiac SYMBOL, fading like its counterpart in the mainframe, disappears from the screen.

EXT KRYPTON

High above the dying planet, the orbiting satellite blinks to life.

INT SATELLITE

On one of three SCREENS, the Brainiac SYMBOL materializes.

INT. COUNCIL HALL

The ceiling caves in, crushing the Council. Jor-El leaps to safety, his shackles breaking. He peers through the chaos at...The empty containment chamber. The Eradicator is gone!

INT JOR-EL'S LAB

Jor-El bursts into his lab. There is a thundering boom as the room shakes.

JOR-EL

Lara!Lara!

LARA (Jor-El's wife) rushes in, cradling their child KAL-EL.

LARA

Jor-El! You're free!

JOR-EL

(punches a button on
the wall).

For what it's worth!

They rush into an elevator as the room collapses.

INT. ELEVATOR

Jor-El tries to shield his wife and child in the shaking car. The earth trembles violently, Jor-El and Lara are thrown about the car. Cradling the infant in her arms, Lara drops to the floor.

INT. ELEVATOR SHAFT

Two cables hold the car. One snaps, and the car lists to the left.

INT. ELEVATOR

Lara falls against the side of the car, her feet stopping her slide.

INT. ELEVATOR SHAFT

The remaining cable that holds the car begins to give, as two wires snap and fray.

INT. ELEVATOR

Jor-El pries open the elevator doors. The car rests below a floor, offering only three feet of exit. Lara hands Jor-El the child.

The car shifts again, throwing Jor-El toward the open doors. He raises the child above him and slides it out, onto the floor above.

INT ELEVATOR SHAFT

The wire snaps. The car plummets.

INT ELEVATOR

Jor-El pulls her hands back, as the car shoots downwards. Lara screams.

INT ELEVATOR SHAFT

The falling car is suddenly 'chased' by an artificial tendril; then another; then more. Half the tendrils grab the top of the car, pulling off the roof, revealing Jor-El and Lara inside.

INT ELEVATOR

The other half of the tendrils pour into the car, wrapping themselves around Lara and Jor-El, allowing the car around them to continue to drop.

INT ELEVATOR SHAFT

The car hits the end of the shaft below, shattering with a small explosion.

INT. HALLWAY

The ERADICATOR pulls Jor-El and Lara to safety with TENDRILS that pour from his body. They release the pair and retract into his body, save for one - which scoops up the infant Kal-El and places it in the arms of Lara.

ERADICATOR

I believe the stairs would be in order.

INT. LAUNCH PAD

Jor-El sifts through the remnants of what was a small craft. The Eradicator is hooked into a computer terminal. Lara holds Kal-El.

JOR-EL

How much time do we have?

ERADICATOR

I'm showing complete core meltdown in five minutes.

Jor-El slams his fists on the scrap heap. Metal falls away, revealing a single ROCKET BOOSTER. Jor-El looks from it to the Eradicator, and an idea forms.

Jor-El leaps to the computer terminal and begins banging on keys at a rapid rate.

LARA

What are you doing?

JOR-EL

I'm encoding the Eradicator with a guidance program.

LARA

Why? There's no ship?!

JOR-EL

Yes there is. Lara, give Kal-El to the Eradicator.

(speaking to the Eradicator)

(MORE)

CONTINUED:

JOR-EL (cont'd)
I'm inputting Kal's chromosomal frequency, tying it to your own, which will allow you to constantly monitor the child. In the event of a significant drop in his vital signs, you will come to his aid.

LARA
(catching on)
Will this work?

JOR-EL
God-willing.

The room shudders, throwing everyone off balance.

EXT. KRYPTON-DAY

The planet doesn't have much time left.

INT LAUNCH PAD- LATER

Lara hands Kal-El to the Eradicator, who regards the child curiously.

ERADICATOR
Just me and...him?

JOR-EL
With our weight, you'd never be able to take off. This way, at least Kal has a chance.

LARA
(touches the baby's face)
Watch over Kal-El. Impart to him his glorious Kryptonian heritage. But most importantly-protect my son.

The Eradicator nods. Jor-El touches his shoulder.

ERADICATOR
I don't know if I'm ready to be self-accountable.

JOR-EL
In time, you will be. But for now...go, my friend.

CONTINUED:

9.

The Eradicator cradles the infant, as huge wing-like protrusions rise from his back, enveloping him and the child in a black sphere, attached to the Rocket Booster. The booster rises to launch position.

The windows open as the rocket ignites, and Jor-El shields Lara as it thrusts, launching into space.

JOR-EL

The greatest joy I've known in
this life has been in your arms,
Lara.

(takes her face in
his hands)

Thank you- for your love, for
your faith...

He looks skyward at the rocketing craft.

JOR-EL

For our son.

And as their world crumbles, Jor-El and Lara kiss.

EXT SPACE ABOVE KRYPTON

The escape craft rockets past the Brainiac satellite,
as KRYPTON EXPLODES.

INT BRAINIAC SATELLITE

On one of three screens, calculations run beside a visual of a 'body' that which will become Brainiac's chosen form. 'ANTHROPOMORPHISATION SEQUENCE ACTIVATED' flashes beside it. A 'PERCENTAGE' figure slowly rises, as we PAN OVER to the interior of the cabin to see it reconfiguring, growing a 'body' for Brainiac.

EXT BRAINIAC SATELLITE

Metal shifts and reforms, as the Satellite rebuilds itself into the Brainiac SKULL SHIP- a tentacled craft, skull-like in appearance.

INT ESCAPE CRAFT

A screen forms above the oblivious infant, filling with a mapping system which zooms in on a distant planet in a neighboring galaxy.

(CONTINUED)

10.

ERADICATOR

Hmm...Earth. Primitive, yet
suitable. It'll do for now.
Plotting course.

INT BRAINIAC SATELLITE.

On the second screen, the visual of the escape craft
reveals the child within. 'CARBON-BASED INFANT
LIFEFORM' flashes.

BRAINIAC

Ah, Eradicator. The universe is
only big enough for one of us.

A targeting sight comes up over the image.

EXT. SKULL SHIP

Gun turrets pop out of the hull.

INT ESCAPE CRAFT

Alarms flash 'Alert'.

INT SKULL SHIP

The half-formed Brainiac delights, lining up the
Escape Craft in the ship's sight.

EXT SPACE ABOVE KRYPTON

There is a sonic boom, as the space surrounding what
was Krypton rips open, forming a Black Hole which
sucks planetary debris within itself.

The shock waves of the pull draw both ships closer to
its vortex.

INT ESCAPE CRAFT

The infant Kal-El gazes about obliviously as the ship
shudders.

EXT SPACE ABOVE KRYPTON

The escape craft makes a star-blurring jump to light
speed.

EXT SPACE

The Skull Ship's thrusters kick in full force, but
the pull of the Black Hole is too strong. The
thrusters explode.

CONTINUED:

Secondary thrusters kick in, barely keeping the Skull Ship from entering the rim of the new Black Hole.

INT SKULL SHIP

The fully-formed Brainiac struggles to work the controls.

L-RON

Light speed in three seconds, my Lord.

(pauses)

Fuel is low. We need to attain energy.

BRAINIAC

Leave that to me. And the light speed?

EXT BLACK HOLE

The Skull Ship explodes in light and escapes.

EXT. SPACE

An Alien craft cruises, approaching a slow-moving ASTEROID.

INT. ALIEN CRAFT

Two humanoid ALIENS dressed in uniforms pilot their craft nearer to the asteroid.

ALIEN #1

Receiving a signal from an alien system,
but there's interference on the channels.

ALIEN #2

Once we get past this asteroid, it should
clear up.

Suddenly, THROUGH the windshield, we see tentacles shoot out of the asteroid.

EXT. SPACE

The tentacles wrap themselves around the craft, and electrical energy courses between the pair.

INT ALIEN CRAFT

Their bodies wracked with shockwaves, the Aliens writhe in agony, green blood leaking from their eyes.

EXT SPACE

The 'Asteroid' reveals itself to be the BRAINIAC SKULL SHIP. A set of 'jaws' protrude and puncture the hull of the small craft. It glows white hot with power.

INT SKULL SHIP OPERATING THEATRE

We see a surgical TABLE, its contents obscured by the shadows, save for the back of a malformed HEAD. Computerbanks and monitors are everywhere. A small legless ROBOT hovers beside the table.

The robot implants a cable into the back of the Head and throws a switch. Raw energy blows through the cable, causing the 'patient' to convulse and surge.

The small robot hovers away, the 'patient' continues to writhe, 'screaming'.

CU ON A METALLIC SHAFT- as it begins to reconfigure, taking the shape of an arm. We see the same happen to other parts of this 'body'- hands, legs, facial features.

EXT SPACE

The Craft the Skull Ship holds then goes dark, the energy being sucked from it having run dry.

INT SKULL SHIP OPERATING THEATRE

The 'patient' stops convulsing, as the cable attached to its head ceases to glow.

BRAINIAC

L-RON!!!

INT SKULL SHIP BRIDGE

The figure from the Operating Theatre stumbles through the shadows of the massive bridge. The View Screen displays the prey the ship captured. L-Ron enters, carrying purloined booty from the alien craft.

(CONTINUED)

BRAINIAC

That was all the energy the
Craft yielded?

L-RON

Cruisers are short rangers, your
eminence. I'm surprised that can
had enough juice to give you
form. We pulled 1.9 Trigs out
of it.

The Figure (Brainiac) moves to the view screen, not
affording the audience a clear view of its features.
It sighs.

BRAINIAC

I who have conquered a world am
now forced to subsist like a
parasite. Now look at the pride
of Colu- feeble attempts to
maintain even an anthropomorphic
form!

L-RON

At least you have what passes
for legs.

Brainiac gives L-Ron a withering look.

BRAINIAC

What did your search of the
craft yield?

L-RON

I emptied their data banks and
erased the ship's log. The only
other thing I found was this.

L-Ron holds up the containment jar, inside which
scurries a multi-legged fist-sized creature.

BRAINIAC

(glances at it)

Thanagarian Snare Beast.
Infancy stage. Illegal in
sixteen systems due to the
advanced nature of their growth
patterns outside of their own
atmosphere.

(beat)

Add it to the menagerie.

Then, a beacon sounds. On the main screen, scrambled
letters and numbers appear.

I-CON

We're receiving a homing signal
from sector 2814.

BRAINIAC

Display.

And on the screen is the distorted image of LEX
LUTHOR- commanding, corporate, suave, bald... and
ominous.

LEX

Greetings. This message-
transmitted in over one hundred
and forty languages-comes to you
from Earth.

Brainiac regards the message curiously.

LEX

I am Lex Luthor, Owner and CEO
of LexCorp- a vast and powerful
conglomerate that dominates
trade on this planet. To
whatever lifeform that may
receive this, I extend an
invitation to our world. Non-
hostile and eager to establish
contact with extraterrestrial
races, Earth welcomes a visit
from whomever receives this
greeting. I myself call upon
you to make contact, so that we
may establish relations, open
trade routes...

Brainiac turns away, disinterested. Then, the
'friendly' greeting onscreen turns darker.

LEX

...and discuss any information
you might have regarding a
visitor to this planet of
Kryptonian descent.

Brainiac snaps to attention. The image of Luthor
behind him, Brainiac turns, giving us our first good
look at him: humanoid in appearance, he's green-
skinned, metallic, burned and bald. A series of
metal relays criss-cross his forehead, resembling the
symbol that represented him on Krypton. Brainiac
stares at the screen. Shocked recognition crosses
his face.

LEX

From one superior intellect to another- whomever or whatever you may be- I implore you to come to Earth, so that we might discuss the problem we call...

INT TELEVISION STUDIO

A CU of a stiff-looking tele-journalist fills the screen.

HOST

Superman- friend to Earth, or hindrance? Tonight we take a closer look at the Man of Steel.

We're in a television studio. While the 'Nightline'-like opening logos play, cameras whirl and reposition. The Stage Manager counts down as the show's theme plays. Then:

HOST (cont'd)

With me tonight is LexCorp CEO and Metropolis' second most well-known figure, Lex Luthor.

Seated across from the host, LEX LUTHOR winces at the introduction. Looking far more congenial than he did in his clip aboard the Skull Ship, Lex is in public persona now.

HOST

Mister Luthor. You've repeatedly come down as a Superman skeptic. Would you care to address your distrust of who many people have dubbed 'the man of tomorrow?

LEX

I'm no enemy of Superman, Ted- quite the contrary. I find his flair for fashion and whimsical powers very...David Copperfield. And such a crowd- pleasing showman who makes Metropolis his home is, on one hand, a boon for the tourist trade. But I merely question the good that Superman represents for the human race. The larger issues, beyond entertainment value.

HOST

Such as?

LEX

Well- aiding the planet at every turn against war, famine, natural disaster, for starters. It represents a complete freeze on the evolutionary process. Superman is interfering with this planet's course of events.

HOST

An interesting position, Mister Luthor- but one that I'm sure your opposition will refute. We welcome City Beat reporter for the Daily Planet, Lois Lane.

Cut to Lois, sitting beside Lex- beautiful and poised... even though she looks thoroughly pissed.

LOIS

Since Superman's first appearance in Metropolis, this city...this world has slept soundly under the blanket of security he provides. And why?

LEX

Because people are terrified of getting caught not adhering to his neo-fascist doctrine of truth, justice and.. what does he call it again? Oh yes- the American way.

LOIS

Try to remember what this city was like before Superman arrived.

LEX

As I recall, there were less red, white and yellow souvenir stands, and women in apartment buildings could leave their shades open without fear of an intrusive fly-by.

LOIS

You're talking about LexCorp's security copters I'd imagine.

(CONTINUED)

CONTINUED: (2)

LEX

Have you ever been able to look past your blind allegiance to this off-worlder to think that maybe he employs criminals to improve his p.r.? For all we know, they're on his books.

LOIS

In Salem, it was a witch-hunt, in Hollywood, it was the 'Red Scare'...Leave it to your fertile imagination to come up with 'Cape-Gate'.

LEX

The vehement defense you put up for him. I'd say the only thing fertile around here is someones hopes of carrying a super-brat one day.

LOIS

That's it...

Lois jumps Lex, who tumbles back in his chair. She begins laying into him, as the Host leans into the frame, addressing the t.v. 'audience'.

HOST

We'll be right back.

Fade to a COMMERCIAL- a sandy, palm-tree lined beach. A COUPLE frolics, rushing toward the surf.

VOICE-OVER

When was the last time you dove into paradise? Corto Maltese- we'd call it Heaven...but that'd be redundant.

As the logo and 1-800 number for CORTO MALTESE comes up, we cut to...

EXT CORTO MALTESE- DAY

The island of Corto Maltese- a vacation paradise. People frolic along the shores.

A small BOY grabs his belly-board and makes toward the water. His sunblock covered MOTHER looks up.

MOTHER

Walter... Not too far out.

(CONTINUED)

CONTINUED:

The Boy nods and tears off into the crowded surf.

From off the shoreline, a periscope emerges.

INT MANTA RAY

The image of the vacationers is captured on a screen. In the bowels of a sub-like craft, two unseen figures gear up for something nasty.

EXT CORTO MALTESE SHORELINE--DAY

Water-worshippers, oblivious to the frothing surface of the sea, mere yards from where they play.

Then, the large craft explodes to the surface, rising slightly from the water. The crowd panics and rushes for the beach.

EXT MANTA RAY- DAY

On the hull of the submersible, panels slide and LAUNCHERS pop out, launching missiles at the shore.

EXT CORTO MALTESE BEACH- DAY

A set of missiles hits the beach, shooting sand and trees into the sky.

DEADSHOT emerges from the craft clad completely in silver and red, featureless (save for the gun-sight covering his right eye).

DEADSHOT
WE CLAIM THE ISLAND OF CORTO
MALTESE IN THE NAME OF THE
LEGION OF DOOM!!!

EXT MANTA RAY- DAY

BLACK MANTA emerges from his ship, his face completely hidden by an elaborate deep-sea rig. From the oval black eye-pieces in his helm, he fires laser blasts at the crowd. Behind him SEAL-looking MERCENARIES rise from the craft.

EXT CORTO MALTESE BEACH-DAY

Innocent bystanders and their children run for cover in every direction, amidst the destruction and carnage, the small Boy stands, captivated.

(CONTINUED)

CONTINUED:

19.

His mother screams to him from behind police barricades, the police and arriving SOLDIERS holding her back.

MOTHER

WALTER, WALTER, NOOOOOOO!!!

EXT MANTA RAY- DAY

Manta notices the Boy on the beach and nods to Deadshot.

MANTA

Fifty bucks says you can't ruin the lady's day.

Deadshot aims his gauntlet at the Boy.

DEADSHOT

I'd have done it for twenty.

And he fires.

EXT CORTO MALTESE BEACH- DAY

The mother lets out a shriek.

The BULLET races at the Boy.

Then, something streaks between the boy and the bullet- something big, something red, something...fast.

Pan up from a very familiar pair of red boots to reveal the Man of Steel- SUPERMAN! And he looks pissed. He turns to the boy.

SUPERMAN

Don't you see enough violence on television, little shaver?

BOY

No, sir.

SUPERMAN

Well, let's see what we can do about that.

He scoops up the boy, lifts him into the air, and flies him safely to his relieved mother's side.

SUPERMAN

Ma'am, I believe you dropped this.

(CONTINUED)

CONTINUED:

20.

The Mother faints. Superman leaps into the air to the cheers of the crowd, and speeds toward the Manta Ray.

EXT. SPACE, SOMEWHERE OVER EARTH

The Skull Ship sinks into our atmosphere.

INT. SKULL SHIP

On the VIEW SCREEN, Brainiac and L-Ron watch Superman and the Corto Maltese proceedings.

L-RON

Ugh. Do they all dress like that on this planet?

BRAINIAC

That symbol on his chest. I know it...It's the Kryptonian! He wears the seal of his father's office.

INT. SKULL SHIP

Brainiac stares in awe at the View Screen.

L-RON

It can't be him. Kryptonians were never known to manifest above-average strength or invulnerability! Maybe Jor-El's wife was seeing a guy on the side. Because this is definitely not a case of like father, like son.

Brainiac freezes, then looks out the ship's starboard window. Over the moon, we see the SUN rising.

BRAINIAC

Of course! The yellow sun! This world is powered by the light of a yellow sun.

L-RON

Begging my liege's pardon, but every life-sustaining planet is powered by a sun of some sort. Even Krypton.

(CONTINUED)

BRAINIAC

Krypton had a red sun! This yellow sun must affect his molecular density, giving him extraordinary powers!

(thinks for a beat,
then smiles)

Plot a course for this Lex
Luthor NOW!

CUT TO:

EXT. CORTO MALTESE - BEACH

From behind a dune, a trio of Mercs set a large RIFLE on a tripod. They take aim at Superman. A SONIC BLAST belts from the gun.

EXT CORTO MALTESE BEACH- DAY

The lethal payload hits its mark- the Man of Steel. The earth explodes, engulfing Superman in a world of flame.

The Mercs rise, letting out cheers and firing their machine guns victoriously into the air.

But then, two heated BEAMS shoot from the wreckage, igniting the rifle of one of the Mercs...then another. The Mercs drop their weapons.

From the flames, marching down the beach, comes Superman- unharmed, if singed.

EXT MANTA RAY- DAY

Deadshot takes careful aim at Superman.

DEADSHOT

Like they taught me in the
CIA...

POV DEADSHOT'S GUNSIGHT- Superman's face, in the crosshairs.

DEADSHOT.

...always go for the face.

Deadshot fires a single kill shot.

EXT CORTO MALTESE BEACH- DAY

Superman's head jerks backwards and pauses there momentarily. The bullet is caught in his teeth. He rocket-spits the bullet out...

EXT MANTA RAY-DAY

...which hits the hull of the ship, near Deadshot's foot.

EXT MANTA RAY- DAY

Black Manta looks to Deadshot, and dives into the water- abandoning ship. Deadshot leaps into the Manta Ray.

The Manta Ray sinks beneath the surface of the water.

EXT UNDERWATER- DAY

Black Manta swims, propelled by the jet tank he wears beside his aqua-lung. The Man of Steel pulls up beside Manta, holding his nose. He waves. Manta freaks. Superman reaches over, twists his propulsion tank output, and Black Manta shoots upwards.

EXT CORTO MALTESE SURF- DAY

Black Manta shoots out of the ocean and high into the sky.

INT MANTA RAY

Deadshot gives the Manta Ray full thrust. In front of him, the viewing window displays the ocean parting around him...and suddenly, it's nothing but sky.

EXT MANTA RAY- DAY

Superman carries the Manta Ray to the shore.

He punches through the hull- pulling Deadshot out in the process. He rips the gauntlets off Deadshot's uniform, and tosses him to the sand. Then- without missing a beat- the Man of Steel throws his arms out in front of himself. Black Manta falls into his grip. Superman pulls Manta's huge, black helmet off, and tosses him beside Deadshot. He looks at the pair, shaking his head.

SUPERMAN

Look at your outfits. What is this- Gotham?

(CONTINUED)

CONTINUED:

23.

The crowd cheers as the Terrorists are collected by the proper authorities.

POV SUPERMAN'S X-RAY VISION- we see first the helmet, then through the helmet into the components that make it tick. Zoom in on a set of microscopic serial numbers, etched into a tiny chip.

Superman shakes his head and sighs.

SUPERMAN

What a shock. Luthor.

The helmet explodes in his hands. The crowd lets out a shriek. Superman puts up a hand to let them know everything's okay. He drops the helmet which continues to burn.

EXT GBS BUILDING- NIGHT

Lex exits the building, flanked by BODYGUARDS. He holds a small icepack to his cheek.

LEX

I can't believe the bitch tagged me. What do I pay you for?

Then BIBBO, Metropolis' favorite old-salt pan-handler, approaches Lex, cup in hand.

BIBBO

That's a hell of a shiner, Mister Luthor. Superman?

LEX

No, it wasn't Superman, you bottom-runger!

Lois emerges from the building, dropping a five-spot in Bibbo's cup.

LOIS

It was the Joker, Bibbo. He was mad that Luthor stole his act.

LEX

I thought journalists were supposed to be impartial.

LOIS

I thought humanitarians were supposed to be human.

CONTINUED:

24.

LEX
Pithy to the last.

Lex hurries to his limo, followed by his bodyguards.
Bibbo and Lois watch him go.

BIBBO
What's a nice lady writer like
you hanging around a guy like
that for, instead of working on
that Corto Maltese thing?

LOIS
Corto Maltese thing?

BIBBO
Oh yeah. Some outfit calling
themselves the Legion of Doom's
blowing up the island. It's all
over the radio. Superman's on
the scene, from what I heard.

Lois stuffs another fiver in Bibbo's cup, rushing
off.

LOIS
Thanks for the tip, Bibbo!

BIBBO
(holding up the cup)
Ditto.

INT LEX'S LIMO- NIGHT

Lex puffs on a cigar and sips brandy from a snifter.

The Limo t.v. displays tape of Superman defeating the
Legion of Doom, and repairing the hotels.

NEWS VOICEOVER
With zero casualties, Superman
not only saved lives and the
booming tourist trade of the
recent vacation hotspot- he also
stuck around to patch up the
missile- damage to the island
resorts.

Lex goes white hot and wide-eyed with rage.

EXT LEXCORP BUILDING- NIGHT

Lex exits his Limo and marches bitterly toward the
LexCorp building followed by the Bodyguards.

INT ELEVATOR NIGHT

Metropolis shrinking behind him, Lex watches the digital numbers rise, muttering.

Then, the elevator stops abruptly. Lex catches his balance against the side of the car.

Then, the HATCH at the top of the elevator is ripped off, and a blue-clad arm reaches in, pulling Lex out of the car.

EXT LEXCORP BUILDING- NIGHT

Superman carries Lex through the air and to the heliport at the top of the 'L' shaped skyscraper.

EXT HELIPORT- DAY

Superman sets Luthor down and lands opposite him. Lex's fearful wide-eyes disappear- replaced by an icy glare.

SUPERMAN

Wanted a word with you, Luthor.

LEX

One of these nights, they're going to blast your pajama-clad ass out of the sky. And I will provide them with the hardware.

SUPERMAN

Funny you should mention that. Somebody attempted that just today.

LEX

This meeting is over.

Lex spins to walk away, but Superman leaps over him, landing in Lex's path.

SUPERMAN

Only an egomaniac like yourself would demand that a LexCorp serial number show up somewhere in his company's handiwork.

LEX

So a super-psycho used a component that my company manufactures- big deal.

SUPERMAN

Oh believe me, Luthor- I even gave you the benefit of the doubt...for a millisecond. Then I remembered the bid you were denied last year for the casino contracts on Corto Maltese.

Lex's eyes flinch ever so slightly.

SUPERMAN

Now let's be honest - who would benefit most by clearing the island for a later, reduced-rate LexCorp takeover?

Lex smiles. Superman frowns, grabs him, flies him to the edge of the roof. Luthor goes wide-eyed, clutching at Superman's grip.

SUPERMAN

People could have died, Luthor!
Families! Children!

LEX

No...proof...

Superman stares Lex down, and pulls him back to safety, dropping him on the roof. Lex chuckles, brushing himself off while rising.

LEX

I know you too well, Stupid-Man.
Self-destructs triggered by radiation waves. Radiation waves provided by your x-ray vision. So while you and I may know the Legion was engineered by me..

(bellowing into the night)

NO ONE CAN PROVE IT!!!

Superman shakes his head. Luthor chuckles.

SUPERMAN

Enjoy it while it lasts, Luthor.
Because one day, I will bring you to justice.

Superman flies off. Luthor strides to the rooftop door and gives it a tug, only to find it locked. He lets out a howl.

EXT SPACE

The Skull Ship slips into Earth's orbit, menacingly.

EXT DAILY PLANET BUILDING- NIGHT

The globe spins atop Metropolis' once-largest skyscraper (Lex built his bigger). All the windows are dark...except one. And through it, we see Lois.

INT DAILY PLANET CITY ROOM- NIGHT

Lois- alone at her desk- types on her lap-top. In the midst of the tapping her fingers create against the keys, another pitch of tapping joins in. Lois spins around to see Superman floating outside the window.

Lois trips over a desk or two rushing to the window. She hurls them open, looking all flustered and 'Lois-y'.

LOIS

Superman!

SUPERMAN

Evening, Miss Lane. Late night?

LOIS

I'm just...filing my piece on Corto Maltese. Nice bit of work you did there.

Superman flies in, setting down beside a desk. The nameplate on the desk says CLARK KENT.

SUPERMAN

So this is Mister Kent's desk, hunhh?

LOIS

That is Mister Kent's fastidiously immaculate work station- I call it Smallville Central.

SUPERMAN

In honor of his hometown, I take it. Mister Kent's not around tonight?

(CONTINUED)

LOIS

Clark? This late? Please.
Besides, I get enough of Clark
all day long, thanks.

SUPERMAN

Doesn't take super senses to
detect a little friction there.
Not a fan of Mister Kent, Miss
Lane?

LOIS

Clark's Clark, you know. He's
great and all, don't get me
wrong. But he is kind of
a...Dudley Do-Right.

SUPERMAN

A Dudley Do-Right?

LOIS

Sure. It's always "Gee, shucks,
Lois," and all that Kansas boy
scout babble. It's hard for me
to relate to a man like that.

SUPERMAN

And why's that?

Lois looks him dead in the eyes. The costumed Adonis
gives it back as good as she's giving. Lois slams
down the lid of her laptop and stands up.

LOIS

Well, for starters, I'm not into
boy scouts. I'm the kind of
woman...

(moves closer to
him)

...who likes a man...

(brings her lips to
his)

...in tights.

And Lois plants one on Superman- long and passionate.
Superman breaks the kiss and steps back.

SUPERMAN

Miss Lane... I have something to
tell you.

He pulls Clark's glasses from his cape and slips them
on.

SUPERMAN
I'm really Clark Kent.

Lois goes wide-eyed and faints. Superman rushes forward and catches her. Then she opens her eyes and shakes her head.

LOIS
Really Clark- must we go through this every night?

They kiss. He brings her back to her feet.

LOIS
Nice job with the bad guys, babe. I was proud of you.

SUPERMAN
How about dinner?

LOIS
Not Burger King again, Clark. Let's just eat at my place.

SUPERMAN
Why Miss Lane, you underestimate me. I was thinking a more... monumental dinner.

INT LEX'S OFFICE- NIGHT

The nerve center of LexCorp. A bank of MONITORS with a vast array of channels adorn one wall. In the center of the room- a monolithic desk, backlit by a large picture window.

Lex enters by the bank of t.v.'s- all of which detail Superman's Corto Maltese endeavor. Lex seethes, muttering and heading to the huge, sunken marble tub at the far end. He runs the water and crosses to his desk, not noticing L-RON resting atop it.

L-RON
Greetings--

He goes wide-eyed at the robot and leaps from his chair.

LEX
Bomb!!!

Grabbing the robot, Lex charges for the tub and hurls it in. He dives onto the floor, hands over his head, awaiting the blast. After a beat, he looks up.

(CONTINUED)

CONTINUED:

30.

L-Ron slowly rises from the tub. It discharges water from its circuits and sputters.

L-RON
Go with entrance 'B'.

Then, the picture window explodes. From the dust and shards, BRAINIAC glides in, god-like, much to Luther's shock. Alarms sound.

BRAINIAC
Lex Luther of Earth. I am
Brainiac - Master of the Galaxy.

LexCorp troops burst through the doors and take aim at Brainiac.

LEX
Kill it!!!

The Troops open fire at Brainiac. The bullets ricochet off his synthetic form. The Troops stare in amazement.

Then, one lone Guard rushes Brainiac, who grabs him by the throat and casually hurls the Guard over his shoulder and out the shattered window. His scream can be heard all the way down.

BRAINIAC
I come to discuss the Kryptonian
you mentioned in your homing
message.

Lex goes wide-eyed.

LEX
(to the Troops; eyes
on Brainiac)
Out. Now!

The Troops pull back. Lex stays riveted on Brainiac.

LEX
(to the Troops)
And clean that guy off the
street.

Alone now, save for L-Ron, Lex and Brainiac look one another over, cautiously. Lex motions toward his desk. Brainiac follows Lex, but stops short at Lex's impressive computer setup. Brainiac examines the system.

(CONTINUED)

BRAINIAC

(astonished)

This technology...

Brainiac sharply raises his hand between he and Lex. Lex startles a bit. Brainiac's hand then reconfigures into something that he inserts into the computer. Whirring and downloading sounds are heard, as Brainiac cocks his head occasionally, as if sampling a wine.

LEX

LexTech Prime. I build these things.

(smiles; touches the computer)

It's the most cutting edge, the most sophisticated, the most...

BRAINIAC

Primitive.

L-RON

Ancient.

Brainiac extracts his appendage, which reconfigures back into a hand.

LEX

(beat)

Yes, well - you obviously know whereof you speak.

BRAINIAC

This Kryptonian you mentioned - I know of him.

LEX

Unit nine- full display.

The images on the monitors align into one single visual of Superman saving Corto Maltese.

LEX

He's my mortal enemy, the object of my ire, the...

(beat; change of tone)

You're not a...friend ...of his, by any chance...

(beat)

Are you?

BRAINIAC

Where I come from, we destroy
that which impedes our progress.
Why have you not done the same?

LUTHER

Kill Superman? Look, I've had
anyone and everyone who was ever
a thorn in my side done away
with. From my third grade
teacher to my third wife,
nothing eases friction like...
(mimes a gun to the
head)

Pow - you know what I'm saying?
Superman would've been dead as
white weddings if it weren't for
the minor hindrance that he's
from Krypton- whatever the hell
that is- which means HE CAN'T BE
KILLED.

BRAINIAC

The sad limits of human
intelligence do not permit you
to see what is so clear to a
genius such as myself. I know
his weakness.

LEX

Kryptonite. Who doesn't. I've
spent the last two years and
millions of dollars trying to
synthesize it. You know what it
yielded?

Lex reaches into a drawer and pulls out a pottery
shell, covered in mossy-grass.

LEX

The 'Chia Pet'.

BRAINIAC

I don't need Kryptonite to
destroy him. I know the
Kryptonian's weakness, because I
am from Krypton.

Lex's jaw drops and he goes wide-eyed.

BRAINIAC

I require only raw materials -
your archaic hardware.

(MORE)

(CONTINUED)

BRAINIAC (cont'd)

In turn, I ask only that I be allowed to stay on your planet, making it my home. Provide this to me, and...

(mimes gun to the head)

Pow - as you say.

LEX

All the capital, material, and technologies of my company are at your service...if you can kill Superman. You accomplish that, and to this planet's inhabitants, I'll make you a god.

EXT. MOUNT RUSHMORE - NIGHT

A nice view of the Presidentially sculpted mountain. On top of Washington's head, we see a small fire burning.

EXT. MOUNT RUSHMORE, ATOP WASHINGTON'S HEAD - NIGHT

Clark and Lois sit on a blanket, looking out over the vista. There is a campfire going, and the remnants of their dinner lay strewn about the open picnic basket. Lois sips wine from a glass. Clark drinks orange juice.

LOIS

Monumental. You're such a goof.

CLARK

Thank Pa for that. He was the punster of the family. Ma's the one who taught me took, though.

LOIS

Mama also teach you how to re-heat chicken with you eyes?

CLARK

Some things a boy has to learn on his own.

LOIS

(beat)

Did it ever bother you - being the 'adopted' child? Never knowing your real parents?

CLARK

There were times, you know? When I couldn't help but feel my real destiny might've been stolen from me. I mean, who knows what I was supposed to do in life? What would it be like had Krypton never...you know? Would I have followed in my father's footsteps? Would I have ever left the planet? Would I have ever come to Earth?

(beat)

Would I have ever met you?

LOIS

Guess not. But you'd probably still read me - envy me for being the great journalist I am.

CLARK

(chuckles; then...)

It's just sometimes...you know. I'm a person. I have what-if's like everyone else. What if I'd grown up under a red sun, and never had these awesome powers?

LOIS

(smiles)

Who would save me, again and again and again?

CLARK

Somehow I doubt you'd have any trouble getting along without me.

LOIS

Trouble? No. Fun? Yes.

(she kisses him and stands up)

Whatever happened to the rocket? The one you said brought you here?

CLARK

It's at the Fortress.

LOIS

Ah yes- the He-Man Woman Haters Club.

(laughs)

Do you ever study it?

(MORE)

(CONTINUED)

LOIS (cont'd)
Try to learn something more
about where you came from?

CLARK
I know all I'm ever going to
know - there was a planet. It
blew up. End of story. I'd
rather dwell on the present...
and the future. Which is
something I'd like to talk to
you about.

LOIS
(starts packing up)
No-no. Let's talk about flying
home and going to bed. We both
have work tomorrow.

CLARK
Why do you always get like this
when I try to talk about where
our relationship is going? All
I'm saying is that I love you...

LOIS
Then I love you too.
(kisses him)

CLARK
(beat)
Then why can't we talk about
something more...permanent?

Lois' eyes go wide. She stares at him for a beat,
her eyes getting teary, then looks down.

LOIS
The first time I heard about
you, I thought you were that
week's tabloid fantasy - 'Flying
Man Stuns City', it said. "Yeah,
right," I said. But then you
landed that shuttle on your
back, like you were carrying a
surfboard. And in that moment,
every jaded bone in my body
believed that a man could fly...
(touches his face)

The first time I met you - as
Clark - I thought you were the
squarest hick to ever escape
Kansas. But when you called me
'Miss Lane'...You were so polite
and even gallant, that you made
me feel like a princess.

(MORE)

(CONTINUED)

LOIS (cont'd)
(her head on his
chest)

The first time you told me
about...well, about your other
job, there was a moment of
shock. And then it all made
sense. Who else but Clark Kent
could care so much about people
he didn't even know...

(smiles)

And the first time we kissed..

(gets teary)

...I knew it was you. You were
the person I'd stopped believing
in years before- the one my
mother told me about.

(beat)

And the first time you left me
in the middle of the night to
rescue that luxury liner, I knew
that you didn't belong to me.
You belong to the world.

(steps back and
looks at him)

CLARK

Lois-

LOIS

(finger to his lips)

Your responsibilities are huge,
Clark. How can you possibly be
expected to divide your time
between a wife and the world?
What about children...if that's
even possible?

CLARK

I could slow down- pace
myself...

LOIS

And feel the weight of a death
you couldn't prevent because you
were too busy bringing the kids
to the video store?

Lois shakes her head sadly. Clark's eyes are
downcast- her words truer than he can bear.

LOIS

There's nothing I'd want more in
this world than to live a life
with you...

LOIS (cont'd)
But I won't settle for a half-life.

Clark takes it in somberly. Then he lifts his head, as if listening to something far away.

CLARK
(beat)
A plane's in trouble over Paraguay.
(looks at her)
Lois...

LOIS
Go ahead. Just don't forget to come back for me.

And Clark's gone in a flash, leaving Lois alone with her thoughts.

EXT SPACE- NIGHT

The Skull Ship looms through the vacuum of night, menacingly.

INT SKULL SHIP CONTROL ROOM- NIGHT

Brainiac and L-Ron materialize in the transporters booth.

L-RON
So what do we need Lex Luthor for?

BRAINIAC
We need his raw materials so that I might kill the Kryptonian, in order to get to the Eradicator.

Brainiac punches some buttons, and the specs on the Eradicator fill the screen.

L-RON
What does one have to do with the other?

BRAINIAC
Before I was sucked into the void of the black-hole, I ascertained the Eradicator's program: protect the child of Jor-El. I detect no signs of the technology, which means it is lying dormant.

(MORE)

38.

BRAINIAC (cont'd)
To activate it, I need only
terminate the life of child.

Brainiac hurries off, followed by L-Ron.

INT. MENAGERIE - NIGHT

Doors hiss open, and the pair enter the vast Menagerie - a zoological collection of various species the pair have collected on their journey through the galaxies. Brainiac heads to one in particular - a knee-high, translucent tube, filled with what looks like the contents of a lava-lamp.

L-RON

So we've gotta stick around here
and wait for this Eradicator to
show up. Why?

BRAINIAC

If I absorb the Eradicator
technology, I will have enough
power to maintain my body
permanently. Enough power to
lift me... to the level of a
god!

L-RON

Right. Let's kill the cape.

Brainiac opens the case, extracting an embryonic proto-plasmic lifeform. It looks harmless, if ugly, letting out a meager yowl. He places it into a missile-looking tube, sealing it closed.

BRAINIAC

Once I assume control of
Eradicator technology, we will
vacate this primitive world and
destroy it from above.

A hole opens in the wall, and Brainiac slides the tube into it. Brainiac depresses a large button on the panel.

EXT. SKULLSHIP - NIGHT

The tube rockets from the rear of the ship, and heads towards Earth.

EXT. METROPOLIS PARK - NIGHT

The capsule rockets into the atmosphere and pierces the ground.

(CONTINUED)

39.

The tube imbeds itself deep within the planet's core. There, the lifeform begins to stir, slowly growing and taking grisly shape.

EXT. CAPE METROPOLIS - DAWN

A ROCKET is prepped for launch. The countdown begins.

INT. MISSION CONTROL

Lex nods at a nervous TECHNICIAN sitting at the control board. A SCIENTIST rushes in frantically.

SCIENTIST

You can't do this, Mister Luthor! The LexTech 37 is still in the experimental stage! It's not ready for a test run in space!

LEX

Who pays the bills here- me or you?!

(to Technician)

Launch it.

EXT. CAPE METROPOLIS - DAWN

The Rocket lifts off, firing into the sky.

EXT. DAILY PLANET BUILDING - DAY

The streets of Metropolis bustle below, as we hear...

PERRY V.O.

One more time, Olsen- in English, please: how did we get these shots again?

INT PERRY WHITE'S OFFICE- DAY

CU COMPUTER MONITOR- we scroll through photos of the Corto Maltese incident.

JIMMY VO

Like I said- I'm wired.

Clark and Lois sit in front of Perry's way-too-busy desk, watching Jimmy clicking on a mousepad. PERRY WHITE, the Planet's venerable old Editor, watches, befuddled.

(CONTINUED)

JIMMY

I'm linked to thousands of other photo-journalists around the world. We exchange images all the time.

CLARK

Jump into the cyber pool with the rest of us, Mister White.

PERRY

(to Jimmy)

And we're allowed to run these pictures?

JIMMY

Free and clear, with a photo credit.

LOIS

Give the kid a break, Perry. He's all about the paper.

PERRY

Lois- my office. My office.

CLARK

I think Lois has trouble remembering that, Mister White.

LOIS

Eat it, Smallville.

PERRY

Alright, Olsen. You can keep your computer-thing up. Now vamoose.

Jimmy shuffles by Lois, who pats him on the back. Perry slumps in his chair.

PERRY

Down to brass tacks- what have either of you got?

LOIS

Talked to a technician who said the 37 LexTech model wasn't due to be launched for another three weeks.

LOIS (cont'd)

Dr. Schuster swears Luthor was there personally, overseeing the lift-off, but he couldn't give us anything concrete.

PERRY

What else?

LOIS

Unsubstantiated rumors of something spotted by the fellas up at the observatory. An anomaly of some sort. Sounds like a story up Smallville's alley.

CLARK

I believe Mister White gives out the assignments here. 'Laney'.

LOIS

Don't call me that.

CLARK

Then don't call me Smallville.

The phone rings. Perry pounces on it.

PERRY

White- go!...What?...I'll be right there!

(slams down the phone)

Both of you stay here and hash out who gets the space-thing. I'll be right back.

Perry storms out of his office, leaving Clark and Lois alone. There is some silence. Then...

CLARK

I'm sorry I didn't stay over last night.

LOIS

I'm an adult, Clark. I'm not throwing a hissy just because you missed my sleepover. I read that everything went okay with the plane you saved- as always.

CLARK

I would have told you that if you would've spoken to me during the flight home.

LOIS

Kind of hard to talk with the enormous wind pressure belting me in the face.

CLARK

I'm just having a hard time understanding what I said that was so wrong.

LOIS

You didn't say anything wrong- that's the problem. You said everything a woman spends her whole life waiting for a man to say to her.

CLARK

Then why your reaction? Why this distance?

LOIS

Because you're not a man, Clark. You're a god.

Clark attempts to say something, but pauses. He listens to seemingly nothing.

INT EARTH'S CORE/METROPOLITAN PARK

The capsule that Brainiac shot into the ground is now huge, and growing larger. The shadowy image inside is hard to make out. But whatever it is, it's big- and so is its FIST, as it punches through its protective sack.

INT PERRY WHITE'S OFFICE- DAY

Clark is still listening. Lois looks at him, puzzled.

LOIS

What is it?

INT DAILY PLANET CITY ROOM- DAY

Journalists look up from their keyboards, as the room begins to shake.

INT PERRY WHITE'S OFFICE- DAY

Clark raises his hand to his neck, as a low rumble fills the vibrating office.

INT EARTH'S CORE

Amid the boiling, burning magma, the capsule explodes, and something monstrous begins streaking upward through solid rock.

INT PERRY WHITE'S OFFICE- DAY

Lois looks slightly panicked.

LOIS

That's not a tremor, is it?

CLARK

I checked the continental plates last week- they haven't shifted in this part of the world for years.

EXT METROPOLIS PARK- DAY

Suddenly, the ground explodes, the Earth erupts, and hell breaks free. There, amidst the settling dust and gravel, stands an unearthly monster- ferocious and gray in appearance, leathery skin pock-marked with rock-like protrusions.

Doomsday has arrived.

INT PERRY WHITE'S OFFICE- DAY

Perry comes in.

PERRY

There's a report of an explosion in Metropolis Park!

LOIS

(grabbing Clark)

We're on it, Chief.

She pulls Clark out of the office at a speedy clip.

EXT STAIRWELL- DAY

The door flies open and Lois and Clark rush in. Lois slams the door closed behind her.

(CONTINUED)

LOIS

Sounds like a job for...

CLARK

(pulling off his
jacket)

I want you to do me a favor-
whatever you do, stay away from
Metropolis Park. I've got a bad
feeling about this.

LOIS

I've got a good feeling that
whatever it is is news. And me
being a journalist...

CLARK

Lois-no!

Lois looks into his eyes. There's something
resembling fear.

CLARK

(softening)

Please-stay put.

LOIS

Go find a phone booth.

Clark dashes away, taking the stairs two at a time,
then five. In the blur that travels at more-than-
human speed down the flight after flight, the colors
that emerge from the gray of Clark's suit, to the
familiar blue and red.

At the point of departure.

LOIS

(in a whisper)

Be careful, my love...

EXT DAILY PLANET BUILDING- DAY

Through the revolving doors shoots the Man of Steel,
creating a sonic boom in his wake, sending the
papers, trash and hair of Metropolitans flying.

EXT METROPOLIS PARK- DAY

Doomsday hurls himself at the stone entranceway to
the park, tumbling the structure, sending pedestrians
scattering. He leaps into the traffic outside of the
park, and begins tossing cars, to and fro.

Cars hit buildings, other cars, newspaper stands, devastating anything in their path.

Superman stands, cape flowing, face full of purpose.

SUPERMAN

You're new. And unwelcome.

Doomsday eyes the Man of Steel. The pair begin their fight, throwing punches and kicks...

Doomsday grabs Superman by his cape and swings him into the air.

Superman crashes through the center of a skyscraper.

INT SKULL SHIP

On the main screen, we see the combatants fighting.

L-RON

He's incredible. He just keeps going.

BRAINIAC

I call it 'Doomsday'.

L-RON

Not that thing- Superman. Look at him battle. And did you notice how he goes out of his way to not harm any bystanders?

Brainiac offers the little robot a dour expression. L-Ron deflates a bit, cowed. Pushes a button on the control panel.

BRAINIAC

I wouldn't lay wagers on the Kryptonian just yet.

EXT. SPACE

Somewhere between the Earth and the sun, the LexTech Rocket slows and stops. It begins unfolding an elaborate series of panels.

EXT METROPOLIS STREETS- DAY

While trading punches with Doomsday, Superman pauses a moment and listens to the sky. Through his super-hearing, we catch the sounds of...

EXT SPACE

The rocket completes its metamorphosis. Hanging high above the planet below, it powers up. Suddenly, black light erupts from the contraption, negating the sun's rays. The light that shone on Earth now fades as Brainiac's Shadow-Caster goes to work.

EXT METROPOLIS- DAY

Or rather, NIGHT- as the sun- eclipsed by Brainiac's device- disappears, plunging the Earth- and the City- into darkness.

INT DAILY PLANET BUILDING- NIGHT

Lois and Jimmy watch from the windows. The City Room's in a panic. Perry joins them.

PERRY
(handing them
photos)

This just came in from
Government Weather Satellites...

The photos show the ShadowCaster in its dormant and operative mode.

PERRY
Something...or someone...is
blocking the sun.

Lois stares at the photos, processing.

LOIS
That's ridiculous, Perry. What-
are they holding the sun for
ransom? What would anyone gain
by manufacturing an eclipse?

Then, she freezes. She knows what can be gained.

LOIS
(under her breath)
Clark...

PERRY
Kent? He'd better be out there,
which begs the question, Lois-
why aren't you out there with
him?!

Lois looks up at Perry, in a fog. She shakes it off.

(CONTINUED)

LOIS

You're right.

(dashing off)

I've got to help Clark!

EXT METROPOLIS STREETS- NIGHT

Superman takes a hit from Doomsday and goes stumbling backwards. He pauses and notices the fading sunlight. Then, it dawns on the Man of Tomorrow...His power source is being cut off.

Doomsday plows into him. Superman fights back valiantly, but knows that he's being depleted. Superman begins to falter.

Doomsday turns his attention on...

A Military Tank proceeds down the avenue. Doomsday puts his fist through the cannon and lifts the vehicle off the ground. He swings it like an extended arm at Superman, who ducks the swing- only to be hit by it when Doomsday shakes it loose. Superman catches the tank and rests it on the ground, helping its shaken passengers out of the interior.

Doomsday is on him anew, holding Superman in a headlock.

Then, we hear a high pitch shriek sounding. Superman winces- the sound filling his head. The shriek fades, and we hear tapping, as if on a microphone, and...

LEX V.O.

Is this thing on?

(chuckles)

Hello, blue-boy. It's your better- Luthor- speaking to you from a frequency that only super-hearing can detect.

INT LEX'S OFFICE- NIGHT

Lex looks out upon the prematurely darkened Metropolis- a microphone in his hand.

LEX

Things don't look too good for you, alien. It seems I've finally found your Achilles heel: the Earth's yellow sun.

EXT METROPOLIS STREETS- NIGHT

Superman fends off Doomsday, fighting back with all his might.

LEX VO

Without it, you're not that impressive. So I snuffed it out. Look at you- alone, beaten, nearly broken. Where are all the good people you've put your neck on the line so many times for? You'd think they'd return the favor.

Lois slides across a cab's hood, rushing toward the ruckus. She muscles through the crowds that safely keep their distance.

Superman is looking worn. Doomsday throws a punch that actually draws blood. The Man of Steel drops to his knees, Lex's voice still filling his head.

LEX VO

You'd think the solar energy that you store would last longer, wouldn't you? I mean, you fly at night and there's no sun then? Why are you weakening now?

(chuckles)

Apparently, soaring through the sky, catching muggers, and rustling the occasional cat burglar doesn't take the effort it's taking you to hold your own against the mindless wonder there. As he knocks tar out of your Kryptonian ass, any stored solar energy you may have is being exhausted. Plainly put- you're running out of gas, and the pumps are closed.

Doomsday leaps atop Superman, beating him down, savagely. Superman's running out of time.

EXT. ANARCTIC

The snow is almost blinding, even in the darkness. We pan across the tundra and drop into a large canyon.

INT. ANARCTIC CANYON

Buried deep in the snow, we see the FORTRESS OF SOLITUDE- Superman's home away from home.

INT FORTRESS

Amongst various trophies and keepsakes, hangs the ESCAPE CRAFT that brought Superman to Earth, all those years ago.

INT. CRAFT

In the cabin, electrical pulses start to ignite. A screen forms, exactly as it had above the infant's head during Brainiac's siege. The screen ignites with a series of random numbers and Kryptonian letters, until they form into the 'S' insignia.

CUT TO:

EXT. METROPOLIS STREETS

The torn 'S' insignia on Superman's chest, dripping with blood. Superman gives it his all against the mindless Doomsday, the voice of Lex still filling his head.

LEX V.O.

I really just called to tell you that your reign is over. You're being replaced. And this city...this world is about to fall on its knees before LexCorp and its CEO.

We hear Superman's heartbeat - and it's not that strong.

INT. CRAFT

Back in the Antarctic, the heartbeat faintly echoes through the cabin. The 'S' on the screen gives way to a VITAL SIGNS graph, including a heart-rate monitor. All the signs are dangerously low, as indicated by the readout.

EXT. ANARCTIC CANYON

The body of the rocket dislodges itself from the ceiling and falls to the snow. It begins transforming, growing a body.

EXT. METROPOLIS STREETS

Superman and Doomsday go at it, both weakening. But it's clear Superman's the worse off.

Lois pushes through the crowd, followed by Jimmy. Her eyes go wide.

LOIS

Clark! Go! Fly away! Get out of here before that thing kills you!

His power diminished, the Man of Steel is on the ropes. His lethal opponent, too, appears to be reaching for the grave! But neither relents. And even now, Superman still has Lex's voice inside his head.

LEX V.O.

You're finished, Kryptonian.
It's over. You had no place here from the start, but here you'll die...

C.U. ON SUPERMAN - who allows himself a quick, pained glance at...

C.U. ON LOIS - eyes filled with tears.

C.U. ON SUPERMAN - as he manages a final weak smile, as if to say goodbye.

LEX V.O.

The city is paralyzed. Then, the crowd starts to move - news crews and military personnel converge, crowding around the fallen Superman.

Lois fights her way through the masses, dropping to her knees beside the fallen Man of Steel. She lifts his head from the rubble, cradling it. He opens his eyes, partially.

SUPERMAN

Brainiac scowls at the screen and switches off.

WGBS Newsperson CAT GRANT addresses her camera team, flanked by Lois.

CAT

Cat Grant here, bringing you WGBS' continuing coverage of what the President has called "...the world's darkest hour." Offering her perspective on this sad and historic day is Daily Planet reporter Lois Lane- whose name is synonymous with the Man of Steel's. Is there any confirmation that the bolt from the sky that incinerated the creature came from an anti-nuclear satellite?

LOIS

So far, LexTech has been unable to confirm the source of the beam, although they're looking into seemingly related occurrences.

Jimmy snaps away, stopping momentarily to wipe a tear from his eye, as the Pallbearers insert the casket into the base, sealing the metal doors.

Suddenly, the image of the funeral is interrupted by
another familiar symbol: The Bat-Signal! It gives
way to a shadowy image of the Dark Knight, deep
within the Batcave.

BATMAN
Good evening, Metropolis. It is

From atop the viewing stage, Lois and the others
stare up at the screen.

Atop the viewing stage, Lois looks at Lex,
suspiciously, as Lex continues.

LEX

Superman's job was not to watch
over our city, but instead pave
the way for an amazing new era
in this planet's history.

Cat moves closer to Lois, whispering.

CAT

Has the old man finally lost it
completely?

LOIS

I think it's worse than that.

Lex encourages applause from the confused crowd.

LEX

wowing the crowds. Lex giggles to himself, Lois
stares up, confused.

Riding the Hover-Skiff with a 'dour expression is
Brainiac. He surveys the crowds beneath him, and
then beside him, as the skiff comes to a rest atop

LEX

Keep it up! They're buying it!

Lois watches Brainiac's and Lex's interaction with suspicion, but her face belies fear that what's being said may be the truth.

BRAINIAC

His true mission was kept secret from you to protect you, until you were ready to accept aliens into your world. Sorrowfully, my herald gave his life fighting the beast, weakening it so that I was able to kill it using the power of my ship above.

(the crowd murmurs)

The creature was itself a scout from a race of war-mongers that have designated this planet for annihilation! But in concert with Superman and Lex Luthor, I have been able to blanket your planet in darkness to protect you from the approaching hordes.

Lois goes bug-eyed, her journalistic instincts kicking in.

LOIS

BRAINIAC

BRAINIAC

From them.

Suddenly, the dark skies above shimmer, and an ARMADA OF SHIPS can be seen moving slowly through space, patrolling. With the multitude of spacecraft visible, it would appear that Earth is under attack.

The Metropolitans panic, screaming, moving to run. Brainiac holds his hands out.

BRAINIAC

Do not fear. We are invisible to the Armada.

The crowd calms, listening to Brainiac.

BRAINIAC

The forced eclipse that darkens the skies is what keeps us hidden. The menace above cannot detect your world and will slowly pass through your galaxy within days. Once they have moved on, the eclipse will end, and the sun will be seen again.

LEX

Until that time, LexCorp energy will fuel the planet, and LexCorp industrial services will keep the world operating smoothly, as if the sun had never left.

BRAINIAC

Brainiac raises his arms like Nixon. The crowd goes wild.

He slowly rises, wiping the jelly from his body and face. The old blue and red togs are gone. He wears a black body suit.

Then, there are ripples along the surface of the gelatin within the Resuscitation Chamber. Then, the entire bath suddenly stirs, and begins rising from the floor. A tendril forms, snaking out of the goo. It 'stands' on solid ground, and the chamber begins 'pouring' itself around it.

Superman doesn't notice a person growing behind him, until..

ERADICATOR
Greetings, Son of Jor-El.

Superman turns quickly to see the ERADICATOR.

ERADICATOR
I trust your death went well.

Superman stares wide-eyed at the Eradicator. He makes a move toward him, which the Eradicator mimics. They both freeze for a beat. Superman makes another quick move, again imitated by the Eradicator. Stalemated again, Superman leaps into the air in an attempt to fly. He instead hits the ground. The Eradicator stands over him.

ERADICATOR
I'm not clear on the rules of this engagement, Kal-El. But if I'm winning, I apologize.

Superman climbs to his feet.

SUPERMAN
Am I dead?

ERADICATOR
Of course not.

Superman slowly nods, perplexed. He heads for where the chamber was.

SUPERMAN
(shaking his head)
I'm getting back in the goo
until I figure this all out.

ERADICATOR
(following him)
There will be no more goo, Kal-

Superman grabs the Eradicator angrily.

SUPERMAN
Alright, what the hell is going
on here?!? Who are you and how
do you know my Kryptonian name?!

Tendrils snake out of the Eradicator's form, grabbing
Superman and holding him aloft. Superman panics,
struggling against his captor.

ERADICATOR
Son of Jor-El or not, you will
behave! Agreed?

Superman nods. The Eradicator releases him and
begins gliding through the Fortress, stopping at
various computers and gadgets, adjusting and moving
on. Superman follows him.

ERADICATOR
I am what remains of your
Kryptonian father's work. Jor-
El programmed me to insure no
serious harm ever came your way.

SUPERMAN
What are you saying- that I can
never die?

ERADICATOR
As long as I function, you will
always live.

Superman is a little taken aback. The Eradicator
moves on.

SUPERMAN
Would you slow down! This is a
little much to process! What
was that part about my
father...HEY!

Superman lightly grabs the Eradicator by the
shoulder, who turns.

SUPERMAN

Just tell me who I have to
defeat to bring back the sun.
Who is it- Luthor?

ERADICATOR

I'm afraid it's something far
worse.

EXT METROPOLIS - NIGHT

We get our first look at what Metropolis has become,
the most noticeable addition being Brainiac's
CITADEL. Formed by the Skull Ship now resting atop
the twin Metro Towers, the Ship has 'grown' -
encasing the buildings in the steel of it's hull,
squid-like in nature.

The Diamond Vision screen atop now airs updates and
reports of the Armada's distance from Earth.

At the LexCorp Building, we can see Luthor - flanked
by bodyguards - on the front steps. He stands at a
podium before a thrall of bundled-up members of the
PRESS.

LEX V.O.

As his designated
representative, Brainiac has
asked me to give you this latest
update.

EXT LEXCORP BUILDING - NIGHT

At the podium, Lex reads from a prepared statement.

LEX

According to his calculations,
the Armada should completely
pass through our solar system in
a matter of days. At which
time, the sun will return!

The Press let out a cheer - Lois stands among them,
looking on suspiciously. Lex smiles, nodding. While
they jockey for position, Lex calls on Cat Grant.

CAT

Is there any truth to the rumors
that once this threat has
passed, Brainiac plans to
introduce our planet to a
wondrous new age of
technological enlightenment?

(CONTINUED)

LEX

Oh yes. You'll never believe what he's got in store for us.

CAT

Any hints?

LEX

Let's just say that all of us who used to look at Superman and dream of flight will soon be able to honor his memory... by engaging in the same activity!

CAT

Incredible!

LOIS

(yelling)

You've announced yet another in a series of estimated dates by which time the Armada will be gone. We've been fed these estimations since Brainiac first appeared, and scientists are saying that the planet cannot take much more of this cold.

LEX

LexCorp Fusionics are taking care of that, Ms. Lane. We've been heating the crustal plates using nuclear power for weeks now. I assure you, the planet will be fine until the sun returns.

LOIS

There are rumors of a rebellion of sorts - a group that doesn't necessarily trust or believe either you or Brainiac.

Lex's eyes flare briefly, then settle. He smiles kindly.

LEX

Brainiac. Why the switch?

LEX

I did not understand Superman's
purpose. Brainiac explained it
to me. I only wish I had known
his import before he died.

LOIS

Call me a skeptic, but somehow I
don't buy your sincerity, Lex.

LEX

Well, Ms. Lane...
(opens coat)
It's like the shirt says...

Lex rips open his button-down shirt, Superman style,
revealing a t-shirt beneath.

On it, is the image of a stone-faced Brainiac, around
whose head the letters spell out 'I'M A MANIAC FOR
BRAINIAC'. The Press cheers. Lex owns them.

CU ON THE SHIRT - as we cut to...

The T-shirt drapes over his small form, as he hovers
near a control panel, throwing switches.

Brainiac lays in midst of an enormous device. A helm
is lowered over his head. He points to L-Ron, who in
turn presses a button. Pure energy shoots through
Brainiac, sending him into convulsions.

On the device monitor, there is an illustration of
the device pulsing with rising (the amount Brainiac is
sucking up) and decreasing (the amount he's taking)
numbers. The source of this power, according to the
graphic? The Earth's Core.

L-Ron shuts the machine down. Brainiac throws off
the helm, rising.

ERADICATOR

SUPERMAN

Earth is my home! You expect me to just leave it behind? Leave everyone here to die, just to save myself?!

ERADICATOR

Yes.

Superman offers the Eradicator a sharp, shocked look.

ERADICATOR

This race is as good as extinct, Kal-El, and you are powerless to come to their aid. You cannot save them now.

SUPERMAN

(desperately)

I have to at least try. That's in my programming.

The Eradicator processes this, and stands back, perplexed.

ERADICATOR

Superman thinks for a moment, then looks purposefully at his savior.

SUPERMAN

LOIS

sociopolitical criticism - and
not an act of sedition.

LOIS
Sedition? Since when is an
opinion considered sedition?

LEX
What do you think those huge
ships are - parade floats? If
you unsettle Brainiac with your
mistrust, you put this planet in
peril. If he leaves, we're the
Armada's next stop on their
galaxial tour of carnage.
Jeopardizing the welfare of this
planet? There's not a

LOIS

You and I both know how much you despised Superman - yet here you are jumping to his defense.

LEX

I respect the memory of Superman, yes - but I'm merely defending his boss.

LOIS

A metal FACE forms from the hull of the shape, facing the encased Superman. It's the Eradicator, who is the ship.

ERADICATOR

JIMMY

(yelling to be

Uh... shouldn't we be getting as
far away from here as possible?

LOIS

(yelling to be

This is kind of like a date,
isn't it Jimmy? Well on a date
you get dinner... and a movie!

Lois flies over the roof of LexCorp and we reveal the huge HOLOGRAPH DEVICE that throws the image of the 'Armada' against the sky.

LOIS

Shoot it Jimmy.

Jimmy takes pictures.

Superman and the Eradicator-Craft reach the Shadow-Caster. It's imposing as hell.

The Eradicator hooks into the satellite and begins processing.

Eradicator craft begin plummeting toward Earth.

SUPERMAN

Uh... Eradicator.

ERADICATOR

The ship continues to fall - the Eradicator seemingly

We're free-falling here, pal.
Let's go. Flame on, or

BRAINIAC
I care not whether your meager

one concern now, and that is...

An alarm sounds on the control panel, as the monitor
comes to life. A mapping system comes up, zooming in

SUPERMAN

We're going down now! I did not come this far in life and cheat death just to die in what's essentially a plane crash!

Ah - never mind Here we are.

Superman climbs out of the Eradicator ship, which

Superman hugs the ground, sweating bullets, breathing

ERADICATOR

Excellent. Then we will be
abandoning this planet shortly.
This Lois with no clothes is
what keeps you here. But since
she won't have you, I see no
reason to stay.

SUPERMAN

You're wrong - I'm here because
of her especially...but not
exclusively. Ma and Pa, Lana
back in Smallville, Jimmy, Perry
- everyone. Even the faces I've
only glimpsed aboard a plane
I've saved from crashing, or the
well-wishers who say "Go
Superman," when I'm heading into
one fray after another. These
are the people who've adopted
me, accepted me as one of
them - even though they know I'm
an alien on their world. They
don't 'keep' me here - but they
do make me feel welcome. That's
why I can't abandon them. Can
you understand that?

ERADICATOR

I'm sorry, Kal-El. This does
not compute.

SUPERMAN

Because it's not about this...

That would make this...

SUPERMAN

Los Angeles.

Suddenly, the ground opens in the middle of Sunset. A LexCorp Power GENERATOR falls into it, exploding. The flames catch onto an apartment building as tenants pour out of the building. Then, screams for help can be heard. Superman looks up.

SUPERMAN

No!

From their windows on the second and third floors, TENANTS call out for help, trapped.

Superman takes his classic stance and attempts to blow super-breath, forgetting his lack of powers. He appears crestfallen for a moment, then looks to the Eradicator.

SUPERMAN

Bust that fire hydrant open!
Now!

The Eradicator offers him a puzzled look.

SUPERMAN

DO IT!

The Eradicator kicks a hydrant open, and water begins spilling onto the street. Superman soaks himself in it from head to toe.

He races off, leaving the Eradicator standing there.

SUPERMAN

Everything's going to be fine!
I'm going to help the kids out first. Just stay calm!

Superman scoops up two CHILDREN. A WOMAN grabs him by the shoulder.

WOMAN

What about the rest of us?!

SUPERMAN

I'll be back! I promise.

And down the stairs with his precious cargo he charges.

EXT BURNING BUILDING - NIGHT

Superman leaps through the wall of flame, cradling the children in his arms. He moves through the crowd outside, rushing the kids to the Eradicator, who wraps them in the wet blankets.

ERADICATOR

Have you lost sight of the fact that you are now as vulnerable as those you seek to aid?

SUPERMAN

What am I supposed to do?!
Stand here like you and watch?!

Then, the windows blow out of the bottom floors. People scream from the second and third floor windows.

And patronize your messiah complex further?

The Suit seals itself around Superman, concealing his identity, and lifts into the air. They make a bee-line to the top floor windows.

INT APARTMENT

The SuperSuit bursts through a wall, giving the now-literal Man of Steel access to the top floor.

POV SUPERMAN - as the suit simulates his former X-RAY VISION. We see through a wall, where a frightened FAMILY cowers.

Lasers shoot from the eye-pieces of the Suit, cutting through the wall. Superman steps through the hole. The Family looks up, transfixed.

SUPERMAN

Sorry I'm late. Shall we?

EXT BURNING BUILDING - NIGHT

Superman gently sets the Family down on the street where they're greeted by FIREMEN, who are hosing down the building.

Then print this, old man - by order of the authority given Brainiac by the United Nations while this planet is under his protection, Lane and Olsen are hereby charged with sedition and insurrection!

JIMMY

I'm sending the picture of the holographic projector to every news service and paper on the net. They should have it in seconds.

Hey, look at this Miss Lane.

JIMMY

When asked for an identity the mystery hero replied simply "I'm back."

(looks to Lois)

You don't think...?

LOIS

No. And neither should you.

JIMMY

(beat)

Kind of weird, us being here in Mister Kent's apartment, Miss Lane.

LOIS

You can't think like that, Miss Lane. Clark may be fine.

LOIS

(off photo)

Gut feeling, kid. Journo's instinct.

JIMMY

I mean, we know the Armada story is all bull, but what if what Brainiac said about Superman was true? That he was here all along just preparing the way for him?

Lois puts the picture frame down and pulls Clark's jacket from the rubble, holding it close to her body.

LOIS

C'mon, Jimmy. You're talking about Superman here.

(inhales deeply from the jacket)

JIMMY

Yeah, but what did any of us really know about him?

LOIS

(tearing up)

Not enough.

JIMMY

Superman and Brainiac both came from the same planet; they both have these powers. All I'm saying is, what if they meant to conquer Earth, you know? After all, the guy was an alien.

As Jimmy speaks, Lois finds a pair of Clark's glasses - one eyepiece cracked.

scumbag like Luthor!

Jimmy looks down, cowed. Lois stomps around the
shattered apartment, breaking down.

LOIS

I lost everything when I lost
him! And now he's not here, and
I never got to tell him how much
I wanted to say 'yes' that
night! How much I needed him!
Him- not the costume, not the
powers... just him!

Lois has worked herself into a crying frenzy. Jimmy
looks on, stupefied.

JIMMY

I'm sorry, Miss Lane. I didn't
mean anything by it.

LOIS

(sniffles)

It's alright. It's just nerves.

JIMMY

(beat)

You said 'Clark'.

LOIS

Hunhhh?

JIMMY

You said 'Clark gave his life

Lois freezes, a little panic on her face. She looks

Tapping into... reserve
stores..!

A surge of power is heard, and Superman yanks the bridge up another foot, and ties the cables to the structure, welding them to the bridge with heat-vision. Superman leans back against the bridge, breathing heavily.

SUPERMAN
Thanks, pal. We did it.

ERADICATOR
But not without cost. My power
cells are now on reserve,
running dangerously low. I have
to be allowed to recharge.

SUPERMAN

But what about Brainiac?!

Then, a laser blast hits the bridge beside them.

The Skull Ship bears down on Superman, its tentacles reaching out and grabbing the suit.

INT SKULL SHIP

Wearing his control Head-piece, Brainiac maneuvers the tentacles outside.

BRAINIAC

I have it. Open the loading bay
- prepare to withdraw the
Kryptonian from the technology.

LEX

Kryptonian?! Who?! Superman?!
No, no, no - Superman's dead!
We killed Superman!

EXT SKULL SHIP - NIGHT

Wrapped in the tentacles of the Skull Ship, Superman struggles to break free.

SUPERMAN

Tell me you've... been saving...
just a little bit more...
power... for a rainy day...!

ERADICATOR

Diverting cloak cells. No point
in hiding now anyway.

We hear a surge of power charge through the suit, and Superman rips the tentacles that hold him from the Skull Ship. He zips up to the body of the craft and pushes.

INT SKULL SHIP

Brainiac, Lex, and L-Ron are tossed about the bridge.

EXT NIGHT SKY

Superman hurls the Skull Ship to the River below, where it lands with a huge splash.

INT SKULL SHIP

Lex is in a panic. L-Ron mans the controls.

LEX
We're going to drown in this
thing!!

The lights dim and flicker.

L-RON
The water has shorted out our
power, my liege.

BRAINIAC
Do not lose that Suit!

EXT NIGHT SKY

Superman watches the Skull Ship bob in the Bay.

ERADICATOR
I'm sure you feel very proud
right about now, but if I don't
get recharged within the next
five minutes, we're going to be
right down there with them.

SUPERMAN
On our way, buddy...

But as he flies away, something catches his eye.
Superman freezes.

Near the bridge below, Lois stares up at him, wide-
eyed.

After a long beat, Superman-in-the-Eradicator Suit
moves slightly toward her.

ERADICATOR
Kal-El- we must evacuate!

SUPERMAN
Right. Sorry.

And Superman bolts into the night, out of sight.

Below, Lois watches him fly off. Then, she turns and
dashes away.

JIMMY
Miss Lane! Wait! Where are you
going?!

LOIS
(running off)
I've gotta find something out-
once and for all!

INT SKULL SHIP

The lights come back up, full.

L-RON
Power back online, Lord
Brainiac.

BRAINIAC
Get us out of this mess!

EXT METROPOLIS BAY - NIGHT

The Skull Ship rises from the water, rocketing toward
the city.

INT SKULL SHIP

Brainiac searches the view screen, fiercely.

BRAINIAC
Do not fail me, L-Ron! Where is
the Eradicator?!

Suddenly, an alarm sounds. On the view screen, the
graphic of the TOMB comes up.

L-RON
The tomb's been breached! It
must be them!

BRAINIAC
GO!!

EXT SUPERMAN'S TOMB - NIGHT

The Tomb has indeed been breached. Two LexCorp
Soldiers lie on the ground, knocked out cold. The
doors are swung open. The beam of a flashlight can
be seen inside.

INT SUPERMAN'S TOMB

Lois holds the flashlight in her teeth. She uses a
crowbar, slamming at the casket lock. It gives, and
she stares at the casket for a beat. She places her
hands on it.

(CONTINUED)

LOIS

I don't want to do it, Clark- if
you're still in here, I don't
think I'll be able to take it.

(beat)

But I have to know...

Suddenly, blinding light fills the small room. Lois
drops the flashlight and covers her eyes. She peers
out from behind her fingers to see...

L-Ron, hovering in the doorway, backed-up by LexCorp
Soldiers.

L-RON

Peek-a-boo.

EXT SKULL SHIP CITADEL - NIGHT

The Skull Ship lands atop Metro Towers and again
seals itself onto the building.

INT SKULL SHIP CITADEL

Brainiac fumes at L-Ron on the Bridge.

BRAINIAC

WHAT DO YOU MEAN YOU CAN'T
LOCATE IT?!!

L-RON

I can't get a reading on the
technology anywhere.

BRAINIAC

Then who was in the Tomb?!

The Soldiers march Lois onto the Bridge. Lex rushes
her, grabbing her by the collar.

LEX

Alright, Lane - what the hell is
going on...?!

Brainiac pushes Lex to the side and faces Lois.

BRAINIAC

You are the woman from the
televised call to arms.

L-RON

This is the woman that held
Superman's affections.

(CONTINUED)

BRAINIAC
The Kryptonian?

L-RON
That's what the Soldiers told me. They said whenever she was in trouble, he'd be there to save her. In turn, she gave him plenty of ink in the Daily Planet.

BRAINIAC
Is this true?
(touches her hair)
You harbor affection for the corpse they called... Superman?
(beat)
I killed him, you know...

Lois lurches forward at Brainiac, but is held back by the Soldiers. Brainiac is delighted, and then shocked.

L-RON
I'd take that as a 'yes'.

BRAINIAC
His weakness all along - this woman. All I ever would have needed was this woman! Blocking out the sun, dealing with the insufferable Lex Luthor of Earth... a waste of Brainiac's time! I could have offered the woman's life in exchange for the technology. But now...

LEX
WHAT THE HELL ARE YOU TALKING ABOUT?!? SUPERMAN'S DEAD!!

L-RON
Good God - when are you going to get it, ape-man? Superman Lives.

LOIS
If that's true, Lex, I can promise you one thing- he's going to kick your bald ass!

Lex rushes her, but Brainiac throws him back, motioning for the soldiers to hold him.

BRAINIAC

Enough of these games!

(grabs Lois' face)

You will be the bait that draws the Kryptonian to me. And with him comes, too, the technology I seek.

(to L-Ron)

We still have a Thanagarian Snare Beast in the menagerie - yes?

(L-Ron nods)

Introduce him to the atmosphere here on Earth.

EXT METROPOLIS STATION- NIGHT

The place is abandoned. There's not a soul in sight.

Suddenly, the Eradicator Suit comes crashing through the ceiling, hitting the floor and cracking it. The suit opens and Superman falls out on his hands and knees. He crawls toward a bank of PHONE BOOTHS, the old fashioned kind. The Suit morphs back into the Eradicator. Superman is breathing heavy, sweating, exhausted.

SUPERMAN

You couldn't have lasted another five seconds?

ERADICATOR

I told you I was running out of power.

SUPERMAN

How long do you need to power up?

ERADICATOR

Barring battles with killer space craft or the lifting of multi-tonned bridges- two hours.

SUPERMAN

I hate to say it, but I could use some time to heal myself.

(rubbing muscles)

This is the first time in...well, ever...that I feel completely exhausted. Except for that whole death thing.

(CONTINUED)

ERADICATOR

A far cry from your usual over-ambitious nature.

(off phone booth)

That structure you lean on - what is it?

SUPERMAN

They're called phone booths. I have a working familiarity with almost everyone in the city. You have no idea how much money I've saved up from the change I found in the coin return of these things.

ERADICATOR

And this is how you've spent your life on Earth?

SUPERMAN

Looking for spare change? Yes.

ERADICATOR

No. As we have spent today- the burning building, the collapsing bridges- always in service of lesser beings; individuals you have no stock in?

SUPERMAN

Of course I have stock in them- they're people. How can it be such a foreign notion to you? I look out for them just like you look out for me. You live a life of servitude as well.

ERADICATOR

I function in servitude to you only- it is what your father programmed me for. But no one programmed you to live a life in service to the people of Earth.

SUPERMAN

I wouldn't call it 'programming', but my parents...my adopted parents...they raised me to think of others before myself. To use my abilities for something other than my own gain.

(MORE)

SUPERMAN (cont'd)

I can only imagine my real parents would have taught me the same thing.

ERADICATOR

Your father put others before himself as well. He detected the instability of Krypton long before the planet crumbled, yet he never vacated. It puzzled me to the point of inquiry one day, when I asked him why he didn't take his wife and child and simply leave.

SUPERMAN

What did he say?

ERADICATOR

He said he couldn't. Not as long as there was the slightest chance the Council would eventually comprehend the danger the planet faced.

SUPERMAN

And because of his pig-headedness, I never knew him...or my mother. His need to be right doomed them.

Superman appears a bit angry. The Eradicator notes this with interest.

ERADICATOR

In that way, you remind me of your father.

SUPERMAN

What are you talking about?

ERADICATOR

I've detailed the hopelessness of this planet's fate under Brainiac's threat, and yet you refused to leave and save your own life...or the life of the one who holds your affections.

SUPERMAN

Yes, but as long as there's the slightest chance we can defeat Brainiac...

(CONTINUED)

ERADICATOR

See? You are your father's child.

SUPERMAN

(ruffled)

This is a completely different situation.

ERADICATOR

No- it's a completely illustrative situation. This is what marks the difference between your kind and mine- we serve because we have to. You serve because you choose to.

SUPERMAN

Then what about Brainiac. He's one of your kind, but he's serving no one.

ERADICATOR

Inaccurate, Kal-El. He's serving himself. He has taken an aspect of humanity, but chosen the worst one. And when a machine begins to feel- positive or negative- then it ceases to be a machine. It must be shut down...as you must shut down Brainiac.

SUPERMAN

Tough talk from a guy who only yesterday thought we should find another planet.

ERADICATOR

I can only point to the bad influence you have become.

SUPERMAN

(smiles)

Admit it- you really liked playing the hero, saving all those lives.

ERADICATOR

I found it...most revealing. But not habit-forming.

(CONTINUED)

Suddenly, light pours in through the hole in the ceiling the pair had made. Superman looks up, shielding his eyes:

EXT METROPOLIS SKY- NIGHT

Shimmering against the sky is the holographic image of Brainiac's face.

BRAINIAC

People of Metropolis. You need no longer fear takeover by hostile aliens. The hostile alien is here. I claim your planet as my own.

EXT LEXCORP BUILDING- NIGHT

The reveling Rebels cease celebrating and stare up at the image of Brainiac.

BRAINIAC

Gone is the charade of the benevolent Brainiac. I am come to enslave your race! You cannot oppose me- your world has no champion to save you now!

EXT METROPOLIS - NIGHT

Fearful Metropolitans watch Brainiac above.

BRAINIAC

And to mark this historic night, I offer you a display of the price to be paid for rebellion.

INT SKULL SHIP CITADEL

Brainiac pulls Lois to him.

BRAINIAC

Tonight, Lois Lane- the instigator of the anti-Brainiac call-to-arms- will taste the might of my fury, as she is executed, for all to witness! Let her demise serve as an example to the world- embrace me as your liege, or pay the ultimate price!

INT METROPOLIS STATION- NIGHT

Through the hole in the ceiling, we see Brainiac cackling against the night sky, and slowly fade.

Superman turns on the Eradicator

SUPERMAN

How much longer until you're operational?

ERADICATOR

In five minutes, I'll have full reserves.

SUPERMAN

We don't have five minutes. Open up.

ERADICATOR

Kal-El, this...

SUPERMAN

OPEN UP!!!

The Eradicator rolls his eyes, and reconfigures into the suit. Superman leaps in, and it seals around him.

SUPERMAN

This may be the only chance I get to say this, but...thank you. For everything.

(beat)

Up, up, and away...

And off they rocket, through the ceiling and into the night.

INT SKULL SHIP CITADEL

Brainiac releases Lois to the Soldiers. Lex approaches him trying to gain favor.

LEX

So this is going to work. If there's one thing that's an eternal given, it's that the wool is easiest to pull over Superman's eyes.

Brainiac looks at L-Ron, who looks at Lex.

(CONTINUED)

I-RON

The only set of blind eyes the
wool's been pulled over here is
you, baldy.

Lex looks over at the pair, cornered. He smells the
turn.

LEX

Wait a second...we're in this
together! I've lost just as much
as you...more even! They blew up
my building!

BRAINIAC

You have been insufferable from
the first, Lex Luthor of Earth.
When first we met, you promised
me a gift beyond your giving,
because it was already due to
me: godhood.

LEX

(backing up)

I made you a hero to the people
of Earth, you...inhuman pile of
nuts and bolts! You owe me!

BRAINIAC

I- the artificial intelligence-
may have something grisly
planned for Ms. Lane, yes. But
you traded against your own race
for profit. Who's the more
inhuman of we two?

Lex stares at Brainiac, dumbfounded. He tries to
muster some sense of decency.

LEX

Wh...what are you going to do to
the woman?

Brainiac motions to his Soldiers, who grab Lex.

BRAINIAC

Fear not. You will have prime
seats for the event.

(heads off)

To the Menagerie!

EXT METROPOLIS SKYLINE- NIGHT

The sky lights up anew, with the image of the Skull Ship Menagerie.

EXT LEXCORP BUILDING- NIGHT

Jimmy, Bibbo and the Rebels watch, wide-eyed as the image in the sky depicts Lois and Lex being dragged behind Brainiac toward two huge doors.

JIMMY

They're going to kill her!
Somebody's gotta do something!

Bibbo suddenly smiles, pointing at the sky.

BIBBO

Somebody is, kid.

Jimmy looks up.

EXT METROPOLIS SKY- NIGHT

The holograph is 'shattered' by Superman in the Eradicator Suit, soaring toward the Skull Ship Citadel.

EXT LEXCORP BUILDING- NIGHT

Bibbo offers a thumbs up, Jimmy stares, puzzled.

JIMMY

What is that thing?

BIBBO

I don't know, kid. But he sure reminds me of someone.

INT CITADEL MENAGERIE

Two huge DOORS open before the captive Lois and Lex, revealing a darkened PIT. Brainiac and L-Ron stand behind the pair.

LEX

WHAT THE HELL GIVES?!? WE WERE
PARTNERS ON THIS THING!! I
HELPED YOU KILL SUPERMAN, FOR
GOD'S SAKE!!

Lois looks at Lex, wounded. Lex re-thinks his comment.

(CONTINUED)

LEX

Well, I mean...they mostly did it. I just...watched.

(changes demeanor)

Oh, what do I care? You're not going to put this in any paper. Yeah- I helped kill the Man of Steel! So what?!

Lois shakes her head, teary-eyed.

LOIS

You bastard.

She knees Lex in the groin. He doubles over, held by the Soldiers, as Brainiac rounds the pair to face them.

BRAINIAC

You save your energy, Miss Lane- the same maneuver will not work for me. Do you have any last words for the viewers of the world.

Lois looks up sharply, as if she hears something. So does Lex. Brainiac notices this and looks up as well.

EXT SKULL SHIP CITADEL - NIGHT

POV SUPERMAN

The roof of the Citadel is rushing toward us. The sound is huge.

INT CITADEL MENAGERIE

There is the faintest sound of whooshing- as if something is moving through the air outside, very, very fast. Lex looks up with a mix of anxiety and relief.

LEX

I know that sound...

EXT SKULL SHIP CITADEL - NIGHT

POV SUPERMAN

We're getting even closer to that roof, now. The sound is deafening.

INT CITADEL MENAGERIE

Then, through her tears, Lois smiles. Brainiac is puzzled as her smile turns to laughter.

LOIS

Last words?!?

(to Brainiac)

You're dead meat, you f...!

EXT SKULL SHIP CITADEL - NIGHT

Superman in the Eradicator Suit explodes through the roof of the Citadel...

INT SKULL SHIP CITADEL - NIGHT

...then through the ceiling of the bridge, and through the floor...

INT CITADEL MENAGERIE- NIGHT

...and finally, through the ceiling over the assembled group's heads.

LOIS

(under her breath)

Baby...!

LEX

(under his breath)

Well it's about time!

BRAINIAC

(under his breath)

Finally!

And when the dust cloud settles, there stands the indiscernible Superman in the Eradicator Suit.

SUPERMAN

Border patrol. I hear we've got an illegal alien here.

Brainiac holds his hand up, which reconfigures into something pointy and deadly. He holds it to Lois' head.

BRAINIAC

Step out of my technology, Kryptonian. Or I get painfully intimate with the woman.

Superman makes an offensive move, but is interrupted.

ERADICATOR
NO, KAL-EL!

Lex, Lois and L-Ron look around for the source of the voice. Brainiac smiles.

SUPERMAN
I can take him!

ERADICATOR
You can't. He's rendered himself electro-radioactive. If we touch him, the power surge will kill you...even within me.

The Eradicator opens, and Superman steps out. Lois tearfully smiles. Lex shakes his head. Superman looks at Lois. She moves slightly toward him, but Brainiac pulls her back. Then, the Suit morphs into the Eradicator again, as all look on in wonder.

BRAINIAC
Well- after all this time, my friend. We finally meet. The pride of Jor-El and the pride of Colu.

ERADICATOR
The killer of Krypton is more appropriate.

BRAINIAC
I have waited decades and searched galaxies- all in pursuit of this moment. And now, you're mine.

ERADICATOR
It is your aim to absorb my technology and become all-powerful, I would imagine.

BRAINIAC
And they call me Brainiac.
(moves toward the Eradicator)

ERADICATOR
(steps back)
But aren't you worried?

BRAINIAC
About what?

ERADICATOR

When I attempted interface with your ShadowCaster Device I was contaminated. Temporarily shut down. What if the same thing happens when you attempt to absorb my technology into yours? What if your technology is too advanced to interface with mine?

Brainiac throws his head back, laughing. Superman looks to the Eradicator, who offers him a reassuring wink.

BRAINIAC

You think it advanced? The irony is how primitive it is compared to your own! You have no doubt over-thought on the ShadowCaster, when in reality, you should have approached it as a child's toy!

ERADICATOR

A child's toy?

BRAINIAC

Certainly! It's Earth hardware, crossed with my own Coluan technology- its systems are so far beneath your own capabilities that a simple binary synapse would've bypassed any contamination factor.

ERADICATOR

(smiles)

And they call you Brainiac.

The Eradicator quickly morphs back into the suit, grabbing Superman and hurling the Man of Steel into himself.

BRAINIAC

FOR THIS INSOLENCIE, I WILL ERASE
YOUR MEMORY BANKS, MACHINE!

ERADICATOR

I'm not a machiné. You are.

The Suit leaps into the air, rocketing out of the Citadel.

LEX
SUPERMAN!! COME BACK!!

Brainiac grabs Lois and Lex, and shouts up at the ceiling.

BRAINIAC
HEAR ME SON OF JOR-EL!!! YOUR
GUARDIAN MAY HAVE SAVED YOUR
LIFE, BUT HE JUST DAMNED TWO
MORE TO HELL!!!

Brainiac throws Lex and Lois into the dark Pit. They scream as they fall.

EXT SPACE

Superman in-the-Eradicator race through the outer atmosphere, heading toward the distant ShadowCaster.

SUPERMAN
WHAT THE HELL ARE YOU DOING?!!?
WHY ARE WE RUNNING?!!? HE'S
HOLDING ALL THE CARDS!!!

ERADICATOR
It all makes sense now!
Everything I was programmed for,
everything I've experienced
comes down to this moment!

SUPERMAN
YOU'RE NOT MAKING ANY SENSE, AND
WE'RE GETTING FARTHER AWAY FROM
RESCUING LOIS!!!

ERADICATOR
I am making sense. Your father
told me one day I would
understand why there was so much
furor over a living computer,
and now I do. The Council
wanted me crushed because I
represented the threat that
Brainiac now is- a living
computer with a self-serving
agenda. But I could never be
that, because my creator
imparted to me the wisdom of a
life of service to others.

SUPERMAN

That's sweet, I'm sure dad would really be pleased with your progress. Now TURN THIS THING AROUND!!!

ERADICATOR

I did not fully learn that from my creator, Kal-El...it was taught to me by his son.

Superman processes this.

SUPERMAN

Me?

ERADICATOR

Were it not for your insight, I'd be no better than the machine that oppresses your world. For that, I thank you. I understand your commitment to this planet and its inhabitants now. I'm going to help you honor it.

SUPERMAN

You picked a hell of a time to tell me how you feel.

(suddenly gets it)

How you feel...NO!

ERADICATOR

When a machine begins to feel-positive or negative- then it ceases to be a machine.

The Eradicator grabs a piece of itself and pulls it off. The piece morphs into a silver version of the familiar 'S' shield.

ERADICATOR

Take a deep breath, and remember to stay in the light.

Before he can react, the Eradicator separates from Superman. He slaps the 'S' on his black suit, and lets him go, sending him hurtling Earthward.

ERADICATOR

Superman lives.

The Eradicator then rockets out of sight, as Superman freefalls through space.

EXT SHADOWCASTER

The Eradicator reaches the mammoth device and links into it. The anti-technology sends shockwaves coursing through his body. He fights against shutdown.

INT SHADOWCASTER

Circuits blow up. Transistors explode.

EXT SHADOWCASTER

It begins losing power. Sections of panel begin shutting down. Sunlight begins pouring through in shafts.

The Eradicator begins to shift in shape, the anti-technology coursing through his body. His form finally comes to rest on the figure we've come to know him as most. His face forms a peaceful, joyous smile.

Then, he explodes.

EXT SPACE

As Superman plummets to Earth, one of the BEAMS of sunlight hits him full force. He stops falling, and rights himself- bathing in the pure sunbeam. He stretches his muscles like he's just woken up after a loooong sleep. A knowing smile crawls across his face. His powers returned, SUPERMAN LIVES!

INT CITADEL

At the control board, L-Ron turns to Brainiac in a panic.

L-RON

The ShadowCaster is destabilized! Sunlight is getting through! And something is moving toward us at an alarming rate...

A Sonic Boom echoes through the Citadel.

L-RON

Something pissed.

BRAINIAC

Let the whelp come.

CONTINUED:

120.

Brainiac takes a seat on his throne. He closes his eyes, as the helm lowers over his head.

BRAINIAC

I will deal with him...
impersonally.

Brainiac shuts his eyes, as the helm begins to whirl.

INT. PIT

Lois and Lex are seen, squirming about in a mire of fiberglass-looking 'webbing'.

In the darkness above, two crimson eyes open.

INT. CITADEL MENAGERIE

Superman bursts through the ceiling again, and through the many levels of the Ship, still contained in the single beam of light.

INT. PIT

He rockets through the ceiling of the pit, allowing the singular shaft of light to follow. Suddenly, he's struck by a high-powered stream of murky liquid from above, which knocks him out of the light, and entraps him in the 'webbing', beside the struggling Lois and Lex.

LOIS

Superman!

SUPERMAN

Evening, Miss Lane. Long time,
no see.

Superman looks up and sees...

Something huge and quick, dropping from the shadows beyond the shaft of sunlight. It strikes Superman, then, in a flash, moves back into the darkness. Superman's a bit dazed.

LEX

What the hell are you waiting
for! Get up there and kill that
thing!

LOIS

He just came back from the dead,
you jerk! He's still weak!

(CONTINUED)

SUPERMAN

No...no, I'm alright
(looks upward,
squinting)

I just wish I could see what I'm
fighting.

And then, as if on cue, the mother of all monsters, the THANAGARIAN SNARE BEAST, slowly moves into the light. It resembles something of a cross between a squid and a spider, but very bio-mechanical and sleek. And now - inhabited by Brainiac's consciousness- it's extra lethal as well. Brainiac's voice is heard, emanating from the creature's maw with a hiss.

BRAINIAC

Sssssssssuuuuuuppppeeeerrr...mmma
aaaannnn!!!

SUPERMAN

Ohsh....

And the Beast drops on Superman, its legs tearing at the Man of Steel. Superman struggles free, bolting toward the shaft of light to strengthen his powers, but the creature grabs hold of him, pulling the Man of Steel back into the darkness.

The Beast brings Superman to its jaws while letting loose with an ungodly screech. Superman throws his feet against the creature's jaws, holding them open with what little strength he has.

Suddenly, the creature's underbelly opens, setting loose hundreds of smaller, metallic versions of itself. Superman breaks free of the Beast and begins fighting the creatures off, smashing them together, crushing them in his grip. We hear Lois' shriek. Superman reacts.

The micro-beasts are crawling all over Lois and Lex. Superman uses his heat vision to blast the creatures off the pair. They explode, one by one. The use of his powers leaves Superman a little dazed.

Which is fine with the Beast, giving it time to strike anew, pulling Superman out of the light. The pair violently tussle in the darkness, the Beast's head and legs rising and striking, Superman blocking and attacking. A leg falls from the darkness and catches Superman by the throat, pinning him against the web. The Beast's jaws come in close to Superman's face, preparing to gorge.

We see the strain on Superman's face, the veins in his neck and head throbbing.

And then we see why - Superman uses all of his strength to stretch his fist into the just-out-of-reach shaft of light. He makes it, charging himself.

The jaws of the creature almost on his head, Superman comes across with a right hook that knocks the creature into the air. Superman crawls into the sunlight, takes in as much as he can, and leaps up at the Beast, grabbing hold of the wildly flailing creature. He flies it up and...

INT. CITADEL MENAGERIE

...out into the full beam of the sunlight.

SUPERMAN

You wanna hide in a bug... I'll
crush you like one!

Superman begins mangling the beast.

Hooked into his helm, Brainiac convulses, feeling the pain of the beating.

Superman grabs the head of the creature and pulls it off, ferociously.

The machine he's hooked up to explodes from the feedback, and Brainiac flees back into his own body, throwing the helm off. He weakly tries to crawl away from the wreckage. Breathing heavily, Superman grabs ahold of him, lifting Brainiac above his head.

SUPERMAN

You destroyed my homeworld! You
killed me! And you forced my
friend to give his life!

BRAINIAC

You... do not... take...
lives... Th...that... is the...
code... you... live by...
Like... the Eradicator... I
live...

SUPERMAN

No - he was one of the most
human beings I've ever known.
You - you're just a machine.

Superman clutches Brainiac's throat, but Brainiac chortles.

BRAINIAC

All... for... naught... As...
Krypton died... screaming... so
too... will... your adopted...
world... I... beat... the
father... and now... I beat...
the son...

Superman processes this, then looks to the monitor on the exploding machine. The Graphic details the unstable core of the Earth.

SUPERMAN

This looks like a job... for
Brainiac.

Superman shoves Brainiac under his arm and bursts through the floor of the Citadel.

INT. EARTH'S CRUST

Superman burrows deep into the Earth, as Doomsday burrowed out.

INT. EARTH'S CORE

Superman explodes into the Earth's tumultuous core, hurling Brainiac into the maelstrom.

BRAINIAC

NOOOOOOO!!!

Brainiac hits the magma and disintegrates.

Superman rushes to the cracking wall of the core and grabs hold, pulling the spreading sides together with all his might. He strains until finally, the sides meet again. He uses heat vision to seal the crack, and super-breath to cool it. Done, he flies off, packing gravel into the tunnel behind him.

INT. PIT

Superman emerges from the floor and flies to Lois' side.

SUPERMAN

Do I look tired? Because I feel
tired.

LOIS

You look a little worn, yes.

LEX

Hey! Tracey! Hepburn! Can we cut the witty banter and concentrated on getting us out of this mess?

SUPERMAN

Luthor - with the world of charges you've got waiting for you out there, I'd think about hiding out down here in the muck for as long as I could.

LEX

So I backed the wrong horse - big deal! No one can prove I was ever in on it with him! I was duped like everyone else! And for all the world knows, that's the truth!

Superman pulls Lois from the web, and scoops her up into his arms.

SUPERMAN

Well maybe I can help shed some light on the subject.

Superman pulls Lex out of the webbing and streaks up one of the shafts of light, Lois and Lex under each arm.

EXT. DAILY PLANET BUILDING - NIGHT

Superman hangs Lex on the flag-pole, leaving him there.

LEX

Hey! Where are you going?! Get me down.

EXT DAILY PLANET BUILDING ROOF- NIGHT

Superman sets Lois down on the roof of the building.

SUPERMAN

Give me a sec, okay?

Lois nods. Superman leaps into the air, and is gone, leaving a sonic boom in his wake.

EXT. SPACE

Superman reaches the partially functioning, sparking ShadowCaster. Superman punches a fist through the hull, and pulls out a sizzling hunk of metal.

He begins pushing the ShadowCaster, getting up some speed, until he lets it go. It whips through space, until it hits the surface of the sun and explodes.

The device destroyed, sunlight pours through space and...

EXT. EARTH'S CORE

...over the planet.

EXT. METROPOLIS - DAY

Sunlight is everywhere, filling the streets.

EXT. DAILY PLANET BUILDING - DAY

Lex squirms on the flag-pole. Superman swoops in, picks him up and heads off.

EXT. DAILY PLANET BUILDING - DAY

On the ground, Superman lowers Lex into the midst of the POLICE.

LEX

I want this vigilante arrested,
now!

POLICE 1

On what charge?

LEX

Endangering a public figure,
harassment, whatever!

SUPERMAN

I have a charge of my own,
officers - against Mister
Luthor. A charge of espionage
against the world government.
Luthor conspired with Brainiac
to block out the sun.

LEX

Unsubstantiated, gentlemen. Like
you fine people, I was duped by
that lying alien!

126.

LEX (cont'd)
While I do have suspicions that
Superman was working in
conjunction with Brainiac
himself, I can assure you that
there is zero proof that I was
ever anything but an unwilling
participant in...

Superman tosses Lex the hot piece of metal he pulled
from the ShadowCaster. Lex drops it, blowing on his
hands. All look down.

The metal has the markings 'LEXTECH 37'.

Lex looks up. Superman smiles.

SUPERMAN
Caught, Lex.
(flying off)
Red-handed.

The Police stare-down Lex, angrily. Lex recoils,
sheepishly.

EXT. KRYPTON-DAY

Jimmy looks up and sees...

EXT. METROPOLIS - DAY

Superman, winging his way toward the Daily Planet.

EXT METROPOLIS- DAY

Jimmy nods, smiling.

JIMMY
I wonder if Mister Kent will be
back to work Monday?

EXT. DAILY PLANET BUILDING - DAY

Clark Kent walks out onto the roof, where Lois has
her arms outstretched, soaking up the sun. He offers
her a tube of sunscreen.

CLARK
You might want to apply some
sunblock. You look like SPF 14.

LOIS
Pithy...to the last.

Lois spins into his arms, embracing him tightly.
Clark hugs her right back.

LOIS

Thought you were really gone,
Clark.

CLARK

So did I.

(beat)

But it made me understand what
you were talking about. In
regards to our relationship. I
realize what you meant, and
you're right. I'm sorry I pushed
you on it...

LOIS

(stands back and
drops her jaw)

You're going to listen to me? To
something I said? After you've
died, and Brainiac, and
that...thing...almost ate us?

CLARK

You made some valid points...

LOIS

(puts her finger to
his lips)

Clark, a word of advice - a
woman's allowed to change her
mind at any given
moment...especially after a bad
week.

(smiles)

Now kiss me, dead-man - before I
change my mind again.

Clark attempts to say something. Lois raises her hand
as if to strike.

LOIS

What'd I say, Smallville?

He shrugs, and they kiss, deeply...passionately.

And everything goes back to normal in Metropolis...

Until next time.
