"CALAMITY KIMBERLY"

LOG LINE: Kimberly thinks she's having the worst day of her life until the Samurai Fanman captures her.

DESCRIPTION: Kimberly practically destroys her bedroom through a series of accidents, just trying to get up and go to school. Later, at Billy's garage she complains about the day she's having and ends up breaking Rocky's communicator. Kimberly wishes that her troubles would disappear and POOF! Not only her troubles, but all of Kimberly disappears when the Samurai Fanman captures her in a jar. The Power Rangers morph from the garage, sans Rocky (because of his broken communicator). The Power Rangers fight the Fanman and Fly Guy at the park and lose. The Samurai Fanman nearly captures them all after blowing them away with his fan. As the Power Rangers are flying through the air, Alpha re-routes them to the Command Center. Zordon tells them to fight the Fanman and that Alpha will get Rocky to join them as soon as possible. The Power Rangers battle the Samurai Fanman and Fly Guy with their Zords, until Rocky shows up. The battle is finally won with the addition of MegaDragonzord, Mega Zord and Ultra Zord. In the end, Kimberly thinks her day is over until a pan of motor oil falls on her head.
