Prologue

FADE IN:

3701 INT. CLASSROOM DAY 3701

BILLY, ZACK, KIMBERLY, TRINI, and JASON sit quietly talking waiting for science class to begin. A VCR and MONITOR are on a portable stand at the front of the classroom. The BELL RINGS, and the teacher, MS. APPLEBY, goes to the front of the room. BULK and SKULL wander in late. Skull is holding a VIDEO CAMERA and video taping Bulk as he walks to his seat.

SKULL
Video Project, "Bulk, the World's Greatest Guy," take thirty two.

Bulk smiles, playing towards the camera.

BULK (CONT'D)
I have always enjoyed this notable class.

MS. APPLEBY
* Take your seats now, please.

As they move to their seats, Skull keeps filming. Bulk turns and plays to the camera.

BULK
* That was Ms. Appleby, who can't wait for me to sit down. She really is a lovely teacher.

Bulk, still staring into Skull's camera, isn't paying attention to what he's doing. He tries to sit in his desk, but ends up falling to the ground next to it with a flop. The desk falls over on top of him. Skull helps Bulk into his chair, and then sits behind him. He whispers to Bulk.

SKULL
* Don't worry, I'll just cut that part.

Bulk gives him an angry grunt as Skull starts filming the back of his head.

MS. APPLEBY (CONT'D)
It's time for our first video project today. Trini?

Trini goes to the front of the classroom and puts in her video.

TRINI
My video project is called "Pollution Problems in Angel Grove."

PUSH IN ON THE TV as her video starts.

3702 EXT. MONTAGE POLLUTION SCENES -- TRINI'S VIDEO 3702
(TIME CODE: 1:00:00)

A TITLE APPEARS -- "POLLUTION PROBLEMS IN ANGEL GROVE"

TRINI (VO)
Pollution -- It's a even a problem here in beautiful Angel Grove. Despite all the attention focused on the environment in the past few years, we still have a problem with trash, dirty air, and polluted water.

The video continues to include various shots of animals and timid woodland creatures.

TRINI (VO -- CONT'D)
We must not destroy nature's delicate balance for the sake of the animals and our world. Because if the animals disappear, ultimately, so will we. The time to act, is now.

Trini's video ends, and she goes back to the front of the classroom.

MS. APPLEBY
Very nice job, Trini. Pollution's a serious concern for our society.

BILLY
* I agree. I'm terribly concerned about the ecological ramifications of ozone depletion, acid rain, deforestation and the loss of our top soils.

Kimberly looks over at Billy.

KIMBERLY
* Yeah, right.
(To Trini)
What can we do to help beautify the town?

TRINI
I want to start a Clean Up Club. One day a week, we can do some recycling, clean up nature trails, or even count endangered animals.

JASON
Count me in!

ZACK
Sounds cool!

CUT TO:

3703 RITA'S PALACE (TIME CODE: 1:00:59) 3703

Rita has been watching the teens through her telescope.

RITA
I'll stop their silly clean up!

MONTAGE OF MONSTER FOOTAGE -- the POLLUTICORN.

RITA (VO -- CONT'D)
Finnster has created a powerful Polluticorn. It will make their environment so bad, they'll never be able to clean it up!

Rita looks down on earth.

RITA (CONT'D)
We'll ruin their whole stupid planet!

GOLDAR
Yeah!

RITA
Send the Polluticorn to earth!

GOLDAR AND SCORPINA
Right!

CUT TO:

3704 EXT. SKY ABOVE THE FIELD (TIME CODE: 1:01:28) 3704

The Polluticorn flies into view, flapping it's powerful wings.

End of Prologue

Act One

3705 INT. YOUTH CENTER DAY 3705

Jason is in the workout area with Zack standing nearby. They're both wearing green "CLEAN UP CLUB" t-shirts. Jason's in a Karate stance. He concentrates -- he's about to break something, or punch something, but we can't see what. Suddenly he leaps forward.

JASON
Hiii-yaaah!

ANGLE WIDENS to show Jason flattening an aluminum can on a table in front of him with his fist. He dumps it into a bag, and puts a new can in its place.

ZACK
Very nice. But watch this.

Zack balances on a can on one foot (like the scene in Karate Kid where the hero balances on the pole.) He does some moves with his hands, then reaches down, pokes the sides of the can with his fingers, and the can collapses under his weight.

ZACK
Yeah!

JASON
Not as practical, but big time points for style.

Trini walks up to the two of them wearing a Clean Up Club t-shirt.

TRINI
How's it going?

ZACK
Two more and we're done.

Jason prepares to karate smash another can as Trini walks over to Billy and Kimberly who are helping ERNIE set up new trash can-like recycling containers next to the juice bar. They're putting the finishing touches on the containers: Billy is finishing painting the "GLASS," sign on one of the containers while Trini fits it with its push open lid. (The other two containers are already done and marked "PLASTIC," and "PAPER.")

TRINI
Nice job Billy.

BILLY
* I'm using a special mixture of totally organic paint pigmented with various natural substances.

Trini smiles. Kimberly is directing Ernie on where to exactly place the containers to be aesthetically pleasing.

KIMBERLY
No, more to the left.

Ernie moves one of the containers to the left.

KIMBERLY
Hmmm, no. A little to the right.

Ernie complies.

KIMBERLY
Perfect.

TRINI
Looks great.

Jason and Zack join the other kids near Ernie.

ERNIE
Thanks for helping me with this recycling stuff.

TRINI
That's what the Clean Up Club is for. Now we've got to go pick up trash in that field near the park Ready?

JASON
Let's go!

They head out of the Youth Center. A Beat later, Bulk and Skull enter. Bulk is in his version of work-out gear, and Skull is still filming him. Bulk looks into the camera.

*SKULL
* "Bulk, the World's Gteatest Guy," scene forty two -- workin' out.

BULK
This is where I train. pumping up is important to me.

Bulk starts walking to the workout area. Skull turns off the camera.

SKULL
Bulk, you promised I could be in this scene with you.

BULK
Who's gonna work the camera, stupid?

Skull looks around and spots Ernie. Bulk and Skull wander over to him.

BULK
Eh, Ernie, wanna film us working out?

ERNIE
You guys? Working out?

Bulk hands Ernie the camera.

BULK
Just work the camera, okay?

Bulk and Skull wander off to work out. Ernie turns to CAMERA and waggles his eyebrows.

ERNIE
* This'll be fun!

Ernie smiles. He turns on the camera and follows them OS.

WIPE TO:

3706 EXT. FIELD DAY 3706

The Power Rangers are at the field where they will be picking up garbage. It's littered with debris.

*JASON
* Whoa, this is terrible.

*KIMBERLY
* What slobs could just dump all this junk here?

*Billy plucks a blade of grass and puts it into a test tube. The solution in the test tube turns A BRIGHT COLOR. Billy frowns.

*BILLY
* Totally polluted. This kind of wanton disregard is so destructive to this fragile ecosystem.

Zack takes a wiff, and turns his nose up at the smell.

*ZACK
* Yeah, and it stinks!

TRINI
* Okay Clean Up Club, time to get busy.

*3706A MONTAGE -- THE CLEAN UP 3706A

*To the beat of some driving rock music, the kids begin to clean up the field using some very ingenious methods. They make cleaning up a field look like a lot of fun.

*THE POWER RANGERS -- they've formed a "bucket brigade" to help pick up the garbage. PAN THE LINE as Billy picks up a piece of trash, and hands it off to Kimberly. She Turns and gives it to Zack, who hands it to Jason. He turns to Trini, who is holding open a garbage bag, and stuffs the trash inside. Trini ties the bag shut, and tosses it OS

*ON THE TRASH PILE -- The bag lands on a pile with two other trash bags.

*ANGLE ON TIMID WOODLAND CREATURES -- they watch in amazement. (Puppets? Animal Footage?)

*ANGLE ON ZACK -- He begins to do a HIP HOP KIDO/ dance routine that helps him pick up trash. He spins around, dances, and collects all the trash that's laying around near him. He smiles, and stuffs it in a bag being held by Billy. PAN to the other kids -- they're all dancing to the beat and collecting trash.

*ON THE TRASH PILE -- a TIME EXPOSURE shows it growing by leaps and bounds.

*TIMID WOODLAND CREATURES -- They dance, too.

*BACK ON THE KIDS -- Billy, holding a trash bag, points out some trash. Kimberly cartwheels over to it, picks it up, and cartwheels back. She stuffs it into Billy's bag. Zack tries to put a big piece of trash into Trini's bag -- it's too big. He holds it up, and Jason kicks it in half. Zack dumps it into the bag and they all smile.

*THE TRASH PILE -- It keeps growin'.

*VARIOUS ANGLES -- Jason, Billy, Kimberly, and Zack leap through FRAME, shooting wads of trash like basketballs. Trini stands with a trashbag like a basketball hoop, collecting each shot.

*THE WOODLAND CREATURES -- They're still watching.

*ON THE POWER TEENS -- PAN the garbage-less field til we pick up the kids -- they've formed a conga line around the six-foot high pile of garbage. As they come around, Trini tosses the last Garbage bag onto the pile.

*ON BILLY -- The Power teens are all gathered around Billy. He picks up a blade of grass, and drops it into a test tube with some solution in it. He swishes it around. There is NO color change. He smiles, and gives a thumbs up. The other teens are happy.

3706B MONTAGE - ON BAGS

ON THE PILE OF BAGS -- The power ranger admire their huge pile of garbage as the MUSIC FADES. They congratulate each other.

JASON
Our club has really cleaned up.

*KIMBERLY
* Looks 'good!

*BILLY
* A very successful venture!

*ZACK
* And fun, too!

TRINI
* Now let's do that section over there, and then we can head down to the recycling center.

The Power Rangers teens move a short distance away to clean up another area. As they wander off to do more cleaning, Bulk and Skull sneak up to their pile of garbage. They're still working on their video for class. Skull is eating a banana he finishes it, and throws the peel on the ground near the garbage pile. Bulk watches the Power Teens go OS.

BULK
This'll make me look good -- thanks for all your help, goody goodies.

Bulk and Skull laugh and Skull pulls out his camera.

SKULL
"Bulk, the World's Greatest Guy," scene fifty three.

Bulk stands in front of the trash pile and poses.

BULK
* I picked up all this trash myself!

SKULL
* Beautiful, babe. Now move more to the right.

Bulk obliges him, and starts moving to his right.

BULK
I'm a dedicated community servant...

He slips on the banana peel and falls headlong into the huge pile of garbage bags.

BULK
Get me out of here!

Skull sets the camera down, BUT IT KEEPS FILMING. He goes to help Bulk out of the pile, but falls in himself. They both struggle to get out of the pile of garbage bags. Nearby, the Power Teens are already cleaning up another area of the field.

3722 INT. CLASSROOOM 3722

Bulk sits in the front of the classroom, wondering where Skull is. Jason, Trini, Zack, Billy, and Kimberly are also in the room as are assorted OTHER STUDENTS. Ms. Appleby walks to the front of the room just as the BELL RINGS.

MS. APPLEBY
Today we'll be seeing Bulk and Skull's video, won't we?

She looks down at Bulk. He hedges.

BULK
Ah, well...

Skull rushes into the room and hands a videotape to Ms. Appleby. Bulk smiles.

SKULL
Just finished editing it.

Ms. Appleby puts the video in the machine. Skull sits next to Bulk.

MS. APPLEBY
This should be very interesting.

BULK
I'm sure it's an award winning project.
(He turns to Skull)
How's it look?

The entire class is in hysterics. Even Ms. Appleby is trying desperately to suppress a chuckle. Bulk turns angrily to Skull. Skull shrugs and tries to say something, but he's too scared.

BULK
I'm gonna pound you, cameraman!

While the rest of the class laughs, Bulk chases Skull out of the room.

SKULL
I can fix it, I can fix it!

*CU on Power Rangers laughing.
