bugs!

ROCKY

We've gotta do something!

BILLY

We have to morph! Maybe that will at
least give us some small amount of
power.

The three tiny Rangers go into their morphing sequence. They
stand in the grass in their tiny ranger uniforms.

GOLDAR

(o.c.)

Ready or not, here I come!

Goldar begins to lower his foot.

RED RANGER

All together now!

manage to trip him. They do a series of gymnastic maneuvers
and flip out of frame.

TOMMY

(softly)

We read you, what's up?

ALPHA

(o.c)

Rangers, you must teleport to the
Command Center at once. Something's
happened to Billy and the others. Hurry!

BULK
Have you ever seen so many dishes in your life?

SKULL
I've got dish pan hands! I think I even have dish pan elbows!!

Ernie comes up to them with a bin of dirty dishes and plops them in their arms.

ERNIE
Back to work guys, there's plenty more where that came from.

Bulk and Skull stare disgustedly at Ernie as he walks away.

BULK
(mimicking Ernie)
There's plenty more where that came from....I'm sick of these dishes! We were so close to being rich!

SKULL
Yeah, now the only thing we're close to is...more dishes.

Skull begins to carry the dishes back to the kitchen. Bulk stops him.

6.

BULK

Wait a minute! I bet the Power Rangers
have taken care of those creeps in the
park by now!

SKULL

So?

BULK

So...I bet the device is still where you
dropped it!!

SKULL

I dropped it?!!...You dropped it! You
wouldn't even let me carry it! Remember?

Bulk grabs the bin of dishes and sets them down. He begins
to untie his apron.

BULK

Details! Minor details! Come on Skull!
We're gonna go get that device and we're
gonna be rich once and for all!

Bulk yanks Skull out of frame. A beat later Skull's apron
flies into frame and lands on the discarded bin of dishes.

11507. INT. COMMAND CENTER - SAME

11507

Alpha stands before Kimberly, Tommy and Adam holding a large
metal tubed mechanism. He runs it over their bodies creating
a shower of sparks.

ALPHA

This should protect you from the
shrinking rays of Billy's device.

ZORDON

Alpha and I will try to track a progress
report of the others. I must warn you,
it may be difficult to find them.

KIMBERLY

We'll just have to watch where we step.

GOLDAR
Fool! What did you do to it?!

FINSTER
Nothing! I...It must have
malfunctioned...

The three Rangers begin to advance on Finster.

PINK RANGER
You'd better hand that over now!

FINSTER
